Note: This statement will be handed out with the survey forms (7-FW-103, 103a, and 103b). The OMB control number and expiration date of this collection will appear on each form.

PAPERWORK REDUCTION ACT STATEMENT

In accordance with the Paperwork Reduction Act (44 U.S.C. 3501 et seq.), please note the following information. This study is authorized by the Migratory Bird Treaty Act (16 U.S.C. 703 et seq.) and by the Migratory Bird Treaty Act Protocol Amendment (1995) and its letter of submittal from the Department of State to the White House, which specifies the need for harvest monitoring. The information you provide will be used for estimating subsistence migratory bird harvest in subsistence eligible areas of Alaska. No names are placed on survey forms, and information will not be reported by household number. Only summary information will be reported. Your response is voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. This information collection has been approved by OMB and assigned clearance number 1018-0124, which expires XX/XX/XXXX. We estimate it will take about 5 minutes to keep a record of your bird and egg harvest depending on the number of times you harvest. Comments on these forms should be mailed to the Information Collection Officer, Mail Stop 222-ARLSQ, U.S. Fish and Wildlife Service, 4401 N Fairfax Dr., Arlington, VA 22207.
