MINIMUM ENROLLMENT WAIVER REQUEST
(See Medicare Managed Care Manual Chapters 2)

In accordance with 42 CFR 422.503 and 422.514, an organization must have at least 5,000 enrollees, or 1,500 if non-urban, in order to enter into a MA contract with CMS. However, the regulation allows CMS to grant a waiver of this minimum enrollment up to three years if CMS determines that the organization has the capability to manage a health care delivery system and ability to handle the level of risk required of a MA contractor.

Please check below the Minimum Enrollment Waiver request:

- **Urban (at least 5,000 enrollees)**
- **Non-Urban (1,500 enrollees)**

GENERAL INFORMATION
(See Medicare Managed Care Manual Chapter 4)

I. SUMMARY DESCRIPTION

A. Complete the following summary description table.

Complete for the requested MA service area.	Initial Request
Applicant's Current Enrollment as of (date): _____

II. MEDICARE CONTRACT INFORMATION

* Break-even is defined as the point of maximum cumulative deficits followed by two consecutive quarters during which operating revenues exceeded operating expenses. Break-even date shall be the first day of the first quarter.

Please complete and submit the appropriate CMS forms located at <http://www.cms.hhs.gov/healthplans/systems/cmsaccess.asp> or contact Don Freeberger at 410/786-4586. Specifically, the following refers to the location of the individual forms:

- A. The Medicare Application for Access to CMS Computer Systems is located at <http://www.cms.hhs.gov/mdcn/access.pdf> or contact Don Freeberger at 410/786-4586 (for HPMS access and, if needed, additional system access requests). Sign pages as indicated.

Note: Submit a separate HPMS request. Submit requests for access to other systems on a separate form. HPMS access is needed in the early stages of the application process to enable the applicant to input application information into the HPMS application module. Combining the HPMS request with other system access requests will delay the HPMS access approval (access to other systems will be needed after application approval). Place the signed forms in the Documents Section. Include the completed forms in both the electronic and hard copies of the application.

B. Claims System - Validation

The applicant can validate the claims systems in the following ways:

1. Maintain a current claims system that has been previously tested by CMS and has demonstrated the ability to pay Medicare FFS payments (for example, using a third party claims administrator that CMS has tested previously); or

3. Validate the applicant’s claims system – Provide in the Documents section reports and/or narrative that clearly substantiates the process used by the applicant to test the claims system that will be paying PFFS claims. This documentation must demonstrate the ability to accurately pay providers of all

Medicare services an amount not less than the amount the providers would receive under Original Medicare. In addition, the PFFS applicant must agree to:

The applicant must submit how it is integrated into all staff training – particularly in Provider Relations, Customer Service and in Appeals/Grievances; and
- c. Upon request the applicant will submit a biweekly report, to the CMS Regional Office plan manager, data which outlines all provider complaints (verbal and written), particularly where providers or beneficiaries question the amount paid for six months following the receipt of the first claim. This report will outline the investigation and the resolution including the completion a CMS designed worksheet; and
- d. Upon request the applicant will submit a biweekly report to the CMS Regional Office plan manager, data which outlines all beneficiary appeals and/or complaints (verbal and written) related to claims for the six months following the receipt of the first claim. This report will outline the investigation and the resolution including the completion a CMS designed worksheet.

NOTE: Should the data indicate that the MA organization offering the PFFS plan is not meeting the access requirements as outlined above, CMS may institute a Claims Payment test, a Corrective Action Plan requiring the MAO to come into compliance and/or move to the initiation of Enforcement Actions as provided in 422.752.

All PFFS applicants must answer the following sections regardless of which option is chosen for Validation of Meeting Access Standards.

PART D PRESCRIPTION DRUG BENEFIT – [422.252]

Note: PFFS plans are not required to offer the Part D drug benefit. MSA plans may not offer the Part D drug benefit.

I. PART D PRESCRIPTION DRUG BENEFIT

The Medicare Modernization Act requires that coordinated care plans offer at least one MA plan that includes a Part D prescription drug benefit (an MA-PD) in each county of its service area. To meet this requirement, your organization must timely complete and submit a separate Medicare Advantage Group Prescription Drug Plan application (MA-PD application) in connection with the MA-PD. Failure to file the required MA-PD application will result in a denial of this application and will not be considered an “incomplete” MA application.

The MA-PD application can be found at:

http://www.cms.hhs.gov/PrescriptionDrugCovContra/04_RxContracting_ApplicationGuidance.asp#TopOfPage or you may contact Marla Rothouse at 410/786-8063. Specific instructions to guide MA organizations in applying to qualify to offer a Part D benefit during 2007 are provided in the MA-PD application.

The MA-PD application is an abbreviated version of the application used by stand-alone Prescription Drug Plan (PDPs), as the regulation allows CMS to waive provisions that are duplicative of MA requirements or where a waiver would facilitate the coordination of Part C and Part D benefits. Further, the MA-PD application includes a mechanism for Medicare Advantage organizations to request CMS approval of waivers for specific Part D requirements under the authority of 42 CFR 423.458 (b)(2).
