U.S. Department of Agriculture/Risk Management Agency/The Rodale Institute
Registration Form

Registration Form/Agricultural Educators

All information collected in this registration form is confidential and will be used for research purposes only. Data will be reported in the aggregate and no individual information will be disclosed.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this collection is #####. The time required to complete this information collection is estimated to average 3 minutes per response, including the time to review instructions, searching existing data resources, gather the data needed, and complete and review the information collected.

Why register with us?

Registering for FarmSelect is completely **free of charge** and allows you full access to a range of site tools and resources. As an added bonus, your registration information and any data you save on our system will be available and open to your continuing use and held in strict confidence.

User Benefits

Build your personal Farm Plan using these tools

As a registered member, you will get a full transition to organic course designed to complete a farm plan that you need for organic certification. This program will allow you to have your custom made plans on file with us and also track your progress toward plan and course completion.

Analyze your Enterprise Budget

Compare economic costs and returns under conventional and organic farming systems and track your results over time. Save multiple budgets on line with us.

Access to Support

You can get additional online support as well as post your suggestions.

Link up to www.newfarm.org forums to interact with other members with similar interests and concerns.
