Survey 2

This
survey is intended to be administered online. This version of the
survey is for participants who are 18 years or older and have the
ability to report on their own health history and needs. It
is expected to take no longer than 30 minutes to complete.

Thank
you in advance for completing this survey. Results will help us learn
how to best meet the healthcare needs of young adults with and
without autism and other developmental disabilities. Please remember
that your answers are voluntary. They will be kept private to the
extent allowed by law. You do not need to answer any question that
makes you feel uncomfortable. The survey should take no more than 30
minutes to complete.
