IPPCR Final Course Evaluation - V2

OMB # 0925-0006
Expiration Date: 05/2020

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925 xxxx). Do not return the completed form to this address.

Please rate each statement below:

1. As a result of my participation in this course, I am familiar with the basic epidemiological methods involved in clinical research.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

2. As a result of my participation in this course, I am familiar with basic statistical methods involved in clinical research.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

3. As a result of my participation in this course, I am able to discuss the principles involved in the ethics of clinical research, the legal issues involved in clinical research, and the regulations involved in human subjects research, including the role of IRBs in clinical research.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

4. As a result of my participation in this course, I am familiar with the principles and issues in monitoring patient-oriented research.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

5. As a result of my participation in this course, I am familiar with the principles and issues involving data management.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

6. As a result of my participation in this course, I am able to discuss the infrastructure required in performing clinical research and understand the steps involved in developing and funding research studies.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

7. The organization of the lecture was useful to me.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

8. The material covered in the lecture was useful to me.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

9. The overall quality of the instruction process was an asset to the program.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

10. Participation in this activity enhanced my professional effectiveness.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

11. The discussion(s) was useful to me.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

12. The audiovisual aids were useful to me.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

13. The course website was useful to me.

- None or not at all
- Very little
- Moderately
- Considerably
- Completely

14. The technical level of the course was:

- Appropriate
- Too high
- Too low

15. The pace of the course was:

- Appropriate
- Too fast
- Too slow

16. The length of the course was:

- Appropriate
- Too short
- Too long

17. Did you perceive any commercial bias?

- No
- Yes

Enter an explanation here...

If yes, please explain using the following criteria: judge the content was: balanced, evidence-based, demonstrated scientific rigor, and was without commercial bias; was informed about the existence and evaluation of conflicts of interest and relationships; conflicts of interest of speakers and panelists; prior to the presentation, speakers who discussed off-label, investigational, or alternative uses of products, disclosed so in language understandable to their participants; educational materials were free of advertising, brand names, or product group messages.

Comments and Feedback:

18. What were the major strengths of the course?

19. What were the weaknesses?

20. Are there new topics you would like to have covered in this course?

21. What was your overall impression of the faculty in terms of teaching ability, depth of topic coverage and general knowledge of the subjects each was covered? (Be specific.)

22. Do you have additional comments to enhance the utility or impact of the course?
