Thanks for the additional information. I would agree that a Privacy Impact Assessment is not necessary for this data collection. I have attached a signed privacy narrative form indicating a PIA is not required (in case you want to use it).

Thanks, Cindy

Subject: RE: PIA process question/inquiry

Hi again Cindy, I sent the program your questions and there reponses are listed below. I also copied the POC for this project just in case you need any further clarification that I can't answer. Please let us know what you feel our next step should be.

1. Is financial support for the data collection coming from CDC through a contract or NOFO? Yes

2. Who is actually conducting the chart reviews and providing the information? (ie, clinic staff, contractor, etc) If I understood the SSA correctly, the information from the chart review is delivered to the AAP ECHO consultant via email. Clinic staff

3. In what type of file is the information? (ie, Word, Excel, SAS, etc) WORD

4. How are the satisfaction and program survey's conducted? (ie, online survey, paper survey, etc) online via email.

Thanks again for your assistance as I learn to navigate this process.

Adrienne

Subject: RE: PIA process question/inquiry

Hi Adrienne,

Thanks for your vm and for resending the materials. I do agree that the Privacy Act does not apply but a PIA may be needed. I have a few questions to clarify the data collection.

Is financial support for the data collection coming from CDC through a contract or NOFO?
Who is actually conducting the chart reviews and providing the information? (ie, clinic staff, contractor, etc) If I understood the SSA correctly, the information from the chart review is delivered to the AAP ECHO consultant via email. In what type of file is the information? (ie, Word, Excel, SAS, etc) How are the satisfaction and program survey's conducted? (ie, online survey, paper survey, etc)

Thanks, Cindy
