National Center for Special Education Research

Pre-Elementary Education Longitudinal Study

Kindergarten Teacher Questionnaire

Dear Jeacher:

Your school district is participating in an important U.S. Department of Education study called the Pre-Elementary Education Longitudinal Study (PEELS). The child named on the label is one of more than 3,000 children nationwide who are taking part in PEELS.

The study will follow the children as they move through kindergarten and into the early elementary school years. This questionnaire is the only source of information about the kindergarten programs and experiences for this child. Because of this, your opinions are vitally important.

Please complete this questionnaire and return it in the postage-paid envelope within 3 weeks. Answer all questions to the best of your knowledge and use your best guess when answering questions for which you are not quite sure of the answer. However, try as best you can to avoid responses that represent complete guesses. If necessary, please consult with colleagues in answering questions. Be assured that your answers will be confidential, and no information will be reported that identifies you, this child, or this school. We have enclosed \$10 as a token of our appreciation.

Before beginning this questionnaire, you may want to gather the following information so that you will be able to complete the questionnaire more quickly:

- The school file for the child whose name is on the label, including, if applicable, the most recent Individualized Education Program (IEP);
- Attendance records for this child during October of this school year; and
- Child's previous school records.

If you have any questions about the study or the questionnaire, please feel free to call the PEELS toll-free hot line at 1-888-534-8348, send an email to questions@peels.org, or visit the PEELS web site at www.peels.org.

Thank you so much for your contribution to this very important study.

Project Director, PEELS

Call the PEELS toll-free hot line:

1-888-534-8348

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1850-0809. The time required to complete this information collection is estimated to average 20 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington D.C. 20202-4651. If you have comments or concerns regarding the status of your individual submission of this form, write directly to: National Center for Special Education Research, Institute of Education Sciences, U.S. Department of Education, 555 New Jersey Ave., NW, Washington, D.C. 20208.

Who should complete this questionnaire?

This questionnaire should be completed by the teacher or service provider who knows the child whose name appears on the label above and can describe the kindergarten program or special education and related services for this child.

 Can you tell us about the child whose name appears on the label? Yes No
 Can you tell us about this child's kindergarten program? Yes No
 Can you tell us about special services this child receives (e.g., speech therapy)? Yes No
If you answered NO to ALL three questions: DO NOT COMPLETE THIS QUESTIONNAIRE. PLEASE PASS THE QUESTIONNAIRE ON TO THE PERSON WHO IS BEST ABLE TO DESCRIBE THIS CHILD'S KINDERGARTEN PROGRAM OR SPECIAL SERVICES.
If you answered YES to ANY of the three questions: PLEASE PROCEED TO SECTION A →

- If the child does not attend a kindergarten class but receives services, interpret references to the child's class to mean the service setting.
- Any question referring to IEPs (Individualized Education Programs for a child with a disability) is meant to refer also to IFSPs (Individualized Family Service Plans for a child with a disability) in states using the latter for children ages 3 through 5.

Pection A:

KINDERGARTEN PROGRAM AND CHILD PROGRESS

AINDENGARIER I ROGRAM AND CHIED I ROGRESS					
REMINDER: "This child" refers to the child whose name appears on the label.					
A1.	 What is the current grade level placement of this child? PLEASE ✓ CHECK ONE. 1 ○ Kindergarten 2 ○ Ungraded 3 ○ Other (Specify:) 				
A2.	Approximately how much school time per weel the following settings? PLEASE INDICATE EITHE	R MINUTES OR		* *	
		Number of minutes /week	OR	Number of hours /week	
	a. Regular education classroom				
	b. Special education setting				
	c. Therapy/special service setting (office, small room, etc.)				
	d. Setting outside of the classroom for other remediation or assistance (e.g. Title I, English as a second language [ESL])				
	e. Home instruction				
A3.	Which of the settings below is considered to be PLEASE CHECK ONE. O1 Regular education classroom O2 Special education setting O3 Home O4 Other (Specify:	this child's ma	in edu	ication setting?	

A4.	In what capacity (or capacities) are you involved with this child? PLEASE CHECK ALL THAT APPLY.
	on O a. Provide instruction directly to this child
	oz O b. Provide related services directly to this child
	os O c. Provide consultation to this child's teacher(s)
	o4 O d. Provide case management (e.g., program monitoring) for this child
	os O e. Program administrator/supervisor
	of O f. Supervise instructional assistant assigned to work with this child
	o7 O g. Other (Specify:)
A5.	What is your main role in this school? PLEASE CHECK ONE.
1201	1 Regular education classroom teacher
	2 O Special education teacher
	3 Related service provider (Specify:)
	4 O Other (Specify:)
A6.	How many years have you been teaching or working in your current professional capacity? Number of years
A7.	What are the total numbers of children with IEPs and without IEPs enrolled in this child's main class? PLEASE ENTER ONE NUMBER ON EACH LINE. IF THE CHILD IS ENROLLED IN MORE THAN ONE CLASS, PLEASE RESPOND FOR THE CLASS IN WHICH THE CHILD SPENDS THE MOST TIME.
	Number of children with IEPs in child's class
	Number of children without IEPs in child's class If "0," go to Question A9
A8.	Among the children without IEPs in this child's main classroom, how many are currently under formal review for special education services? PLEASE ENTER ONE NUMBER. Number of children under formal review

•	Approximately how many TOTAL hours per week does this child spend in your classroom or instructional setting?			
	Number of hours per week			
0.	How many of the following people are usually in the room during the this child's time in your classroom?	e majority of		
	PLEASE ENTER ONE NUMBER ON EACH LINE. ENTER "O" IF NONE.			
		Number of people		
	a. Kindergarten teachers (not special education)			
	b. Special education teachers

This questionnaire is designed to measure **how often** a student exhibits certain social skills. Ratings of problem behaviors are also requested.

Read each of the items on A22 and A23 and think about this student's behavior during the past month or two. Decide **how often** the student does the behavior described.

- · If the student never does this behavior, check the 0.
- If the student sometimes does this behavior, check the 1.
- If the student very often does this behavior, check the 2.

Here are two examples:

work.

	H	low Often	?	
	Never	Sometimes	Very Often	
Shows empathy for peers.	0 🔾	1 🔾	2	
Asks questions of you when unsure of what to do in schoolwork.	0 🔾	1 🕳	2 🔾	
This student very often shows empathy for classmates. Also, this student sometimes asks questions when unsure of school-				

Please do not skip any items. In some cases you may not have observed the student perform a particular behavior. Make an estimate of the degree to which you think the student would probably perform that behavior.

Items A24 and A25 omitted.

ACADEMIC RATING SCALE

Directions: The Academic Rating Scale is separated into two areas: (1) language and literacy and (2) mathematical thinking. You are asked to rate this child's skills, knowledge, and behaviors within each of these areas based on your experience with this child. This is NOT a test and should not be administered directly to the child. Each question includes examples that are meant to help you think of the range of situations in which the child may demonstrate similar skills and behaviors. The examples do not exhaust all the ways that a child may demonstrate what he/she knows or can do.

The following **five-point** scale is used for each of the questions. It reflects the degree to which a child has acquired/chooses to demonstrate the targeted skills, knowledge, and behaviors.

1	=	Not yet	Child has <i>not yet</i> demonstrated skill, knowledge, or behavior.
2	=	Beginning	Child is <i>just beginning</i> to demonstrate skill, knowledge, or behavior and may do so very inconsistently.
3	=	In progress	Child demonstrates skill, knowledge, or behavior <i>with some regularity</i> but varies in level of competence.
4	=	Intermediate	Child demonstrates skill, knowledge, or behavior <i>with increasing regularity and average competence</i> but is not completely proficient.
5	=	Proficient	Child demonstrates skill, knowledge, or behavior competently and consistently.
N/A	=	Not applicable	Skill, knowledge, or behavior has <i>not been introduced</i> in classroom setting.

Rate only the child's **current** achievement or motivation. Rate this child compared to other children of the same age level. If the skill, knowledge, or behavior has been introduced in the classroom, please rate the child using the numbers **1 through 5**. Check "**NA**" only if the skill, knowledge, or behavior has not been introduced in your classroom setting.

Children with limited English proficiency (LEP) (e.g., ESL, ELL): Please answer the questions based on your knowledge of this child's skills. If the child does not yet demonstrate skills in English but does demonstrate them in his/her native language, please answer the questions with the child's native language in mind.

Children with special needs: It may be necessary to consider adaptations for some questions to make them more inclusive for this child's skills/use of adaptive equipment. Some children may utilize alternative forms of verbal communication (e.g., sign language, communication boards) or written communication (e.g., word processors, Braille, dictation). Please answer the questions with these adaptations in mind.

A26. Language and literacy PLEASE CHECK ONE IN EACH ROW.

THIS CHILD	Not yet	Beginning	In progress	Inter- mediate	Proficient	Not applicable
a. Uses complex sentence structures (e.g., says "If she had brought her umbrella, she wouldn't have gotten wet," or "Yesterday it was raining cats and dogs," or "Why can't we go on the field trip at the same time as the first grade?").	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
b. Understands and interprets a story or other text read to him/her (e.g., retelling a story just read to the group, or telling about why a story ended as it did, or connecting part of the story to his/her own life).	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
c. Easily and quickly names all upper- and lowercase letters of the alphabet.	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
d. Produces rhyming words (e.g., says a word that rhymes with "chip," "shop," drink," or "light").	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
e. Reads simple books independently (e.g., reads books with a repetitive language pattern).	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
f. Uses different strategies to read unfamiliar words (e.g., examines cues from pictures or context, or uses consonant sounds to read words, or uses prior knowledge in order to make predictions).	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
g. Composes simple stories (e.g., by writing about a personal experience in a journal).	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
h. Demonstrates an understanding of some of the conventions of print (e.g., by using both upperand lowercase letters when writing, or putting spaces between words, or using a period at the end of a sentence).	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
i. Uses the computer for a variety of purposes (e.g., by drawing a picture, or counting objects, or typing numbers, letters, or words).	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 0

__1

A27. Mathematical thinking PLEASE ✓ CHECK **ONE** IN EACH ROW.

THIS CHILD	Not yet	Beginning	In progress	Inter- mediate	Proficient	Not applicable
a. Sorts, classifies, and compares math materials by various rules and attributes (e.g., creating a rule for sorting keys, such as "keys with numbers" in one pile and "keys without numbers" in another pile, or sorting shapes by several attributes such as "large plastic shapes" and "small wooden shapes")	1 🔾	2 🔾	3 🔾	4 O	5 🔾	0 0
b. Orders a group of objects (e.g., by ordering rods or sticks by length, or arranging paints from lightest to darkest, or musical instruments from softest to loudest).	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
c. Shows an understanding of the relationship between quantities (e.g., knowing that a group of 10 small stones is the same quantity as a group of 10 larger blocks).	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 🔾
d. Solves problems involving numbers using concrete objects (e.g., "Vera has six blocks, George has three, how many blocks are there in all?" or "How many do I need to give George so he will have the same number of blocks as Vera?").	1 🔾	2 🔾	3 🔾	4 O	5 🔾	o O
e. Demonstrates an understanding of graphing activities (e.g., by looking at a picture graph on favorite ice cream flavors and knowing which flavor is the most popular and which one is the best)	1 🔾	2 🔾	3 🔾	4 🔾	5 🔾	0 0
f. Uses instruments accurately for measuring (e.g., by using a balance scale to compare the weight of two objects, or using tablespoons and teaspoons during a cooking project, or using a measuring tape to measure the length of different objects).	1 ()	2 🔾	3 🔾	4 🔾	5 🔾	0 0
g. Uses a variety of strategies to solve math problems (e.g., using manipulative materials, looking for a pattern, or acting out a problem)		2 🔾	3 🔾	4 🔾	5 🔾	0 0

	n of the following methods do you commonly use to assess how well this child ng in your class? PLEASE CHECK ALL THAT APPLY.
