Dear Mr. Fixler:

I want to thank you for your comments in response to Docket FMCSA -2006-24624: Renewed Approval of Information Collections. Your support of the information collection is appreciated. The data collected will be used by several communities to analyze various aspects of the motor carrier industry such as its productivity and its role in the economy.

Thank you for taking the time to comment. I appreciate your support of this initiative.

Sincerely yours,
