

October 3, 2006

NOTE TO: Alice Bettencourt

FROM: Sherrette Funn-Coleman

SUBJECT: Request for Approval of SAMHSA Clearance Request

TITLE: **Measures of Co-Occurring Infrastructure**

Type: This is a request for an approval on a new collection. The primary affected public are "State, Local or Tribal Government." This collection does employ statistical methods.

Need/ Used: The purpose for this request for an approval is to implement Measures of Co-occurring Infrastructure (MCI) for States receiving Co-Occurring State Infrastructure Grants (COSIG). Implementing services for persons with co-occurring mental and substance use disorders is a SAMHSA priority, and a central part of SAMHSA's overall performance measurement efforts is the development of a set of measures specific to this population.

Burden: The burden hours requested for this new program is 1100.10.

Certification

Issues: SAMHSA certifies that this collection instrument complies with 5 CFR 1320.9. The notice required by 5 CFR 1320.8 (d) was published in the Federal Register on May 4, 2006 and 4 comments were received, SAMHSA responded to them all.

Recommendation:

I recommend the approval of this request (attached OMB 83-1).
