Hope II Grant Program Evaluation 10-month Follow-up Survey

The U.S. Department of Justice, National Institute of Justice, with its contractor, Abt Associates, is conducting an evaluation of the HOPE II program. Specifically, it is a study of the financial and technical assistance (TA) provided by intermediary organizations and the effects of those services in improving the organizational capacity of the faith- and community-based organizations (FBCOs) they assist. The study is an important component in assessing whether the HOPE II program is meeting its objective of improving the organizational capacity of FBCOs to serve victims of crime.

As you may recall, your organization became a part of this study approximately 14 months ago when you or someone representing your organization applied for a grant and technical assistance from the Maryland Crime Victims Resource Center (MCVRC) in January 2006 and completed an organizational profile. We are seeking your continued cooperation and support and ask that you complete this additional questionnaire to provide us with current, up-to-date information about your organization.

All information obtained about your organization will be kept strictly confidential. Information provided in this survey will only be accessed by Abt Associates project staff. Results will be reported in the aggregate. While completing this survey is voluntary, we strongly encourage your participation so that the study findings reflect the unique experience of your organization over time and so that we are confident that the findings represent organizations such as yours.

Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a valid OMB Control Number. We try to create forms and instructions that are accurate, easily understood, and impose the least possible burden on you to provide us information. The estimated average time to complete the form is 25 minutes. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the National Institute of Justice, Office of Research and Evaluation, **OMB Number XXXX-XXXX**, 810 7th Street, N.W., Washington, D.C. 20531.

Please answer the following questions about the organization that was the *primary applicant for the MCVRC subgrant*. Throughout this questionnaire, the unit that was the primary applicant will be referred to as "your organization."
