Attachment 5c: Telephone Callback Introduction

The following is the Telephone Callback Introduction that interviewers read when interviews are conducted by telephone by previous arrangement with a household member:

"I am _____ from the United States Bureau of the Census. I spoke with (previous respondent) during a visit to your household concerning a health survey we are taking across the Nation. I arranged with (previous respondent) to call today to ask you some questions. Your answers are confidential. This survey is voluntary and you may discontinue participation at any time. Your household has been provided with a letter explaining this survey."
