OPM Verification Site

The Federal Government has set up this site to assist individuals who are impacted, or believe they may have been impacted, by the theft of background investigation information from the Office of Personnel Management. Individuals who believe they may have been impacted and have not received a letter, or those who have lost their PIN code and would like a duplicate copy of their letter can submit their information using this site. Upon submission, the Government will investigate the situation and provide a response via a letter in approximately 2-4 weeks through the U.S. Postal Service. More information is available at https://www.opm.gov/cybersecurity.
