

IEPS PROGRAMS CURRENT AND PLANNED REPORTING SCHEDULE

The following spreadsheet outlines IEPS program report due dates: both the current schedule of report due dates and any planned changes to the reporting schedule. The reports covered are the non-competitive continuation (NCC) reports, interim reports, and final reports. For the purposes of this spreadsheet, NCC reports are those submitted in the spring, which are then used to make NCC awards. Interim reports are those submitted in the fall or winter throughout the duration of the grant. Final reports are due within 90 days of the grant end date. The one program that does not follow this framework is FLAS, which has Academic Year interim (AY I) and final reports (AY F), and Summer interim (S I) and final (S F) reports.

Some projects have variance in the grant begin and end dates, and thus, the scheduled report due dates. Those used most frequently are listed separately in the event that future grants will follow approximately the same variations in begin, end, and report due dates.

GPA Annual (1 Year) DIRECTOR	4/1	8/31	11/30	1	F	N/D/B	completed prior to the trip	1	I	D	Please note that GPA Annual grants have some differences in begin and end dates, and thus report due dates. The most common timeframe is included on this chart. Also, for the planned schedule, the Project Directors will submit a pre-seminar report before the trip (included here as Interim), and a post-seminar report after returning from the trip (included here as Final).

The most common timeframes are included on this chart. The NCC reports are currently being collected only in hard copy, but this will change beginning in 2/2007, when the reports will be completed in the IEPS system.
