

John,

Per our conversation, the Drug Enforcement Administration (DEA) is requesting the withdrawal from OMB review of DEA information collection 1117-0004: Application for Permit to Export Controlled Substances. This collection will expire April 30, 2008. This collection is being revised as part of implementation of the Controlled Substances Export Reform Act of 2005 (Pub. L. 109-57). DEA published a Notice of Proposed Rulemaking, including proposed revisions to information collection 1117-0004, proposing implementation of the Act on October 18, 2006 (71 FR 61436). DEA is working to draft the Final Rule based on comments received. DEA does not anticipate that this draft will be provided to OMB for review for a couple of months. Therefore, DEA is requesting the withdrawal from OMB review of the subject information collection. DEA will submit this collection to OMB with the Final Rule package.
