ANIMAL MOVEMENT RECORD

Purpose: To ensure that swine maintain trichinae certified status during the growing phase until delivered to the packing plant, animal movement records are required. These records if organized and maintained properly will confirm all market swine, greater than or equal to 5 weeks of age, entering onto the premises originated from other trichinae certified production sites.

Objectives: In order to be considered for approval as a trichinae certified production site, a trichinae auditor shall review, audit, and observe records confirming the continued documentation of arrivals and departures of swine to and from this trichinae certified production site.

An example animal movement record:

Date: _____ and Beginning Inventory: _____

Date	# Arriving	Source Name	State	Source Tin #	# Departing	Destination	# Deads	Initials
