TEXT FOR LETTER AND EMAIL

Email Subject Line: Your Voice Matters – take part in a new SEED survey

Dear <*Name*>,

Thank you for your previous contributions to the Study to Explore Early Development (SEED), including SEED Teen and/or the SEED Follow-Up Study. Your participation helped us learn more about how to better support children with and without autism and their families. We'd now like you to complete a brief follow-up survey about your child's health and healthcare needs so we can learn more about different people as they grow older. The survey should take between 10 and 30 minutes to complete. You'll receive a $30 digital gift card to thank you for your time. All of your answers will be kept private. More details are provided in the information sheet attached to this email.

You can follow this link to complete the survey now: <*add link*>. You can also respond to this email or call the number listed below for more information.

We hope that you'll help us with this important project. Your voice matters and could improve healthcare for different types of people. Thank you for considering this request.

Sincerely,

<*SPROUT Site Project Coordinator*>
