§ 2912.0-7 Cross reference.

The general requirements and procedures under the Recreation and Public Purposes Act are contained in part 2740 of this title.

§ 2912.1 Nature of interest.

§ 2912.1-1 Terms and conditions of lease.

(a) The term of leases under the Recreation and Public Purposes Act, hereafter referred to as *the Act*, shall be fixed by the authorized officer but shall not exceed 20 years for nonprofit associations and nonprofit corporations, and 25 years for Federal, State, and local governmental entities. A lease may contain, at the discretion of the authorized officer, a provision giving the lessee the privilege of renewing the lease for a like period.

(b) Leases shall be issued on a form approved by the Director, Bureau of Land Management and shall contain terms and conditions required by law, and public policy, and which the authorized officer considers necessary for the proper development of the land, for the protection of Federal property, and for the protection of the public interest.

(c) Leases shall be terminable by the authorized officer upon failure of the lessee to comply with the terms of the lease, upon a finding, after notice and opportunity for hearing, that all or part of the land is being devoted to a use other than the use authorized by the lease, or upon a finding that the land has not been used by the lessee for the purpose specified in the lease for any consecutive period specified by the authorized officer. The specified period of non-use or unauthorized use shall not be less than 2 years nor more than 5 years.

(d) Reasonable annual rentals shall be established by the Secretary of the Interior and shall be payable in advance. Upon notification of the amount of the yearly rental, a lease applicant shall be required to pay at least the first year's rental before the lease shall be issued. Upon the voluntary relinquishment of a lease before the expiration of its term, any rental paid for the unexpired portion of the term shall be returned to the lessee upon a proper application for repayment to the extent that the amount paid covers a full lease year or years of the remainder of the term of the original lease. Leases for recreational or historic-monument purposes to a State, county or other State or Federal instrumentality or political subdivision shall be issued without monetary consideration.

(e) Leases are not transferable except with the consent of the authorized officer. Transferees shall have all the qualifications of applicants under the Act and shall be subject to all the terms and conditions of the regulations in this part.

(f) A lessee shall not be permitted to cut timber from the leased lands without prior permission from the authorized officer.

(g) All leases shall reserve to the United States all minerals together with the right to mine and remove the same under applicable laws and regulations to be established by the Secretary of the Interior.

§ 2912.2 Renewal of leases.

A lessee with a privilege of renewal must notify the authorized officer at least 180 days before the end of the lease period that it will exercise the privilege.

§ 2912.3 Substitution of a new lease.

A lessee may apply for a new lease at any time. Applications for new leases shall be accompanied by consent of the lessee to cancellation of the existing lease upon the issuance of the new lease and by three copies of a statement showing (a) the need for a new lease and (b) any changes in the use or management of the lands or the terms and conditions of the lease which the applicant desires.

(b) No public lands having national significance shall be conveyed pursuant to the act.

(c) No more public lands than are reasonably necessary for the proposed use shall be conveyed pursuant to the act.

(1) Comprehensive land use plans and zoning regulations for the area in which the lands are located have been adopted by the appropriate State or local authorities.

(2) The authorized officer has held at least one public meeting on the proposal.

(e) Applications shall not be approved unless and until it has been determined that disposal under the act would serve the national interest following the planning requirements of section 202 of the Federal Land Policy and Management Act (43 U.S.C. 1712).

(f) Public lands may be determined to be suitable for lease or sale under the act by the authorized officer on his own motion as a result of demonstrated public needs for public lands for recreational or public purposes during the planning process described in section 202 of the Federal Land Policy and Management Act.

Notices specifying public lands classified as suitable shall include: the use proposed; whether the lands are to be conveyed or leased; and the terms, covenants, conditions and reservations which shall be included in the conveyance or lease document. The notice shall provide at least 45 days from the date of issuance for submission of public comments.

If, after 18 months following the issuance of the notice, an application has not been filed for the purpose for which the public lands have been classified, the segregative effect of the classification shall automatically expire and the public lands classified in the notice shall return to their former status without further action by the authorized officer.

(3) The notice of realty action shall be published once in the Federal Register and once a week for 3 weeks thereafter in a newspaper of general circulation in the vicinity of the public lands covered by the notice.

The applicant shall include proof of this notification in the application filed with the authorized officer;

(2) The proposed use covered by an application shall be consistent with the land use planning provisions contained in part 1600 of this title, and in compliance with the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4371) and any other Federal and State laws and regulations applicable to the disposal of solid wastes and hazardous substances;

(4) The investigation conducted under paragraph (a)(3) of this section must establish that the involved lands contain only those quantities and types of hazardous substances consistent with household wastes, or wastes from conditionally exempt small quantity generators (40 CFR 261.5), and there is a reasonable basis to believe that the contents of the leased disposal site do not threaten human health and the environment; and

(5) The applicant shall present certification from the State agency or agencies responsible for environmental protection and enforcement that they have reviewed all records, inspection reports, studies, and other materials produced or considered in the course of the investigation and that based on these documents, such agency or agencies agree with the authorized officer that the contents of the leased disposal site in question do not threaten human health and the environment.

(b) The authorized officer shall not convey lands identified in paragraph (a) of this section if the investigation concludes that the lands contain hazardous substances at concentrations that threaten human health and the environment.
