At the request of the mushroom industry, the Department of Agriculture is conducting an annual survey to determine production of mushrooms for the past crop year and intentions for the next crop year. Response to this survey is voluntary and not required by law. However, the information you furnish is confidential and used only in arriving at national and selected State totals. Your prompt response in returning the report in the enclosed envelope, which needs no stamp, is appreciated. An extra copy is enclosed for your records.

Please note the instructions for completing your report.

Please make corrections to name, address and address and Zip Code, if necessary.

INSTRUCTIONS

Use this form to report **only** specialty mushrooms. Report for each variety (such as Shiitake, Oysters, and Other Specialty Mushrooms). Report White Button, Crimini, and Portabello varieties on the Agaricus Mushroom Grower Inquiry form.

Report the mushrooms produced from your facilities and used for processing (canned, frozen, dried) in Questions 3d and e. Include mushrooms you produced and processed as well as your sales to other commercial processing plants. If the answer to any question is "NONE", please enter "NONE" rather than leave the space blank. If the information requested is not readily available from your records in the form requested, furnish your best estimate.

If you have sold or leased all your operation to someone else and did not produce any mushrooms from July 1, 2005 to June 30, 2006, please report the name, address, and telephone number of the new operator in Part III.

If there has been a change in ownership or leasing arrangement during the past 12 months (July 1, 2005 to June 30, 2006), please complete this report for the period of time during which you operated. Please indicate date facilities were transferred to others, and furnish (*in space provided under Part IV*) the name, address, and telephone number of the individual in charge who operated the facilities during the remainder of the year.
