We need your help to make the 2005-2006 Texas citrus production estimates as accurate as possible. Response is voluntary and not required by law. However, these estimates will help you in planning your production and marketings. Please mail your completed report as soon as possible in the enclosed envelope. Your reported information will be kept confidential. The Citrus Report, which includes production forecasts for Texas and other citrus producing states, will be released around the 10th of the month. Thank you for your cooperation.
