#### **SURVEY OF SERVICE DISABLED VETERANS**

#### **PART A: Informed Consent and Introduction**

Hello, my name is \_\_\_\_\_\_. I would like to speak with [veteran] about a letter he/she received from the Veterans Disability Benefits Commission.

- A.1 Is this [veteran]?
  - 1. Yes SKIP TO A.3
  - 2. No
- A.2 IF A1=NO: Can you tell me a good time to call back to reach [veteran]? SET CALLBACK SCHEDULE.
- A.3 IF A1=YES: A few weeks ago, General Scott, the Chairman of the Veterans' Disability Benefits Commission, sent you a letter about a survey on service-connected disabilities and quality of life. Did you receive and read this letter?
  - 1. Yes CONTINUE and SKIP the Privacy Act Notice shown *in italics*.
  - 2. No CONTINUE and READ the Privacy Act Notice shown in *italics*.
  - 3. Don't know CONTINUE and READ the Privacy Act Notice shown in *italics*.

The reason I am calling you is because you are a part of a randomly selected interview sample of veterans who receive disability benefits from the VA. The purpose of our study is to provide information to Congress and the President about veterans' disability payments – specifically, how fair and effective they are in compensating disabled vets for the loss of potential earnings and other issues. Your response is very important because it represents not only your own circumstances, but also those of many others. The answers that you give will be kept confidential and will be used for research purposes only. *PRIVACY ACT NOTICE: Your information is protected by the Federal Privacy Act Law.* The Commission hired ORC Macro, a private, independent research firm, to conduct this survey.

The survey, which typically lasts 15-25 minutes, asks you questions about your life satisfaction, health care, health status and employment. Participation in the survey will not affect your VA disability benefits. There are no risks to you if you participate in this survey, but if you feel uncomfortable with any of the questions, you may choose to skip them, or to stop the interview at any time. Although there are no direct benefits to you for participating in this survey, your participation will help better assess the program.

#### A.4 Do you have any [other] questions about the survey?

- 1. Yes
- 2. No

IF "YES", ELICIT SPECIFIC QUESTIONS AND RESPOND PER TRAINING, THEN REPEAT A.4 UNTIL ANSWER IS "NO."

#### A.5 Is now a convenient time for the interview?

- 1. Yes
- 2. No

IF YES, CONTINUE.

IF NO, SET CALLBACK SCHEDULE. IF ASSISTANCE NEEDED, RECORD NAME OF ASSISTANT FOR CALLBACK AND SET CALLBACK SCHEDULE.

## A.6 According to our records, you receive a monthly disability benefit payment from the VA. Is this correct?

- 1. Yes
- 2. No

The Veterans Disability Benefits Commission is currently conducting a survey on the quality of life, employment, education, and health status of survivors of disabled veterans to assess the effectiveness of the benefits payment in helping survivors after the veteran's death. You are a part of a randomly selected interview sample of people who receive benefit payments from the VA's Dependency and Indemnity Compensation program. Your response is very important because it represents not only your own circumstances, but also those of many others. The answers that you give will be kept confidential and will be used for research purposes only. *PRIVACY ACT NOTICE: Your information is protected by the Federal Privacy Act Law.* The Commission hired ORC Macro, a private, independent research firm, to conduct this survey.

The survey, which typically lasts 20-30 minutes, asks you questions about your life satisfaction, health care, health status and employment. Participation in the survey will not affect your VA disability (or survivor) benefits. There are no risks to you if you participate in this survey, but if you feel uncomfortable with any of the questions, you may choose to skip them, or to stop the interview at any time. Although there are no

direct benefits to you for participating in this survey, your participation will help better assess the program.

## Initial "Cover Letter" eMail to National VSO Accredited Claims Representatives (To be sent from a VDBC email account approx 1½ weeks prior to survey)

Dear National VSO Accredited Claims Representative:

The Veterans' Disability Benefits Commission (VDBC) was created by an Act of Congress to "carry out a study of the benefits under the laws of the United States that are provided to compensate and assist veterans and their survivors for disabilities and deaths attributable to military service." (Title XV, PL 108-136, the National Defense Authorization Act for Fiscal Year 2004). Its members, who were appointed by the President and leaders of Congress, are reviewing information they deem necessary in developing their report to the President and the Congress.

Although the VDBC is primarily interested in assessing benefits provided and standards for determining appropriate compensation, it is also interested in the benefits determination and disability rating process. The VDBC has determined that surveying those on the "front lines" of this process, who have first-hand experience working with it, is a necessary part of the study it is charged with carrying out. *The VDBC invites you*, as an accredited claims representative of a national VSO, to participate in this survey. We received your email address through a request to all national VSOs for a list of their accredited claims representatives. The information and insights you can provide regarding the process and your experiences assisting veterans and their survivors to prepare, present, and prosecute their disability and compensation claims would be of great use to the commission.

We have hired an independent research and analysis company, The CNA Corporation (CNAC), to conduct this survey, which will use a secure website to collect your responses online. In about a week, CNAC will send you an email with instructions on how and when to access the survey website and respond to it on-line. This email from CNAC will also provide you with an embedded link to the website that uniquely identifies you as a qualified respondent. Please be assured that only CNAC analysts will have access to your individual responses, will keep them confidential and secure, and will use them for research purposes only. They will not share your individual responses with anyone outside of CNAC, and will only report aggregated results that will not permit the identification of individual respondents.

Your participation in this survey is voluntary, but I encourage you to participate. The survey will take about 30-40 minutes of your time. Your answers, along with those of other accredited VSO claims representatives, will help the VDBC gain a better understanding of how best to compensate and assist our Nation's disabled veterans and their survivors. On behalf of my fellow Commissioners, I thank you for your assistance on this very important project.

Sincerely,

James Terry Scott, Lieutenant General, US Army, Retired Chairman, Veterans' Disabilities Benefits Commission

## Follow Up eMail from CNAC to National VSO Accredited Claims Representatives (To be sent about a week after the initial eMail from the VDBC Chair)

Dear National VSO Accredited Claims Representative:

This is a follow up to the email letter you should have received about a week ago from Gen Scott, the Chair of the Veterans' Disabilities Benefits Commission (VDBC). Your email address has been provided to us at The CNA Corporation (CNAC) by the VDBC for purposes of instructing you in how to access and answer a survey of all national VSO accredited claims representatives that we are conducting for the VDBC. The survey findings will be used by the Commission in preparing its report to the President and the Congress regarding the benefits provided to compensate and assist veterans and their survivors for disabilities and deaths attributable to military service.

If you voluntarily agree to participate, you may access the survey by using the internet link provided below. It will take you to a secure website that contains the on-line survey, and uniquely identify you to the website as a national VSO accredited claims representative who is qualified to take the survey. Please note that this link is to be used by you and you alone. Do not share it with a colleague. Your national VSO colleagues will each receive a unique link of their own. Once you complete the survey, the link will be inactivated; however, please keep a copy of the link (or do not delete this email) until you totally complete and submit the survey. This will allow you to re-enter the website and continue answering questions if you did not totally complete the survey during your first session.

Your unique link to the survey website is: <a href="https://www.uniquelink123.cna.org">https://www.uniquelink123.cna.org</a>.

In the unlikely event the link does not take you to the survey website, please contact CNAC at <a href="mailto:vdbcsurvey@cna.org">vdbcsurvey@cna.org</a> and let us know. You may also use this email address to ask us any questions you may have about the survey. If you would like to know more about CNAC, please visit our website at <a href="http://www.cna.org">http://www.cna.org</a>.

Please complete this survey on-line within the next few weeks, but no later than *Month Day*. We estimate that it will only take you about 30-40 minutes to complete.

Your responses to the survey will be recorded on-line and sent electronically to CNAC. Please be assured that only CNAC analysts will have access to your individual responses, will keep them confidential and secure, and will use them for research purposes only. They will not share your individual responses with anyone outside of CNAC, and will only report aggregated results that will not permit the identification of individual respondents.

Thank you for participating in this very important project. Your survey responses, along with those of other accredited VSO representatives, will assist the VDBC to gain a better understanding of how best to compensate and assist our Nation's disabled veterans and their survivors.

Sincerely, The CNA Corporation
