Visualizations

Each visualization is presented as a bar graph, with a data table below. Missing data are not shown in the graphs. The graphs are interactive, allowin you to focus on the variables of interest.

Hovering over a variable in the bar graph will present data labels and counts for that year.

	2010	2011	2012	2013	2014	2015	2016	2017
Males	11,037	11,282	13,403	15,671	16,160	16,712	18,220	19,212
Females	1,039	1,062	1,246	1,126	1,161	1,572	1,414	1,491
Unknown	0	0	0	0	0	0	0	0

Hovering over the legend will highlight the variable of interest (as shown in the example for "Males")

Analysis tools

Bureau of Justice Statistics (BJS) – Corrections Statistical Analysis Tool (CSAT) – Parole

https://www.bjs.gov/parole/

This dynamic analysis tool allows you to examine data collected by the Annual Parole Survey on persons sentenced as adults. It includes parolees who were conditionally released to supervision by parole board decision, by mandatory conditional release, through other types of post-custody conditional supervision, or as the result of a sentence to a term of supervis release.

Bureau of Justice Statistics (BJS) – Corrections Statistical Analysis Tool (CSAT) – Probation

https://www.bjs.gov/probation/

This dynamic analysis tool allows you to examine data collected by the Annual Probation Survey on adult probationers. It includes all adults, regardless of conviction status, who have placed under the supervision of a probation agency as part of a court order. (Adults are persons subject to the jurisdiction of an adult court or correctional agency.)

Reports and publications

Report: Probation and Parole in the United States, 2016

https://www.bjs.gov/index.cfm?ty=pbdetail&iid=6226
