INTRODUCTION

Dear Teacher,

The **Early Childhood Longitudinal Study, Kindergarten Class of 1998 – 1999 (ECLS-K)** is collecting information from teachers of students who have been participating in this unique study for many years. ECLS-K is an important ongoing study of students' educational experiences beginning with kindergarten and continuing through grade 10. It is unprecedented in its scope and duration and provides important information for educators and educational policymakers that is available nowhere else.

Information from teachers of participating students is a vital part of ECLS-K. This questionnaire contains two sections: Teacher Information and School Information. Obviously, only you can provide this information. Therefore, although we realize you are very busy, we urge you to complete this questionnaire as accurately as possible.

The information you provide is being collected for research purposes. All responses that relate to or describe identifiable characteristics of individuals may be used only for statistical purposes and may not be disclosed, or used, in identifiable form for any other purpose, unless otherwise compelled by law. Data will be combined to produce statistical reports. No individual data that links you, your students, or your school with your responses will be included in the statistical reports.

THANK YOU VERY MUCH FOR YOUR HELP.
