

Instructions for FSA-229

APPLICATION FOR TRADE ADJUSTMENT ASSISTANCE (TAA) FOR INDIVIDUAL PRODUCERS

Producers use this form to apply for Trade Adjustment Assistance Program benefits. Part D may be submitted as production evidence by applicants (such as fishing-vessel crewmembers or other producers) who were at risk in the production of the commodity and who were paid in cash for their share of the crop, but have no production evidence. Part D must be signed by the employer who marketed the commodity.

This form, including Part D if used, must be received in the USDA servicing office within the 90-day application period, as announced by USDA. Within this announced period, you must provide verifiable documentation of the quantity of production of the commodity reported on this form, and of your net income for the program year. Also within this 90-day period, you must provide documentation that you meet the net-income requirements for eligibility. Acceptable documentation can be, but is not limited to, tax returns or documentation from a certified public accountant or attorney such as financial statements, balance sheets, and reports prepared for the IRS or another U.S. Government agency. You have until September 30 of the current fiscal year to submit documentation of having received training from the Cooperative State Research, Education, and Extension Service to the FSA office.

If your application is selected for audit, you may be requested to submit supporting documentation to prove that your Average Adjusted Gross Income is in accordance with regulations found at 7 CFR Part 1400-G.

Submit the original of the completed form in hard copy or facsimile to the appropriate USDA servicing office. To submit this form by facsimile, applicants not residing in Alaska must have submitted an original signature on FSA-237, Facsimile Signature Authorization and Certification.

Applicants who have established electronic access credentials with USDA may electronically transmit this form to the USDA servicing office, provided that (1) the customer submitting the form is the only person required to sign the transaction, or (2) the customer has an approved Power of Attorney on file with USDA to sign for other customers for the program and type of transaction represented by this form.

Features for transmitting the form electronically are available to those customers with access credentials only. If you would like to establish online access credentials with USDA, follow the instructions provided at the USDA eForms web site.
