Medical Service

MEDICAL EXAMINATION OF APPLICANTS FOR UNITED STATES SERVICE ACADEMIES, RESERVE OFFICER TRAINING CORPS (ROTC) SCHOLARSHIP PROGRAMS, INCLUDING 2- AND 3-YEAR COLLEGE SCHOLARSHIP PROGRAMS (CSP), AND THE UNIFORMED SERVICES UNIVERSITY OF THE HEALTH SCIENCES (USUHS)

This regulation gives a uniform procedure for carrying out medical examinations of applicants for US service academies, Reserve Officer Training Corps (ROTC) Scholarship Programs and the Uniformed Services University of the Health Sciences (USUHS). It applies to all medical facility personnel who perform such medical examinations, including the Air National Guard and US Air Force Reserve Units.

This regulation is affected by the Privacy Act of 1974. Each form required by this regulation and which involves the Privacy Act either contains a Privacy Act Statement incorporated in the body of the document or is covered by DD Form 2005, Privacy Act Statement—Health Care Records. For a list of abbreviations shown in this publication, see attachment 1.

Supersedes AFR 160-13, AR 40-29, NAVMEDCOMINST 6120.2, and CGCOMDTINST M6120.8A, 30 June 1986. (See signature page for summary of changes.)

Writer-Editor: Novella S. Hill
Distribution: See page

1. General Provisions:

a. DD Forms 2351, DOD Medical Examination Review Board (DODMERB) Report of Medical Examination, and 2492, DOD Medical Examination Review Board (DODMERB) Report of Medical History, will be used to record

medical examination results for the DODMERB only. They will not be used to record the results of medical examinations for any other Department of Defense (DoD) medical examination.

b. Every authorized applicant for a United States service academy (Military, Naval, Air Force, Coast Guard, Merchant Marine), ROTC Scholarship Program, or the USUHS, must take a complete medical examination as described in this regulation. Physicians or dentists must not terminate the examination if they note presumably disqualifying defects.

c. An examinee's medical status is determined by the DODMERB. Examining physicians must not recommend waivers. They must not discuss with examinees how their medical findings affect examinee medical qualifications.

d. When the examinee wishes to present certificates from private physicians, or other forms of medical documentation, these documents must be sent to the address shown in paragraph 5c, with the completed examination. If an examinee wishes to submit evidence to rebut a medical disqualification by the DODMERB, the examinee must be advised to submit the material directly to the address in paragraph 5c. Such material should not be submitted to the examining physician, since that physician has no power to take further action.

e. The medical or dental examiner may, in the course of the medical examination or subsequent to it, discuss the findings of the examination with the examinee, parents, or guardians. The discussion must be limited to the medical significance of those findings, and recommendations must be related only to the examinee's health and well-being. The examiner must not relate the significance of any findings to the examinee's medical qualifications or disqualification for a service academy or ROTC scholarship program.

f. The medical or dental examiner must tell the examinee to seek further medical or dental care for any findings that may affect the examinee's health and well-being. As an example, if the blood pressure is elevated, the examinee must be told to see his or her own physician for further evaluation.

2. Authorized Applicants. Medical examinations are conducted for only those applicants the DODMERB has officially scheduled (Medical Treatment Facility (MTF) will have been officially notified of applicants who have been scheduled at their facility). If unscheduled applicants call or appear in person and request a medical examination, the medical facility will refer them to the DODMERB. The DODMERB notifies applicants of the date and times their examinations have been scheduled.

3. Where Examinations Will Be Performed. Applicants may take qualifying examinations only at those facilities the DODMERB designates.

4. Scheduling Notification to Examining Facilities. The DODMERB sends each examining facility a list of applicants scheduled for examination, about 15 days before the examination date. On the examination day, each examining facility will mark a copy of the list to identify any applicants who did not report for examination, and return it to the DODMERB immediately.

5. Completion and Disposition of Forms:

a. The examining dentist completes DD Form 2480, DOD Medical Examination Review Board (DODMERB) Report of Dental Examination, according to paragraph 9a, and signs it. The examining physician completes DD Form 2351 (attachment 2), and DD Form 2492 (attachment 3) according to paragraph 9b. The examining physician must sign and date the original DD Forms 2351 and 2492. Also, the medical officer responsible for the examination's accuracy and completeness must sign item 59 on the original DD Form 2351.

b. Within 10 workdays after the examination, the examining facility must send the following to the address in c below:

(1) The original DD Form 2351, properly signed and authenticated (see a above).

(2) Any consultation reports.

(3) Laboratory reports (if any, other than those recorded on DD Form 2351, items 27, 28, and 29).

(4) The DD Form 2492, signed by the examinee and the examining physician.

(5) The SF 520, Clinical Record—Electrocardiographic Record, showing electrocardiographic (ECG) tracings, properly mounted, identified, and interpreted. (Multiple channel ECGs need not be mounted).

(6) DD Form 2480, properly annotated and signed by the examining dentist (attachment 4).

(7) All dental radiographs (bite-wings and panoramic x-rays) properly processed.

(8) All medical documentation the examinee presented.

(9) Diagnostic dental casts, if required by paragraph 9a(4), sent in a separate package, marked with the examinee's name and social security number (SSN).

c. All items required by b above must be sent to the DODMERB. Assemble and staple all forms and dental radiographs in the order listed. Address material to: DOD Medical Examination Review Board (DODMERB), USAF Academy CO 80840-6518. DO NOT address mail to Commanding Officer, USAF Academy CO 80840-6518. This results in medical correspondence being routed to the Superintendent's office at the Air Force Academy, where it will be delayed in reaching the DODMERB.

d. The examining facility must keep one complete copy (carbon or duplicate) of each item in b above, except b(8), then dispose of these items according to parent service record disposition standards; e.g., AFR 12-50, volume II.

e. Some helpful hints:

(1) Do:

(a) Mail as many examination reports in one package as possible.

(b) Send packages weighing 12 ounces or less as First-Class Mail.

(c) Send packages weighing over 12 ounces as "Priority" mail.

(d) Staple all papers and x-rays in the **upper left corner.**

(e) Review all items for legibility and positive identification of the examinee.

(2) **Do Not:**

(a) Send a letter of transmittal.

(b) Complete or send any Privacy Act Statement (DD Form 2005, Privacy Act Statement—Health Care Records).

(c) Send medical examination reports or remedial medical information via Certified or Registered mail.

6. Hospitalization of an Applicant. When hospitalization is required as part of the medical examination, the applicant may be admitted to a DOD MTF under the authority of appropriate service regulations; e.g., AFR 168-6, AR 40-3, NAVMEDCOMINST 6320.3, Uniform Military Training and Service Act (62 Stat 604.50 U.S.C., App 451).

7. Civilian Consultation and Additional Evaluations. When supplemental reports, such as specialty consultations and laboratory procedures, are essential to evaluate an examinee properly, the examining facility should do them whenever possible.

a. If these services are not available, the facility may purchase these services from civilian sources, at government expense, providing funds are available. If funds are not available, or these service cannot be offered because of scheduling, distance, or the like, *the examinee must be given the opportunity to travel at his or her own expense to a government facility that can provide these services.* In that case, tell the examinee to call the other government facility for an appointment in advance. The examinee may also get these services, at his or her own expense, from a civilian source, and have results sent directly to the address in paragraph 5c. Applicant should be provided SF 513, Medical Record—Consultation Sheet, which provides pertinent history and specifically delineates the specialty information needed and authorized lab tests required. Invasive or potentially dangerous procedures are not authorized. Communicate with DODMERB in questionable cases.

b. Results of the medical examination should be sent without waiting for supplementary evaluations or their results. Any instructions given to the examinee will be explained on DD Form 2351. Results of additional tests or evaluations should be sent separately, when they become available.

8. Direct Communication. The Director, DODMERB, is authorized to communicate directly with the commanders of each designated examining facility about medical examinations, procedures, techniques, deficiencies, and general supervision of medical examination processing. The Director, DODMERB, may send a copy of any correspondence with the examining facilities to the office of primary responsibility of the appropriate Surgeon General office.

9. Scope of Examination:

a. Dental Examination:

(1) General Information. The dental officer thoroughly examines the mouth, teeth, and supporting structures of the examinee and records his or her findings in blue-black or black ink on the DD Form 2480 (attachment 4). While the examining dental officer must inform the candidate of existing deficiencies, pathology, or abnormalities, the examiner is not authorized to advise the examiner whether or not he or she is within dental standards. Therefore, the dental

examiner should not point out the specific treatment that might be needed to meet the standards. If such instructions are necessary, the DODMERB must give these instructions to the examinee after evaluating all results of the dental examination. Generally, all dental expenses will be borne by the examinee. Dental radiographs and study casts are authorized to be obtained from the Departments of the Army, Navy and Air Force dental facilities at no expense to the examinee.

(2) Dental Radiographs. All examinees receive the Type 2 Dental Examination. This includes both mirror and explorer examination under adequate illumination. Bite-wing radiographs on bite-wing film and a panoramic radiograph are required. When an examinee is wearing a fixed, active orthodontic appliance, excluding retainers on both arches, only a panoramic radiograph is required. Bite-wing x-rays are not needed in these cases. A full mouth x-ray survey should not be performed in place of a panoramic x-ray.

(a) If the examination facility does not have a panoramic x-ray, offer the examinee the opportunity to go to another government facility, traveling at his or her own expense. In such cases, advise the examinee to call for an appointment. As an alternative, the examinee may obtain the panoramic x-ray (and not a full-mouth survey) from a civilian dentist at his or her own expense.

(b) The examining dental officer may obtain additional radiographs (for example, periapical or occlusal views) if it is necessary to demonstrate pathology or other abnormalities.

(c) Identify all radiographs with the examinee's full name and SSN. Process thoroughly, and wash and dry radiographs before sending them to the DODMERB. All x-rays must be of diagnostic quality.

(3) Charting Dental Defects. All dental defects of the examinee are shown on DD Form 2480. Indicate on the chart (DD Form 2480, item 3) all teeth that are restorable or nonrestorable, missing teeth, teeth replaced, spaces closed, location of cavities, and any defects or abnormalities of the teeth and surrounding structures. Do not chart existing restorations unless they are defective.

(4) Diagnostic Dental Casts. In cases of questionable occlusion, disfiguring spaces between anterior teeth, malformation of the jaw, or malrelation of the jaw, dental casts must be made of maxillary and mandibular dental arches. Leave any existing prosthetic appliances in place when you make impressions. Draw pencil lines across facial surfaces of both casts to show the habitual occlusal relationship. Identify each cast clearly with the examinee's name and SSN, and send both casts to the DODMERB. Indicate on DD Form 2480, item 10l, that you are sending casts.

(5) Malocclusion. Any questionable occlusion or definite malocclusion related to an insufficient incisal or masticatory function, the malformation or malrelation of jaws or opposing teeth, or a facial deformity must be noted on the DD Form 2480, item 10. Any additional remarks about the type, degree, or severity of the malocclusion should be added in item 16 (attachment 4).

(6) Orthodontics. If the examinee wears a fixed, active orthodontic appliance, or is undergoing orthodontic treatment that includes an active removable appliance, or is wearing retainer appliances, or has a past history of orthodontic treatment, please note that fact on the DD Form 2480, item 11.

(7) Periodontal Conditions. If significant periodontal disease is present (not simply gingivitis), the location, nature, and severity of the problem must be described on the DD Form 2480, item 13.

(8) Dental Prostheses. The dental examination must include an opinion about the serviceability of all dental prostheses. A serviceable prosthesis must adequately restore masticatory function and appearance, and permit clear speech. Oral tissues supporting the prosthesis must be healthy. Any comments must be recorded on the DD Form 2480, item 12.

(9) Cleft Palate or Cleft Lip. If the examinee has a history of cleft palate or cleft lip, whether repaired or not, your comments must be recorded on the DD Form 2480, item 9d and e, to include existing fistulae or other defects.

b. Medical Examinations:

(1) DD Form 2492, DODMERB Report of Medical History:

(a) The examinee's complete medical history must be recorded on the DD Form 2492.

(b) The examinee completes the first two lines, all of Sections I and II (items 1 through 94), and the Remarks (if necessary) of the DD Form 2492 in his or her own handwriting, using blue-black or black ink or indelible pencil.

(c) The examinee's identification is self-explanatory, but you may help the examinee fill out these items in the standard format.

(d) The examinee completes items 1 through 94 and Remarks (the examinee should mark "Not Applicable" or "N/A" in item 9, if appropriate). If item 21 "wear contact lenses or ocular eye retainers," is marked "yes," explain type of lenses or retainers and length of time removed before examination (see attachment 3). As the examinee may give vague or imprecise information in the "Remarks" section, all answers must be carefully reviewed, and the examinee asked to clarify answers, whenever necessary (note that answers in items 1 through 10 do not need remarks). The examiner must elaborate on medical history items that are not adequately explained by examinee.

(e) Some general guides for completing examiner's summary and elaboration of pertinent data:

1. Do not use the term "usual childhood illnesses." You may group childhood illnesses together, listing each one.

2. Record the date or age of incidents.

3. Do not use "NS" or "nonsymptomatic" in the history. You may use "NCNS," "no comp, no seq," or "no complications, no sequelae" after items of history.

4. Elaborate on all items of history answered "Yes" that are not adequately explained by examinee. Number your amplifying responses to correspond to the affirmative responses on DD Form 2492.

(2) DD Form 2351. Attachment 2 gives an item-by-item explanation of DD Form 2351, with model entries. Complete all items, as specified.

10. Supply of Forms:

a. DD Forms 2351, 2480, and 2492 are part of the scheduling package DODMERB sends to lists of applicants provided by the academies, ROTC programs and the USUHS.

b. Local reproduction of blank DD Forms 2351, 2480, and 2492 is authorized by the Army, Navy, Coast Guard, and Air Force through the applicable forms manager and reproduction facility. Print DD Forms 2480 and 2492 head-to-foot. Print DD Form 2351 face only.

c. The DD Forms listed below are provided to the applicant by DODMERB when remedial medical tests are required; however, a small stock of these forms will be maintained by each medical facility in the event applicants arrive at the medical facility without the appropriate forms to record remedial test results. Local reproduction is authorized based on the specific requirement of the particular agency.

(1) DD Form 2369, DOD Medical Examination Review Board (DODMERB) Cycloplegic Refraction (attachment 5).

(2) DD Form 2370, DOD Medical Examination Review Board (DODMERB) Three-Day Blood Pressure and Pulse Check (attachment 6).

(3) DD Form 2371, DOD Medical Examination Review Board (DODMERB) Update of Applicant's Medical Examination (attachment 7).

(4) DD Form 2372, DOD Medical Examination Review Board (DODMERB) Statement of Present Health (attachment 8).

(5) DD Form 2374, DOD Medical Examination Review Board (DODMERB) Heart Murmur Evaluation (attachment 9).

(6) DD Form 2375, DOD Medical Examination Review Board (DODMERB) Pulmonary Function Studies (attachment 10).

(7) DD Form 2377, DOD Medical Examination Review Board (DODMERB) Red/Green Color Vision Test (attachment 11).

(8) DD Form 2378, DOD Medical Examination Review Board (DODMERB) Statement of History Regarding Headaches (attachment 12).

(9) DD Form 2379, DOD Medical Examination Review Board (DODMERB) Statement of History Regarding Head Injury (attachment 13).

(10) DD Form 2380, DOD Medical Examination Review Board (DODMERB) Statement of History Regarding Sleepwalking (attachment 14).

(11) DD Form 2381, DOD Medical Examination Review Board (DODMERB) Statement of History Regarding Motion Sickness (attachment 15).

(12) DD Form 2382, DOD Medical Examination Review Board (DODMERB) Statement of History Regarding Hay Fever, Sinusitis, Asthma and/or Allergies (attachment 16).

(13) DD Form 2383, DOD Medical Examination Review Board (DODMERB) Statement of Use Regarding Medication (attachment 17).

(14) DD Form 2489, DOD Medical Examination Review Board (DODMERB) Farnsworth Lantern Color Vision Test (attachment 18). When locally reproduced, print head-to-foot.

d. DD Forms 2368, DOD Medical Examination Review Board (DODMERB) Service Academy ROTC Medical Qualification Determination; 2373, DOD Medical Examination Review Board (DODMERB) Notification of Failure to Appear for Service Academy ROTC Medical

Examination; and 2503, DOD Medical Examination Review Board (DODMERB) Applicant Overseas Appointment, are stocked and used only by DODMERB.

e. Attachment 19 provides guidelines for conducting certain medical tests; e.g., Reading Aloud Test (RAT), sitting height, Red Lens Test, etc.

SUMMARY OF CHANGES

This revision clarifies procedures MTFs will follow when applicants arrive who are not scheduled by DODMERB (para 2); permits the use of DD Form 2492 as an exception to SF 93, Report of Medical History, which will be used to report a medical history to DODMERB (paras 5a and 9b); advises examining facilities of the proper format for addressing medical correspondence to the DODMERB (para 5c); includes remedial medical information as being prohibited from being mailed Certified or Registered Mail (para 5e(2)(c); clarifies procedures examining physicians will follow when applicant must be hospitalized as part of the medical examination (para 6); adds additional information about applicants requiring specialty consultations and laboratory procedures before their examination (para 7); redesignates DODMERB Form 6, Report of Dental Examination to DD Form 2480 (para 9a); adds a list of abbreviations (atch 1); adds an explanation and model entry for blood alcohol testing and urine drug screen (atch 2, item 29); rescinds DD Form 2376, Supplemental Statement of Medical History.

Distribution:
Air Force: F
Army: Active Army, ARNG, USAR: To be distributed in accordance with the requirements on DA Form 12-09-E, block number 3434, intended for command level B.
Navy: Ships and Stations Having Medical Department Personnel.
(Stocked: CO, NAVPUBFORMCEN, 5801 Tabor Ave., Phila., PA 19120-5099)
Coast Guard: To be distributed by Commandant (G-TIS) pursuant to COMDTNOTE 5600

(3) OTHER (Specify)

23. DEPTH PERCEPTION — a. TEST USED | b. SCORE
(1) VTA-ND (1)
(2) DPA-V (2)
(3) TITMUS/STEREO FLY (3)

24. PC

25. ACCOMMODATION — a. RIGHT | b. LEFT

26. RED LENS TEST — a. PASS | b. FAIL

LABORATORY

27. URINALYSIS
- a. PROTEIN — NEG | T | 1+ | 2+ | 3+ | 4+
- b. SUGAR — NEG | T | 1+ | 2+ | 3+ | 4+
- c. MICROSCOPIC EXAMINATION (X One) — (1) NEGATIVE | (2) POSITIVE (List results)

28. BLOOD — a. TYPE | b. RH FACTOR | c. HEMATOCRIT | d. HEMOGLOBIN

29. OTHER TESTS (Specify type and results)

CLINICAL EVALUATION

NORMAL	X each item in the appropriate column (Enter "NE" if not evaluated)	ABNORMAL
	30. HEAD, FACE, NECK AND SCALP	
	31. NOSE	
	32. SINUSES	
	33. MOUTH AND THROAT	
	34. EARS - GENERAL (Internal and external canals) (Auditory acuity under item 13)	
	35. DRUMS (Perforation)	
	36. VALSALVA	
	37. EYES-GENERAL (Visual acuity and refraction under items 17, 18, and 19)	
	38. PUPILS (Equality and reaction)	
	39. OCULAR MOTILITY (Associated parallel movements, nystagmus)	
	40. OPHTHALMOSCOPIC	
	41. LUNGS AND CHEST (Include breasts)	
	42. HEART (Thrust, size, rhythm, and sounds)	
	43. VASCULAR SYSTEM (Varicosities, etc.)	
	44. ABDOMEN AND VISCERA (Include hernia)	
	45. ENDOCRINE SYSTEM	
	46. SPINE, OTHER MUSCULOSKELETAL	
	47. UPPER EXTREMITIES (Strength, range of motion)	
	48. LOWER EXTREMITIES (Except feet) (Strength, range of motion)	
	49. FEET	
	50. IDENTIFYING BODY MARKS, SCARS, TATTOOS	
	51. SKIN, LYMPHATICS	
	52. G-U SYSTEM	
	53. ANUS AND RECTUM (Hemorrhoids, fistulae) (Prostate if indicated)	
	54. PELVIC EXAMINATION	
	55. NEUROLOGIC	
	56. PSYCHIATRIC (Specify any personality deviation)	

57. NOTES (Describe every abnormality in detail. Enter the item number before each comment. Continue on reverse if necessary.)

58. EXAMINER
- a. TYPED OR PRINTED NAME
- b. SIGNATURE
- c. RANK
- d. CORPS OR DEGREE

59. PHYSICIAN

DD Form 2351, SEP 85 — DoD Exception to SF 88 Approved by GSA/OIRM 7-85

ITEM-BY-ITEM EXPLANATION FOR FILLING OUT DD FORM 2351

Explanation	Model Entry
Item 1—Date of Examination. Record dates in military style.	14 January 1985 21 Mar 85
Item 2—Last Name, First Name, Middle Name. Record the entire middle name.	Jones, Harry William, Jr. Martinez, Catherine, Lucinda
Item 3—Social Security Number.	111-22-3333 001-01-1001
Item 4a—Date of Birth. Record date in military style.	15 Feb 68 29 Apr 67
Item 4b—Age.	17 18
Item 5—Sex. Do not abbreviate.	Male Female
Item 6—Race (Ethnic Group). Do not abbreviate. Do not confuse with religion.	Caucasian, Black, Oriental, Indian (American), Puerto Rican, Mexican-American
Item 7—Home Address. Enter the address and nine-digit ZIP code where the examinee receives mail.	1234 Main St. Colorado Springs CO 80840-6518
Item 8—Military Status. Check the block designating the applicant's current status.	
Item 9—Examiner Address. Complete name and address of agency doing examination	USAF School of Aerospace Medicine Brooks AFB TX 78235-5000
Item 10—Height. Record standing height in inches, without shoes, to the nearest quarter of an inch. Also measure every applicant's sitting height to the nearest quarter of an inch, and record it.	Standing 61 1/4 Sitting 36 3/4
Item 11—Blood Pressure. Record the sitting blood pressure.	120/84
Item 12—Electrocardiogram (EKG). Give every examinee a 12-lead EKG. The examinee does not have to be fasting. Check normal or abnormal, and submit actual tracings.	
Item 13—Audiometer. Give an audiometer test, include frequencies 500, 1000, 2000, 3000, 4000, and 6000 Hertz (Hz). Indicate the type of standard (American National Standards Institute (ANSI) American Standards Association (ASA), 1951, or International Standards Organization (ISO), 1964.	
Item 14—Reading Aloud Test (RAT). Give the RAT (attachment 19) and mark it as "satisfactory" or "unsatisfactory." If RAT is unsatisfactory, summarize the defects that caused failure in item 57.	
Item 15—Pulse. Record the resting pulse in beats per minute.	72
Item 16—Weight. Measure weight in pounds, to the nearest whole pound, with the examinee wearing no more than underwear.	150

Explanation	Model Entry
Items 17 through 26. Before conducting vision test, find out if the examinee is wearing contact lenses. Soft contact lenses must be removed a minimum of 3 days before the examination. All other types of contact lenses (hard, semisoft, retainers, color-correcting, etc.) must be removed 21 days before the examination. If contact lenses have not been out the required period of time, note the fact in item 57 and continue with the examination. Have the examinee remove them for those tests where lenses would obviously cause erroneous results, such as items 17 and 19 (uncorrected vision). If the examinee usually wears corrective lenses (spectacles or contacts), have the examinee wear them during depth perception and color vision testing; however, make sure that lenses are not "color corrective."	
Item 17—Distant Vision. Record distant visual acuity with a constant numerator of 20 (20 feet), and a denominator that depends on the individual's vision. If acuity is worse than 20/20, right eye or left eye, then record the correctable visual acuity. If the examinee is not able to read *all* of the letters on the 20/20 line, then record the number of missed letters; e.g., 20/20–1; 20/30–2; 20/20–3, etc., or record the next higher line; e.g., 20/20–3 = 20/25. Measure visual acuity with Vision Test Apparatus-Near and Distant (VTA-ND), or in the eye lane. When using the VTA-ND and the examinee does not successfully complete the top line of the 20/400 line, then record 20/400+ or refer examinee to the optometrist to determine the proper visual acuity.	20/50 corrected to 20/20 20/20–3 corrected to 20/20 20/400+
Item 18—Refraction. OTHER THAN US AIR FORCE ACADEMY. Complete this item on every examination where distant or near visual acuity is worse than 20/20, right eye or left eye. Enter the prescription that corrects acuity to 20/20, and after the word "Refraction" mark how you derived that prescription; "manifest," "cycloplegic," or "lens" if the prescription is read from spectacles.	Refraction (manifest By SPH *–1.50* CYL *+.50* AXIS *090*
US AIR FORCE ACADEMY. Every applicant for the US Air Force Academy whose uncorrected distant visual acuity is 20/20 or better in both the right and left eyes must have a cycloplegic refraction. Enter the prescription that corrects acuity to no better than 20/20 and after the word "Refraction" check "CYCLO."	
Item 19—Near Vision. Record results in terms of reduced Snellen. Whenever the uncorrected vision is worse than normal (20/20), show the corrected vision for each eye, and lens value after the word "by."	20/40 corrected to 20/20 by same. 20/40 corrected to 20/20 by +0.50
Item 20—Heterophoria. In routine testing for heterophoria, check only "Far" on the VTA-ND, or "20" in the eye lane. Do not enter the symbol for diopters; the unit of measurement is understood. Enter the amount of exophoria or esophoria and right or left hyperphoria.	Es° Ex° R.H. L.H. 8 0 1 0

Explanation	Model Entry
Item 21—Cover Test. Test muscle balance deviation (phorias or tropias) by use of the objective Cover Test (CT). If you find esotropia or exotropia on the CT (cross or alternate cover and cover-uncover) check "fail" and record the amount in the bottom of the box. If the examinee is orthophoric, check "pass."	
Item 22—Color Vision. Test examinees with the standard 15-plate Vision Test Set, Color Vision (VTS-CV). Check the test(s) used and enter both the number passed and the number failed. If the Farnsworth Lantern (FALANT) is available, use it for those who fail the plate test. Also, use it if you suspect the examinee has memorized the plates. Enter FALANT results to the right of the word "FALANT." Be sure to specify the name of other tests and the numerical result. If the examinee fails the FALANT or 15-plate Vision Test Set, check for the ability to distinguish and identify, without confusion, those colors of objects, substances, materials, or lights that are vivid red and vivid green; record results in item 57.	
Item 23—Depth Perception. Test the examinee with correction, if any. For VTA-ND if the examinee passes, enter "passes" and give the highest level passed (D, E, or F) in parentheses. For Verhoeff (DPA-V), enter "passes" or "fails" and the number correct over number presented. For Titmus/Stereo Fly, circle the actual test used and enter the numerical result.	a. VTA-ND *passes (F)* b. DPA-V *passes (8/8)* c. Titmus/Stereo Fly *70*
Item 24—PC (Near Point of Convergence). Measure the near point of convergence (NPC) in millimeters (mm).	35mm
Item 25—Accommodation. Have the examinee take this test with corrective lenses if worn.	Right 10.0, Left 9.5
Item 26—Red Lens Test. Note the point on the screen where diplopia or suppression develops. Mark "pass" if the examinee has no diplopia or suppression within 20 inches of the primary position in the center of screen, with the examinee seated 30 inches from the screen. Describe any abnormalities accurately in item 57.	Diplopia in left lateral gaze, 10 inches from primary position.
Item 27—Urinalysis. Check the appropriate boxes for protein and sugar. Indicate results of microscopic examination; multi-reagent strips may be used if negative. If the multireagent strip is not negative, an actual microscopic examination must be performed and the results annotated.	2 RBC 3 WBC
Item 28a and b—Blood Type and RH Factor. Record results in these blocks.	Type A Rh factor—Pos
Item 28c and d—Hematocrit and Hemoglobin. A hematocrit or hemoglobin level is required.	Hematocrit 44 Hemoglobin 16.5
Item 29—Other Tests. For other medical tests as indicated; e.g., HIV (all exams), dental results (POC only), blood alcohol testing (BAT) and urine drug screen (UDS).	HIV—Negative Dental Class 2 BAT—Negative UDS—Collected

Explanation	Model Entry
Items 30 through 56—Clinical Evaluation. Make a check in the proper column. When there are clinical findings to record or comment on, check the proper column (normal or abnormal) and enter pertinent information in the space provided to the right, beginning with the item number. (See instructions on DD Form 2351).	
Item 30—Head, Neck, Face, and Scalp. Record all swollen glands, deformities, or imperfections of the head and face. If enlarged lymph nodes of the neck are detected, describe them in detail and give a clinical opinion of the etiology.	a. 2cm vertical scar right forehead, well healed, no sequelae (WHNS). b. 2 discrete, freely movable, firm, 2cm nodes in right anterior cervical chain, probably benign. Has upper respiratory infection.
Item 31—Nose. Record all abnormal findings. If septum is deviated, estimate the degree of obstruction and tell whether airflow is adequate.	a. Moderate obstruction on right, due to septal deviation, airflow adequate, asymptomatic. b. Mouth breathing noted. c. Large nasal polyps present in both chambers.
Item 32—Sinuses. Record objective findings only.	Marked tenderness over left maxillary sinus. Poor transillumination.
Item 33—Mouth and Throat. Note whether tonsils have been removed. Record any unusual findings.	Tonsils enucleated.
Item 34—Ears—General (Including External Canals). If operative scars are noted over the mastoid area, include a notation of simple or radical mastoidectomy in item 57.	Bilateral severe swelling, injection, and tenderness of ear canals.
Item 35—Drums (Perforation). Record the location and size of any perforation. If there is scarring of the tympanic membrane, record the percent of the membrane involved, and evaluate the mobility of the membrane.	Small perforation, right upper quadrant of left tympanum.
Item 36—Valsalva. Indicate whether or not *both* eardrums move on Valsalva Maneuver (mark normal only if both drums move).	No motion on valsalva, right ear.
Item 37—Eyes—General. When there is ptosis of lids, make a statement about the cause and whether it interferes with vision. When you detect a pterygium, note the following: (a) Encroachment on the cornea. (b) Progression. (c) Vascularity. Check particularly for radial keratotomy or evidence of orthokeratology or other procedures employed to improve visual acuity.	a. Ptosis, bilateral, congenital. Does not interfere with vision. b. Pterygium, left eye. Does not encroach on cornea, nonprogressive avascular.
Item 38—Pupils (Equality and Reaction).	
Item 39—Ocular Motility (Associated Parallel Movements, Nystagmus).	
Item 40—Ophthalmoscopic. If you detect opacities of the lens, make a statement about size, type, progression, and interference with vision.	Redistribution of pigment, macula, right eye, possibly due to solar burn. No evidence of active organic disease.

Explanation	Model Entry
Item 41—Lungs and Chest (Include Breasts). Record all abnormal findings. Note whether there are any abnormalities of the rib cage, muscles, chest excursion, palpation, percussion, and auscultation.	Sibilant and sonorus rales throughout chest. Prolonged expiration.
Item 42—Heart (Thrust, Size, Rhythm, Sounds). Describe any abnormal heart findings completely. Whenever you hear a cardiac murmur, describe the time in the cardiac cycle, and the intensity, location, transmission, and effect of respiration or change in position; and state whether you think that the murmur is organic or functional. When describing murmurs by grade, indicate basis of grade (IV or VI). Note any additional sounds (clicks, etc.) and their time in the cardiac cycle, synchrony, and intensity; and whether you think they are of cardiac origin or adventitious.	a. Grade II/IV soft, systolic murmur heard only in pulmonic area and on recumbency, not transmitted. disappears on exercise and deep inspiration (physiologic murmur) b. Late soft systolic "click" heard over the second left intercostal space, parasternally, not varying in intensity with respiration, probably of cardiac origin.
Item 43—Vascular System (Varicosities, etc.). Describe any abnormalities adequately. When varicose veins are present, give their location, severity, and evidence of venous insufficiency. Check for the presence or absence of carotid, radial, femoral, popliteal, and pedal pulses. Specifically, record any absent pulses or presence of a bruit over any artery.	Varicose veins, mild posterior superficial veins of legs. No evidence of venous insufficiency. Asymptomatic.
Item 44—Abdomen and Viscera (Include Hernia). Note any abdominal scars and describe the length in centimeters, their location and direction. If you find a dilated inguinal ring, state whether a hernia is present or absent.	2.5cm linear diagonal scar right lower quadrant, well healed, no sequelae (WHNS).
Item 45—Endocrine System. Specifically record asymmetry, enlargement, or the presence of nodules in the thyroid gland.	Left lobe diffusely enlarged; 2cm hard, nontender nodule near isthmus.
Item 46—Spine, Other Musculoskeletal (Including Pelvis, Sacroiliac, and Lumbosacral Joints). If you detect scoliosis or other musculoskeletal defects, either by examination or as an incidental chest x-ray finding, describe any defects as accurately as possible.	Scoliosis, thoracic spine, minimal deviation to right.
Item 47—Upper Extremities. Record any deformity or limitation of motion. If the applicant has a history of previous injuries or fracture of an upper extremity (for example, a history of a broken arm with no significant finding at time of examination), indicate that there is no deformity and function is normal. Make a positive statement, even though you check the "Normal" column.	No weakness, deformity or limitation of motion, left arm.
Item 48—Lower Extremities. Report as in item 47.	
Item 49—Feet. Note any abnormality. When you detect flat feet, make a statement about the stability and the presence or absence of symptoms. Do not express pes planus in degrees; record it as mild, moderate, or severe. Indicate if orthotic devices or special footwear are used.	Flat feet, moderate, stable, asymptomatic.
Item 50—Identifying Body Marks, Scars, or Tattoos. Record only scars or marks useful for identification.	a. 1cm vertical linear scar, dorsum left forearm, WHNS. b. 3cm heart-shaped tattoo, lateral aspect, middle 1/3 left forearm.

Explanation	Model Entry
Item 51—Skin, Lymphatics. Describe pilonidal cyst or sinus, and tell whether symptomatic in past or at present. If there is a skin disease, tell what it is, record its chronicity, severity, and response to treatment in item 57. If you detect a skin disease of the face, back, or shoulders, state whether the defect will interfere with wearing an oxygen mask or whether wearing a parachute harness, shoulder straps, or other military equipment will irritate it.	a. Acne vulgaris, mild, face, will not interfere with wearing oxygen mask or combat equipment. b. 5 × 5cm burn scar, left pretibial region. May be subject to trauma by combat boots, or breakdown by water immersion.
Item 52—GU (Genitourinary) System. If you detect a varicocele or hydrocele, indicate the size in relation to the opposite testicle and whether it is symptomatic. If you detect an undescended testicle, describe its location, particularly in relation to the inguinal canal.	Varicocele, left, small, asymptomatic
Item 53—Anus and Rectum. Check for hemorrhoids, and note size, number, and symptomatology. Check for fistula, cysts, etc. At least a visual examination is required on all examinees.	One small external hemorrhoid, asymptomatic.
Item 54—Pelvic Examination. Perform a pelvic examination only if medically indicated. If the examination is not performed, enter "NE" in the Normal column. This examination is required for all female examinees 22 years of age and over.	
Item 55—Neurologic. Record complete description of any abnormality.	
Item 56—Psychiatric. Interview each applicant to evaluate level of maturity, and ability to withstand the rigorous physical and mental stresses of military service. Explain any negative recommendations in detail.	
Item 57—Notes. Use this space to describe conditions found during the Clinical Evaluation (items 30 through 56). This space should be used for any other comments relating to items 10 through 29. Be sure to enter the item number before each comment. Use the back of the form, if necessary.	
Item 58a—Typed or Printed Name of Examiner. The examiner identified must sign the original. Use block for Physician Assistant (PA) or Primary Care Nurse Practitioners (PCNP) who perform clinical aspect of examination.	
Item 58b—Signature of Examiner.	
Item 58c—Rank.	
Item 58d—Corps or Degree.	
Item 59a—Typed or Printed Name of Physician.	
Item 59b—Rank.	
Item 59c—Degree.	

DD FORM 2492, DOD MEDICAL EXAMINATION REVIEW BOARD (DODMERB) REPORT OF MEDICAL HISTORY—MALE

DOD MEDICAL EXAMINATION REVIEW BOARD (DODMERB) REPORT OF MEDICAL HISTORY
(This information is for official and medically confidential use only and will not be released to unauthorized persons)
(This form is subject to the Privacy Act of 1974 See DD Form 2005)

Form Approved OMB No. 0704-0269 Expires Sep 30, 1989

NAME (Last, First, Middle Initial)	SOCIAL SECURITY NUMBER	TELEPHONE NO. (Include area code)
MORAY, HARRY G.	011-11-0001	(102) 962-0001

PURPOSE OF EXAMINATION	EXAMINATION FACILITY OR EXAMINER AND ADDRESS (Include Zip Code)	DATE OF EXAMINATION
DODMERB	USAF Clinic Hanscom, Hanscom Fld MA 01101	5 May 87

SECTION I – Mark applicable boxes in items 1 through 10

1. How would you rate your present health?
[X] Excellent [ ] Very Good [ ] Good [ ] Fair [ ] Poor

2. How many hours sleep do you usually get at night?
[ ] 4 or less [ ] 5 [ ] 6 [ ] 7 [X] 8 [ ] 9 or more

3. How many days per week do you exercise vigorously *(enough to produce a sweat)* **for at least fifteen minutes**
[ ] None [ ] 1 [ ] 2 [ ] 3 [X] 4 [ ] 5 [ ] 6 [ ] 7

4. Are you on any special diet?
[ ] Yes [X] No

5. Indicate the tobacco products you currently use.
[X] Cigarettes [ ] Cigars [ ] Chewing tobacco
[ ] Snuff (Smokeless tobacco) [ ] Pipes [ ] None *(Skip to item 7)*

6. If you smoke cigarettes how many do you smoke each day?
[X] Less than 1 pack [ ] 1 pack [ ] 1 1/2 packs [ ] 2 packs or more

7. On the average, how many times per week do you drink any alcoholic beverages such as beer, wine, or liquor?
[X] Never *(skip to item 9)* [ ] Less than once [ ] Once or twice [ ] Three or four [ ] Five or more

8. When you drink, how many alcoholic drinks do you have *(on the average)*?
[ ] 1 [X] 2 [ ] 3 [ ] 4 [ ] 5 [ ] 6 or more

9. Have you ever used any of the following? N/A
[ ] Amphetamines [ ] Barbiturates [ ] Chemical inhalants
[ ] Cocaine [ ] Hallucinogens [ ] Narcotic drugs

10. What is your marital status?
[X] Never Married [ ] Married [ ] Separated [ ] Divorced [ ] Widowed

SECTION II – Mark each item *(11 through 94)* "Yes" or "No." If you do not know the answer for a particular item, leave it blank. Every item marked "Yes" must be explained in the REMARKS section on the reverse.

A. Does your family have a history of	Yes	No
11. Diabetes or sugar diabetes		X
12. Heart trouble or strokes		X
13. High blood pressure		X
14. Cancer		X
15. Mental condition		X
16. Alcoholism or suicide		X
17. Seizures or epilepsy		X
18. Allergies or Asthma		X
19. Arthritis or rheumatism		X
B. Do you or did you ever		
20. Wear glasses		X
21. Wear contact lenses or ocular eye retainers	X	
22. Have any allergies	X	
23. Take any medications regularly		X
24. Stutter or stammer		X
25. Wear a bone or joint brace or support		X
C. Have you ever had or do you now have		
26. Frequent, severe, or migraine headaches		X
27. Fainting or dizzy spells		X
28. Periods of unconsciousness	X	
29. Head injury or skull fracture	X	
30. Epilepsy, seizures, or convulsions		X
31. Loss of memory or amnesia		X
32. Depression, excessive worry or nervousness; anxiety		X
33. Any mental condition or illness		X
34. Frequent trouble sleeping		X

C. (Contd.) Have you ever had or do you now have	Yes	No
35. Eye trouble *(exclude glasses, contact lenses)*		X
36. Vision change or double vision		X
37. Hearing loss		X
38. Ear, nose, or throat trouble		X
39. Sinusitis or sinus trouble		X
40. Hay fever or allergic rhinitis		X
41. Severe tooth or gum trouble	X	
42. Thyroid trouble		X
43. Chronic cough or lung disease		X
44. Asthma or wheezing		X
45. Unusual shortness of breath		X
46. Pain or pressure in chest		X
47. Palpitation or pounding heart		X
48. Heart trouble or heart murmur		X
49. High blood pressure		X
50. Coughed up or vomited blood		X
51. Stomach, liver, or intestinal trouble		X
52. Gallbladder trouble or gallstones		X
53. Yellow jaundice or hepatitis		X
54. Hemorrhoids or rectal disease		X
55. Black or bloody stools		X
56. Frequent or painful urination		X
57. Bed wetting since age 12		X
58. Blood, protein, or sugar in urine		X
59. Kidney stone		X
60. Hernia or rupture		X
61. Any bone or joint trouble, bursitis		X
62. Broken bones or amputations		X
63. Steel pins, plates, or staples in any bones		X

C. (Contd.) Have you ever had or do you now have	Yes	No
64. Back pain or trouble		X
65. Paralysis, lameness, or weakness		X
66. Foot trouble	X	
67. Rheumatic fever		X
68. Tuberculosis or positive TB test		X
69. Homosexual activity		X
70. VD, syphilis, gonorrhea, herpes, etc.		X
71. Skin conditions such as acne, psoriasis, hand or foot rashes, eczema, or dry skin		X
72. Adverse reaction to serum, drugs, medicine, food, or bites or stings		X
73. A weight problem		X
74. Recent gain or loss of weight		X
75. Excessive bleeding or easy bruising		X
76. Tumor, growth, cyst, or cancer		X
77. Considered or attempted suicide		X
78. Sleepwalking episodes		X
79. Easy fatigability		X
80. Car, train, sea, or air sickness	X	
81. X-ray or other radiation therapy		X
82. Sensitivity to chemicals, dust, sunlight, etc.		X
83. Learning disabilities or speech problems		X
D. FEMALES ONLY – Have you ever N/A		
84. Been treated for a female disorder, painful periods, or cramps		
85. Had a change in menstrual pattern		
86. Been pregnant or are you now pregnant		
87. Taken birth control pills *(If yes, give dates and product names)*		

E. Have you ever	Yes	No
88. Been refused employment or been unable to hold a job or stay in school because of		X
a. Inability to perform certain movements?		X
b. Inability to assume certain positions?		X
c. Other medical reasons?		X
89. Been rejected for or discharged from military service because of physical, mental or other reasons?		X
90. Been denied or rated up for life insurance?		X

E. (Contd.) Have you ever	Yes	No
91. Received, is there pending, or have you applied for pension or compensation for existing disability?		X
92. Had or have you ever been advised to have, any surgical operations?		X
93. Consulted or been treated by clinics, hospitals, physicians, healers, or other practitioners for other than minor illnesses?		X
94. Had any illness or injury other than those already noted?		X

REMARKS *(Every "Yes" response in items 11 through 94 must be explained in the space below. Give dates and complete details including names of doctors and hospitals or clinics and the current status of the condition. Continue on a separate sheet and attach to this form if additional space is needed.)*

#21 Wears hard contact lenses.
#22 Allergies--grass, hay and dust.
#28 and 29 Concussion while playing football - knocked out. Seen in emergency room at Luke General Hospital, Lloyd NY, September 1982, Dr Jones.
#41 Treated for gingivitis in 1983. No problem since. Dr Fix, Main Street, Aspen CO.
#66 Flatfeet. Treated with orthotics when participating in sports. Seen by Dr Jones, Force MA - 1984.
#80 Car sickness in childhood. I've outgrown it. No treatment.

I certify that I have reviewed the foregoing information supplied by me and that it is true and complete to the best of my knowledge. I authorize any of the doctors, hospitals, or clinics mentioned above to furnish the Government a complete transcript of my medical record for purposes of processing my application for this employment or service.

TYPED OR PRINTED NAME OF EXAMINEE	SIGNATURE	DATE SIGNED
HARRY G. MORAY	Harry G. Moray	10 Dec 88

NOTE: HAND TO DOCTOR OR NURSE OR IF MAILED MARK ENVELOPE "TO BE OPENED BY MEDICAL PERSONNEL ONLY"

EXAMINER'S SUMMARY AND ELABORATION OF ALL PERTINENT DATA *(Examiner shall comment on all "Yes" and blank answers (indicating the item number before each comment), develop by interview any additional medical history deemed important, and record significant findings here. If additional space is needed, continue on a separate sheet and attach to this form.)*

#21 Wear hard contact lenses. Lenses removed 22 days prior to exam.
#22 Allergic rhinitis during spring, treated with OTC medication, well controlled, NCNS.
#28 and 29 HX of concussion in 1986, LOC 2 minutes, skull x-rays negative, neurological evaluation, WNL, NCNS.
#41 Treated for givgivitis 1983. Resolved.
#66 Flatfoot, wears orthotics when participating in sports.
#80 Car sickness in childhood. No problem now.

OMB No. 0704-0369
Expires Sep 30, 1989

NAME (Last, First, Middle Initial)	SOCIAL SECURITY NUMBER	TELEPHONE NO. (Include area code)
MORAY LISA A.	011-11-0001	(102) 962-0001

PURPOSE OF EXAMINATION	EXAMINATION FACILITY OR EXAMINER AND ADDRESS (Include Zip Code)	DATE OF EXAMINATION
DODMERB	USAF CLINIC HANSCOM, HANSCOM FLD MA 01101	5 May 87

SECTION I – Mark applicable boxes in items 1 through 10

1. How would you rate your present health?
[X] Excellent [ ] Very Good [ ] Good [ ] Fair [ ] Poor

2. How many hours sleep do you usually get at night?
[ ] 4 or less [ ] 5 [ ] 6 [ ] 7 [X] 8 [ ] 9 or more

3. How many days per week do you exercise vigorously *(enough to produce a sweat)* **for at least fifteen minutes**
[ ] None [ ] 1 [ ] 2 [ ] 3 [X] 4 [ ] 5 [ ] 6 [ ] 7

4. Are you on any special diet?
[ ] Yes [X] No

5. Indicate the tobacco products you currently use.
[X] Cigarettes [ ] Cigars [ ] Chewing tobacco
[ ] Snuff (Smokeless tobacco) [ ] Pipes [ ] None *(Skip to item 7)*

6. If you smoke cigarettes how many do you smoke each day?
[X] Less than 1 pack [ ] 1 pack [ ] 1-1/2 packs [ ] 2 packs or more

7. On the average, how many times per week do you drink any alcoholic beverages such as beer, wine, or liquor?
[X] Never *(skip to item 9)* [ ] Less than Once [ ] Once or Twice [ ] Three or four [ ] Five or more

8. When you drink, how many alcoholic drinks do you have *(on the average)*?
[ ] 1 [ ] 2 [ ] 3 [ ] 4 [ ] 5 [ ] 6 or more

9. Have you ever used any of the following? N/A
[ ] Amphetamines [ ] Barbiturates [ ] Chemical inhalants
[ ] Cocaine [ ] Hallucinogens [ ] Narcotic drugs

10. What is your marital status?
[XX] Never Married [ ] Married [ ] Separated [ ] Divorced [ ] Widowed

SECTION II – Mark each item *(11 through 94)* "Yes" or "No." If you do not know the answer for a particular item, leave it blank. Every item marked "Yes" must be explained in the REMARKS section on the reverse.

A. Does your family have a history of	Yes	No
11. Diabetes or sugar diabetes		X
12. Heart trouble or strokes		X
13. High blood pressure		X
14. Cancer		X
15. Mental condition		X
16. Alcoholism or suicide		X
17. Seizures or epilepsy		X
18. Allergies or Asthma		X
19. Arthritis or rheumatism		X
B. Do you or did you ever		
20. Wear glasses		X
21. Wear contact lenses or ocular eye retainers	X	
22. Have any allergies	X	
23. Take any medications regularly		X
24. Stutter or stammer		X
25. Wear a bone or joint brace or support		X
C. Have you ever had or do you now have		
26. Frequent, severe, or migraine headaches		X
27. Fainting or dizzy spells		X
28. Periods of unconsciousness	X	
29. Head injury or skull fracture	X	
30. Epilepsy, seizures, or convulsions		X
31. Loss of memory or amnesia		X
32. Depression, excessive worry or nervousness, anxiety		X
33. Any mental condition or illness		X
34. Frequent trouble sleeping		X

C. (Contd.) Have you ever had or do you now have	Yes	No
35. Eye trouble *(exclude glasses, contact lenses)*		X
36. Vision change or double vision		X
37. Hearing loss		X
38. Ear, nose, or throat trouble		X
39. Sinusitis or sinus trouble		X
40. Hay fever or allergic rhinitis		X
41. Severe tooth or gum trouble	X	
42. Thyroid trouble		X
43. Chronic cough or lung disease		X
44. Asthma or wheezing		X
45. Unusual shortness of breath		X
46. Pain or pressure in chest		X
47. Palpitation or pounding heart		X
48. Heart trouble or heart murmur		X
49. High blood pressure		X
50. Coughed up or vomited blood		X
51. Stomach, liver, or intestinal trouble		X
52. Gallbladder trouble or gallstones		X
53. Yellow jaundice or hepatitis		X
54. Hemorrhoids or rectal disease		X
55. Black or bloody stools		X
56. Frequent or painful urination		X
57. Bed wetting since age 12		X
58. Blood, protein, or sugar in urine		X
59. Kidney stone		X
60. Hernia or rupture		X
61. Any bone or joint trouble, bursitis		X
62. Broken bones or amputations		X
63. Steel pins, plates, or staples in any bones		X

C. (Contd.) Have you ever had or do you now have	Yes	No
64. Back pain or trouble		X
65. Paralysis, lameness, or weakness		X
66. Foot trouble	X	
67. Rheumatic fever		X
68. Tuberculosis or positive TB test		X
69. Homosexual activity		X
70. VD, syphilis, gonorrhea, herpes, etc		X
71. Skin conditions such as acne, psoriasis, hand or foot rashes, eczema, or dry skin		X
72. Adverse reaction to serum, drugs, medicine, food, or bites or stings		X
73. A weight problem		X
74. Recent gain or loss of weight		X
75. Excessive bleeding or easy bruising		X
76. Tumor, growth, cyst, or cancer		X
77. Considered or attempted suicide		X
78. Sleepwalking episodes		X
79. Easy fatigability		X
80. Car, train, sea, or air sickness	X	
81. X-ray or other radiation therapy		X
82. Sensitivity to chemicals, dust, sunlight, etc.		X
83. Learning disabilities or speech problems		X
D. FEMALES ONLY – Have you ever		
84. Been treated for a female disorder, painful periods, or cramps		X
85. Had a change in menstrual pattern		X
86. Been pregnant or are you now pregnant		X
87. Taken birth control pills *(If yes, give dates and product names)*		X

E. Have you ever	Yes	No
88. Been refused employment or been unable to hold a job or stay in school because of:		X
a. Inability to perform certain movements?		X
b. Inability to assume certain positions?		X
c. Other medical reasons?		X
89. Been rejected for or discharged from military service because of physical, mental or other reasons?		X
90. Been denied or rated up for life insurance?		X

E. (Contd.) Have you ever	Yes	No
91. Received, is there pending, or have you applied for pension or compensation for existing disability?		X
92. Had, or have you ever been advised to have, any surgical operations?		X
93. Consulted or been treated by clinics, hospitals, physicians, healers, or other practitioners for other than minor illnesses?		X
94. Had any illness or injury other than those already noted?		X

REMARKS *(Every "Yes" response in items 11 through 34 must be explained in the space below. Give dates and complete details including names of doctors and hospitals or clinics and the current status of the condition. Continue on a separate sheet and attach to this form if additional space is needed.)*

#21 Wear soft contact lenses.
#22 Allergies--grass, hay and dust.
#28 and 29 Concussion while playing softball - knocked out. Seen in emergency room at George General Hospital, Rome NY, July 1985, Dr Henry.
#41 Treated for gingivitis in 1982. No problem now. Dr Gabelman, Elm Street, Vail CO.
#66 Flatfeet. Treated with orthotics when participating in sports. Seen by Dr Williams, Salem MA.
#80 Car sickness in childhood. I've outgrown it. No treatment.

I certify that I have reviewed the foregoing information supplied by me and that it is true and complete to the best of my knowledge. I authorize any of the doctors, hospitals, or clinics mentioned above to furnish the Government a complete transcript of my medical record for purposes of processing my application for this employment or service.

TYPED OR PRINTED NAME OF EXAMINEE	SIGNATURE	DATE SIGNED
LISA A. MORAY	Lisa A Moray	15 Dec 88

NOTE: HAND TO DOCTOR OR NURSE OR IF MAILED MARK ENVELOPE "TO BE OPENED BY MEDICAL PERSONNEL ONLY"

EXAMINER'S SUMMARY AND ELABORATION OF ALL PERTINENT DATA *(Examiner shall comment on all "Yes" and blank answers (indicating the item number before each comment), develop by interview any additional medical history deemed important, and record significant findings here. If additional space is needed, continue on a separate sheet and attach to this form.)*

#21 Wear soft contact lenses. Lenses removed 22 days prior to exam.
#22 Allergic rhinitis during spring, treated with OTC medications, well controlled, NCNS.
#28 and 29 HX of concussion in 1986, LOC 2 minutes, skull x-rays negative, neurological evaluation, WNL, NCNS.
#41 Treated for Gingivitis 1982, resolved.
#66 Flatfeet. Wears orthotics when participating in sports.
#80 Car sickness in childhood. No problem now.

AUTHORITY: 10 USC 8012 and Executive Order 9397.

PRINCIPAL PURPOSE: To update a medical file as part of the application process to a United States Service Academy, Reserve Officer Training Corps (ROTC) Scholarship Program, or the Uniformed Services University of Health Sciences (USUHS).

ROUTINE USES: Used to determine medical acceptability for one or more of the Service Academies, ROTC, or USUHS, Information will be released to authorized personnel involved in the selection process. The Social Security Number (SSN) is used for positive identification.

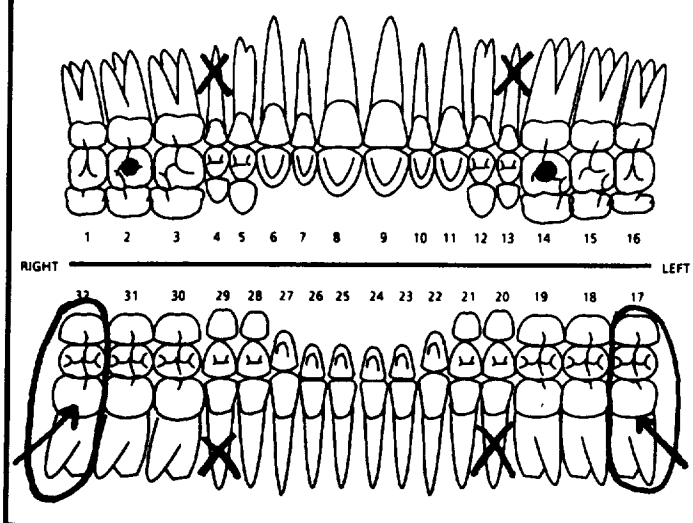
DISCLOSURE: Voluntary; however, failure to furnish the requested information will impede the selection process and hamper your candidacy.

1. APPLICANT'S NAME (Last, First, Middle Initial)	2. SSN
JONES, HARRY W., JR.	100-01-0001

INSTRUCTIONS

To be completed at scheduled Examining Center by the Examining Dentist. Panoramic and bitewing radiographs must accompany this examination and be identified by name and SSN. Expedite completed Dental Examination with completed Medical Examination to: DODMERB/DB, US Academy, Colorado Springs, Co 80840-6518.

3. INDICATE ON THE CHART BELOW, RESTORABLE, NON-RESTORABLE, MISSING TEETH, TEETH REPLACED, SPACES CLOSED AND ANY DEFECTS OR ABNORMALITIES. *(Do not chart restorations)*



4. TYPED OR PRINTED NAME OF EXAMINING DENTIST
MARK V. ALLEN, D.D.S.

5. SIGNATURE OF EXAMINING DENTIST Mark V. Allen

6. DATE SIGNED 6 Jan 89

7. EXAMINING FACILITY

a. NAME
Vandenberg Dental Clinic

b. ADDRESS
USAF Clinic/SGD
Vandenberg AFB CA 93437-5300

NOTE: If examinee has a questionable occlusal relationship, forward diagnostic casts to:
DODMERB/DB
US Academy
Colorado Springs, CO 80840-6518

8. GENERAL *("X" Yes or No for each question)*

YES	NO	
X		a. DENTAL CARIES *(Indicate on chart, do not chart incipiencies).*
X		b. MISSING TEETH, OTHER THAN THIRD MOLARS *(indicate on chart by marking "X" through the roots).*
	X	c. NON-RESTORABLE TEETH *(indicate on chart by drawing two vertical lines through tooth).*
X		d. UNERUPTED TEETH *(draw circle around the tooth on the chart and indicate position by an arrow).*
	X	e. DEVELOPMENTAL DISTURBANCES IN TEETH *(significant enamel hypoplasias, amelogenesis imperfecta, dentinogenesis imperfecta, etc.).*
	X	f. STAINED TEETH *(intrinsic) (unsightly).*

9. HISTORY OF ORAL DISEASE, TUMOR OR ANY OTHER ABNORMALITY OF THE ORAL CAVITY
("X" Yes or No for each question. If additional space is needed use "REMARKS" section.)

	X	a. HAS THE EXAMINEE EVER HAD A CYST OR TUMOR REMOVED FROM THE MOUTH OR JAWS? *(If so, describe.)*
	X	b. HISTORY OF ABNORMAL BLEEDING OF THE ORAL TISSUES. *(Describe)*
	X	c. ORAL ULCERATIONS, SOFT TISSUE LESIONS, ETC. *(Describe)*
	X	d. HISTORY OF CLEFT LIP
	X	e. HISTORY OF CLEFT PALATE.
	X	(1) If yes, is there an oro-nasal or oro-antral fistula present?
	X	f. HISTORY OF TMJ DISEASE OR PAIN. *(Describe)*

(Continued on reverse side)

10. OCCLUSAL RELATIONSHIP *("X" Yes or No for each question) (If additional space is needed, use "REMARKS" section)*

YES	NO	
	X	a. ANTERIOR VERTICAL OPEN BITE GREATER THAN 1mm.
	X	b. ANTERIOR OVERBITE IN EXCESS OF 4mm.
	X	c. ANTERIOR HORIZONTAL OVERJET IN EXCESS OF 4mm.
	X	d. SOFT TISSUE IMPINGEMENT OF THE LOWER ANTERIOR TEETH INTO THE HARD PALATE, OR THE UPPER ANTERIOR TEETH INTO THE LOWER LABIAL GINGIVAE.
	X	e. ANTERIOR CROSSBITE. *(Describe)*
	X	f. MANDIBULAR PROGNATHISM.
	X	g. POSTERIOR OPEN BITE *(bilateral involving more than one tooth)*.
	X	h. POSTERIOR CROSSBITE *(entire quadrant)*.
	X	i. UNSIGHTLY CROWDING OF THE ANTERIOR TEETH.
	X	j. MULTIPLE CONGENITALLY MISSING TEETH.
X		k. MIDLINE DEVIATION. 2 mm
	X	l. ARE DENTAL STUDY CASTS BEING FORWARDED?

11. ORTHODONTICS *("X" Yes or No for each question)*

X		a. PAST HISTORY OF ORTHODONTIC TREATMENT *(date completed)* June 87
	X	b. PRESENTLY UNDERGOING ACTIVE ORTHODONTIC TREATMENT *(specify fixed or removable)*
X		c. WEARING RETAINER APPLIANCES. 21 thru 27 fixed retainer

12. PROSTHODONTICS *("X" Yes or No for each question) (If additional space is needed, use "REMARKS" section.)*

	X	a. MISSING TEETH *(prosthesis required) (Describe)*
	X	b. MISSING TEETH REPLACED BY AN UNSERVICEABLE PROSTHESIS. *(Describe)*
	X	c. ARE THERE LESS THAN EIGHT, SERVICEABLE, NATURAL TEETH IN EACH ARCH?

13. PERIODONTAL STATUS *("X" Yes or No for each question)*

	X	a. MODERATE TO HEAVY CALCULUS *(supra and or sub-gingival)*
	X	b. GINGIVITIS *(generalized)*
	X	c. ACUTE NECROTIZING ULCERATIVE GINGIVITIS.
	X	d. LOCAL OR GENERALIZED PERIODONTITIS *(with associated bone loss)*.
	X	e. JUVENILE PERIODONTITIS.
	X	f. PERICORONITIS.

14. PANOGRAPHIC RADIOGRAPH EXAMINATION *("X" Yes or No for each question) (If additional space is needed, use "REMARKS" section).*

	X	a. ABNORMAL RADIOLUCENT/RADIOPAQUE AREA. *(Describe)*
	X	b. IMPACTED TEETH WITH PATHOLOGY. *(Describe)*
	X	c. IMPACTED TEETH OTHER THAN THIRD MOLARS. *(Describe)*
	X	d. OTHER RADIOGRAPHIC ABNORMALITIES. *(Describe)*

15. OTHER ABNORMAL CONDITIONS OF THE ORAL CAVITY NOT PREVIOUSLY MENTIONED. *("X" Yes or No)*

	X

16. REMARKS *(Indicate item of reference.) (Use additional sheet if necessary.)*

13a Patient needs prophylaxis and scaling.

1. NAME OF APPLICANT (Last, First, Middle Initial)	2. SSN OF APPLICANT
MARTINEZ CATHERINE L	512-10-0000

INSTRUCTIONS TO EXAMINERS

Studies have shown that the sphygmomanometer cuff must be the correct width for the circumference of the patient's arm. If it is too narrow, the blood pressure readings will be erroneously high. If it is too wide, the readings may be erroneously low. For the average adult, a cuff 12 to 14 cm wide is satisfactory. For arm circumference greater than 28 cm a larger cuff, 18 to 20 cm wide, must be used.

3. ARM CIRCUMFERENCE	4. WIDTH OF THE BLOOD PRESSURE CUFF	5. MEDICATION CURRENTLY TAKEN (If none, so state.)

INSTRUCTIONS

The Department of Defense Medical Examination Review Board (DODMERB) has been requested to update your Service Academy medical examination report. Our records indicate that you were given a medical examination for last year's selection cycle. If there has been no change in your medical or dental condition, we may be able to use your previous examination report as the basis for determining your medical or dental status for the current selection cycle.

4. "I hereby certify that I have not received any medical or dental care since the date of my Service Academy medical examination."

a. The above statement *(X one)*

	(1) **IS TRUE AND ACCURATE** in all respects.
XX	(2) **IS NOT TOTALLY ACCURATE** *(Explain in detail in 4b below.)*

b. Detailed explanation why the statement in 4 above is not totally accurate *(Attach additional pages, if necessary.)*

I had two wisdom teeth removed in Jan 86. I had arthoscopic surgery on my right knee in Nov 85. My knee is fine now.

INSTRUCTIONS TO EXAMINER

Conditions such as mitral valve prolapse and bicuspid aortic valve are being found increasingly even in the presence of "innocent" or "functional" murmurs. We request that you complete this form which will enable the Department of Defense Medical Examination Review Board to make a proper determination of the applicant's cardiac status.

3. GRADE, AMPLITUDE OR INTENSITY (Use the I-VI Scale)	4. LOCATION (Where is the sound heard best?)
Grade I/VI Systolic Murmur	Apex

5. TIMING DURING THE CARDIAC CYCLE (e.g., mid-systole)
Mid Systolic

6. CHARACTER OF THE SOUND (e.g., crescendo-decrescendo)
Decresendo

7. RADIATION OR TRANSMISSION OF THE SOUND
None

8. OTHER SOUNDS (e.g., click)
Mid Systolic Click

9. RESULT OF ECHOCARDIOGRAM (Please attach results - NOT TRACINGS.)
Mitral Valve Prolapse, minimal
DOPPLER: No evidence of mitral regurgitation

10. FINAL IMPRESSION AND OTHER COMMENTS
Innocent murmur by P.E. and by echo.

STATEMENT OF HISTORY REGARDING HEADACHES

Privacy Act Statement

AUTHORITY: Title 10, USC 133, 3012, 5031, 8012 and Executive Order 9397.

PRINCIPAL PURPOSE: To update a medical file as part of the application process to a U.S. Service Academy, Reserve Officer Training Corps (ROTC) Scholarship Programs, or the Uniformed Services University of Health Sciences (USUHS).

ROUTINE USE: To determine medical acceptability for one or more of the service academies, ROTC or USUHS. Information will be released to authorized personnel involved in the selection process. The social security number (SSN) is used for positive identification.

DISCLOSURE: Voluntary; however, failure to furnish the requested information will impede the selection process and hamper your candidacy.

INSTRUCTIONS

Please provide the following information concerning your history of headaches. Be very specific in your answers. If additional space is needed, please use reverse side of this form.

1. HOW OFTEN DO YOUR HEADACHES OCCUR? *(e.g., monthly, quarterly, every six months, etc.)*

Once a month.

2. WHEN HEADACHES OCCUR, WHAT IS THEIR FREQUENCY? *(e.g., once a day, twice, three times, etc.)*

Once a day.

3. HOW LONG DO THE HEADACHES USUALLY LAST? *(e.g., 1 hour, 2 hours, 6 hours, etc.)*

2 hours

4. HAVE YOU EVER TAKEN ANY MEDICATIONS FOR YOUR HEADACHES? IF SO, PLEASE EXPLAIN IN DETAIL *(e.g., what medication, usual dose, etc.)*

Tylenol

5. DO HEADACHES INTERFERE WITH NORMAL ACTIVITIES?

No

6. LIST ANY OTHER PERTINENT INFORMATION CONCERNING THIS PROBLEM

N/A

7. HAS A PHYSICIAN DIAGNOSED YOUR HEADACHES? IF SO, WHAT WERE THE FINDINGS?

Tension headaches

4. SIGNATURE OF EXAMINER	5. DATE SIGNED
L. Cheuvront USAF	16 Jun 87

DD Form 2489, FEB 87

FARNSWORTH LANTERN COLOR VISION TEST - INSTRUCTIONS

PREPARATION FOR TESTING

1. Give the test in a normally lighted room; screen from glare; exclude sunlight. Examinee should not face the source of room illumination.

2. Only one person should be tested at a time. (Others shall not be allowed to watch.)

3. Station examinee eight feet from lantern.

4. If examinee ordinarily wears contact lenses or glasses for distance, they should be worn. Color correcting lenses, if worn, must be removed prior to testing.

ADMINISTRATION AND SCORING

1. Instruct examinee, "The lights you will see in this lantern are either red, green, or white. They look like signal lights at a distance. Two lights are presented at a time - in any combination. Call out the colors as soon as you see them, naming first the color at the top and then the color at the bottom. Remember, only three colors - red, green, and white - and top first."

2. Turn knob at top of lantern to change lights; depress button in center of knob to expose lights. Maintain regular timing of about two seconds per light.

3. Expose the lights in random order starting with a RG or GR combination (Numbers 1 or 5), continuing until each of the nine combinations has been exposed.

4. If no errors are made on this first run of nine pairs of lights, examinee is passed.

5. If any errors are made on this first run, give two more complete runs.

6. Average the errors of these last two runs. If an average of more than one error per run is made, examinee is failed. If an average of one, or less than one error per run is made, examinee is passed.

7. An error is considered the miscalling of one or both of a pair of lights; if an examinee changes his/her response before the next light is presented, record the second response only.

8. If an examinee says "yellow," "pink," etc., you should say, "There are only three colors - red, green, and white."

9. If an examinee takes a long time to respond, you should say, "As soon as you see the lights, call them."

ADDITIONAL INSTRUCTIONS FOR PERFORMING MEDICAL TESTS

This attachment gives guidelines on the additional medical information needed along with the physical examination of applicants to a US service academy (Air Force, Military, Naval, Coast Guard, Merchant Marine), Four-Year ROTC Scholarship, or the USUHS.

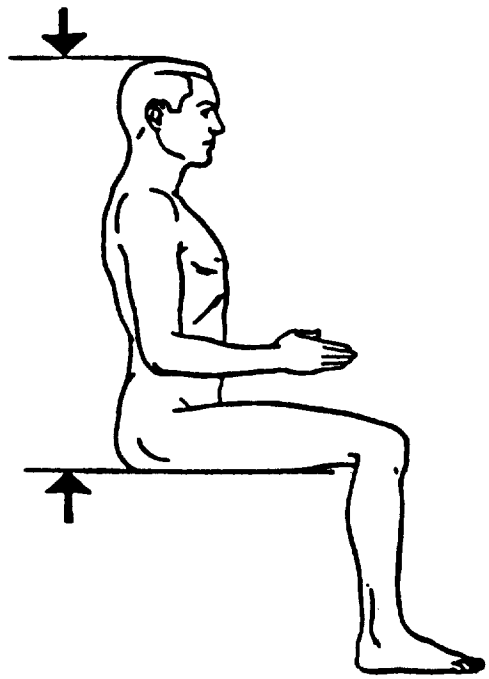
a. Reading Aloud Test (RAT). Administer the RAT to all applicants. The test must be given as follows:

(1) Have the examinee stand erect, face the examiner across the room, and read aloud the statement in 2 below, as if he or she were confronting a class of students.

(2) If he or she pauses, even momentarily on any phrase or word, the examiner immediately and sharply says, "What's that?" and makes the examinee start over again with the first sentence of the text. The true stammerer usually will halt again at the same word or phonetic combination, and will often show serious stammering.

"You wish to know all about my grandfather. Well, he is nearly 93 years old; he dresses himself in an ancient black frock coat, usually minus several buttons; yet, he still thinks as swiftly as ever. A long flowing beard clings to his chin giving those who observe him a pronounced feeling of the utmost respect. When he speaks, his voice is just a bit cracked and quivers a trifle. Twice each day he plays skillfully and with zest upon our small organ. Except in winter, when the ooze of snow or ice is present, he slowly takes a short walk each day. We have often urged him to walk more and smoke less, but he always answers, "Banana oil!" Grandfather likes to be modern in his language."

b. Sitting Height. To measure sitting height, have the examinee sit on a hard surface, hips flexed at 90 degrees (°), lower legs dangling free, and torso erect, with head facing directly forward. Measure from the top of the head to the top of the hard surface the examinee is seated upon. Measure sitting height to the nearest quarter of an inch. (See diagram.)



c. Near Point of Accommodation. Have the examinee wear his or her usual corrective lenses. The object of the test is to determine the nearest point where the examinee can read print that is 1 millimeter (mm) (.62 Snellen-Metric), or J-2) high. Hold the test card so near the eye that the examinee cannot read it, then slowly move it away until the examinee can read the print correctly. Record the results for each eye in diopters. If an ophthalmologist or optometrist is doing the test, with the manifest refraction findings in place, use monocular push-up amplitude of accommodation and record the results for each eye in diopters.

d. Near Point of Convergence (NPC). The object of the test is determining the point on a ruler where eye convergence is the greatest. Place the ruler's zero mark about 15 mm from the corneal surface. Start the movable object at the far end of the ruler, and move it slowly toward the nose. The point of convergence is the point on the ruler where eye convergence is the greatest, but without breaking fusion. Record the results in millimeters.

e. Red Lens Test. The examinee should be 30 inches from a tangent screen or a central fixation point. The fixation point should be on a plain wall, 48 inches from the floor, with intersecting lines of 45°, 90°, 135°, and 180°,

running at least 20 inches from the point of fixation. These lines may be marked at 4-inch intervals, and a cord 30 inches long fastened at the fixation point to measure the testing distance. the examinee's eye should be on an exact line, perpendicular to the fixation point so that the head and eyes are not tilted in any direction. Seat the examinee on an adjustable stool and steady his or her head by placing the chin on a chin rest, so that the visual axis will not change during the test. Put a red lens in front of one of the examinee's eyes. Then move a point of light outward in the six cardinal directions from the center of the screen; right, left, up and to the right, up and to the left, down and to the right, and down and to the left. Instruct the examinee to follow the light with his or her eyes, without moving his or her head, and to tell you if there is either a change in the color of the light (suppression) or a doubling of the light (diplopia). Demonstrate a change in the color of the light at the beginning of the test, showning that it may be either red, white, or pink, by using an occluder. Move the light into one of the upper diagonal fields until the brow cuts off the view from one, to verify that the examinee understands. The examinee should report a change in color. Place a five diopter prism, base up or base down, before one eye to produce diplopia, which the examinee should report. This will avoid the danger of routine negative responses. If you wish, alternate this prism with a plano lens of the same size to confuse the examinee. Note and record the point on the screen if the examinee has diplopia or suppression when no prism is being used.
