Fax: 1-800-591-3834

Dear Fruit Grower:

Every five years the New York Agricultural Statistics Service conducts a comprehensive survey to update the acreage and varieties of tree fruits in commercial orchards. The information is for the benefit of growers and others interested in the fruit industry.

Cooperation from every producer is vital to the accuracy of the report. Individual data provided is confidential and only summary totals are published. Your report is protected, by law, from public disclosure. Response to this survey is voluntary and not required by law.

Please help reduce costs by reporting promptly. All questionnaires are kept confidential and used only to derive totals.

Thank you for your cooperation.

Stephen C. Ropel

Stephen C. Ropel
State Statistician

Please make corrections in name, address, and zip code, if necessary

GUIDANCE FOR COMPLETING REPORT

1. Report for the total acres of fruit you operate in New York. Include land you own as well as land you rent. Exclude land rented to others. Exclude acreage operated in another state.
2. List acreage by variety and tree type according to year planted. A separate line is required for each variety.
3. Specify the county where trees are located. If you have trees in more than one county, a separate questionnaire must be completed for each county. Call 1-800-821-1276 for a supplement.
4. If you do not grow fruit, please write a note to that effect and return the questionnaire.
5. If your orchard is rented and operated by others, please write their name(s) and address(es) on the questionnaire and return it to us.
6. This survey is a complete census of all known growers. We need a response from every producer. If you are unable to complete the questionnaire by mail, a telephone enumerator or a member of our field staff will assist you. Please call us to arrange an appointment.
7. Trees per acre:
Standard - less than 100
Semi-Dwarf - 100-349
Dwarf - 350+
8. If you need assistance or have any questions please call Robin Gannon or Bill Blackson at 1-800-821-1276.
