GENERAL INSTRUCTIONS FOR FORM N-8B-2

READ INSTRUCTIONS CAREFULLY BEFORE PREPARING THE REGISTRATION STATEMENT. THE REGISTRATION STATEMENT WILL NOT BE DEEMED ACCEPTABLE UNLESS IT IS PREPARED, EXECUTED AND FILED SUBSTANTIALLY IN ACCORDANCE WITH THESE INSTRUCTIONS:

1. Rule as to Use of Form

This form shall be used as the form for registration statements to be filed, pursuant to Section 8(b) of the Investment Company Act of 1940, by unit investment trusts other than separate accounts that are currently issuing securities, including unit investment trusts that are issuers of periodic payment plan certificates and unit investment trusts of which a management investment company is the sponsor or depositor.

2. Preparation and Filing of Registration Statement

- (a) Every item is to be answered as of the date of execution of the registration statement unless the context clearly indicates the contrary. All answers are to be printed, mimeographed or typewritten in black ink, and prepared on good quality white paper, 8½" x 13" in size, leaving a back or stitching margin of at least 1½". Tables, financial statements and schedules, however, may be on larger paper if folded to such size. Documents submitted as exhibits may differ from such size. All copies of the registration statement shall be unbound except by clips or removable staples.
- (b) The answer to each item shall contain the full text of such item (but not necessarily any notes or instructions accompanying the item) and the full heading of each table. However, the tabular form may be dispensed with, provided all of the information called for by the table is furnished. Every item and subdivision thereof is to be answered fully and accurately and if the answer is in the negative or if the item or subdivision is not applicable, it is to be answered in appropriate negative form, such as "none" or "not applicable." If an item or subdivision which calls for the preparation of information in tabular form is not applicable, it is not necessary to retype the table called for under that particular item. *However, the answer must indicate that such item or subdivision thereof is "not applicable."*
- (c) *Provisions of Indentures or Agreements:* Reference to indenture provisions should be succinct and condensed and should not quote such provisions verbatim unless necessary to do so. The answer may be qualified, however, by reference to particular provisions of any indenture set forth as an exhibit.
- (d) *Incorporation by Reference:* The answer to any of the Items 1 to 54 in the registration statement may be incorporated by reference as answer, or partial answer, to any of such items, provided that the item referred to is specifically designated. However, none of the financial statements, nor any of the exhibits, required by the registration statement may be incorporated by reference as all or part of the answer to any of such items.
- (e) Names shall be given in full. *Initials will not suffice.*
- (f) *Information Unknown or Not Available:* Information required need be given only insofar as known or reasonably available to the depositor or the trustee or custodian. If any required information is unknown and not reasonably available either because the obtaining thereof would involve unreasonable effort or expense, or because it rests peculiarly within the knowledge of another person neither controlling, controlled by, nor under common control with the trust, depositor or trustee or custodian, such information may be omitted subject to the following conditions:
 - (1) Such information as is known or can be acquired without unreasonable effort or expense shall be given together with the sources thereof. A disclaimer of responsibility for the accuracy or completeness of all or part of such information may be included.
 - (2) As to all information omitted, a statement shall be included either showing that unreasonable effort or expense would be involved or indicating the absence of either any relationship with, or any control over, the person within whose knowledge the information rests and stating the result of a request made to such person for such information.
- (g) It is recommended that to the extent the preparation of the registration statement requires data pertaining to persons other than the person filing the statement on behalf of the trust, such data should be obtained under the signature of the person to whom it pertains. These signed statements should be kept by the depositor or trustee or custodian for future reference, and the information therein contained should constitute the basis for preparing the answers to such items of the registration statement.
- (h) *Signature:* The original copy of the registration statement shall be filed on behalf of the trust by an officer, director or partner of its depositor or trustee or custodian.

- (i) *Filing*: Filing of the registration statement and all inquiries and communications with respect thereto shall be addressed to the Securities and Exchange Commission, Washington, D.C. One original and three copies of each registration statement shall be filed. The three copies of the registration statement may have facsimile or typewritten signatures of the persons who signed the original copy of the registration statement.
- (j) *Time for Filing*
 - (1) Subject to the provisions of paragraph (2) below, any unit investment trust required to use this form shall file a registration statement with the Commission within three months after the filing of a notification of registration pursuant to Section 8(a) of the Act, provided that if the fiscal year of any such trust ends within such three months period, its registration statement may be filed at any time within three months after the end of such fiscal year.

Instructions:

1. Schedules (or similar attachments) to the exhibits are not required to be filed provided that they do not contain information material to an investment or voting decision and that information is not otherwise disclosed in the exhibit or the disclosure document. Each exhibit filed must contain a list briefly identifying the contents of all omitted schedules. Registrants need not prepare a separate list of omitted information if such information is already included within the exhibit in a manner that conveys the subject matter of the omitted schedules and attachments. In addition, the registrant must provide a copy of any omitted schedule to the Commission or its staff upon request.
2. The registrant may redact information from exhibits required to be filed if disclosure of such information would constitute a clearly unwarranted invasion of personal privacy (*e.g.*, disclosure of bank account numbers, social security numbers, home addresses and similar information).
3. The registrant may redact specific provisions or terms of exhibits required to be filed by A(9) if the registrant customarily and actually treats that information as private. If it does so, the registrant should mark the exhibit index to indicate that portions of the exhibit have been omitted and include a prominent statement on the first page of the

redacted exhibit that certain identified information has been excluded from the exhibit because it is both not material and the type that the registrant treats as private or confidential. The registrant also must include brackets indicating where the information is omitted from the filed version of the exhibit. If requested by the Commission or its staff, the registrant must promptly provide on a supplemental basis an unredacted copy of the exhibit and its materiality and privacy or confidentiality analyses. Upon evaluation of the registrant's supplemental materials, the Commission or its staff may require the registrant to amend its filing to include in the exhibit any previously redacted information that is not adequately supported by the registrant's analyses. The registrant may request confidential treatment of the supplemental material submitted under this Instruction 3 pursuant to rule 83 of the Commission's Organizational Rules [17 CFR 200.83] while it is in the possession of the Commission or its staff. After completing its review of the supplemental information, the Commission or its staff will return or destroy it, if the registrant complies with the procedures outlined in rule 418 under the Securities Act [17 CFR 230.418].

4. Each exhibit identified in the exhibit index (other than an exhibit filed in eXtensible Business Reporting Language) must include an active link to an exhibit that is filed with the registration statement or, if the exhibit is incorporated by reference, an active hyperlink to the exhibit separately filed on EDGAR. If the registration statement is amended, each amendment must include active hyperlinks to the exhibits required with the amendment.
