Patients Needed to Test a Survey Questionnaire - $50 Paid!!

RTI International, a not-for-profit research organization, is seeking patients of this health center to help test a survey questionnaire being developed by the Bureau of Primary Health Care as part of the Health Center Patient Survey.

We are looking for:

- Adolescents 13-17 years of age
- Parents of children 12 years of age and younger
- Males and females 18 years of age and over

- We are very interested in speaking with patients that primarily speak Spanish, Korean, Vietnamese, and Chinese (Mandarin and Cantonese) – Interviews will be conducted these languages.

Participants will receive **$50 cash** for a 75 minute in-person interview. Interviews can be conducted at the participant's desired location (e.g., at this health center, home, or other locations such as a library or community center). All information provided will be kept private and not shared with the health center.
