General Information

1. The Director, Bureau of Alcohol, Tobacco, Firearms and Explosives may issue a permit authorizing the importation of a firearm or ammunition into the United States to the place of residence of any military member of the U.S. Armed Forces who is on active duty outside the United States within the 60-day period immediately preceding the intended importation, provided:
 - (a) that such firearm or ammunition is generally recognized as particularly suitable for sporting purposes; excluding surplus military firearms;
 - (b) that such firearm or ammunition is intended for the personal use of such member; and
 - (c) that such importation would not constitute a violation of any provision of the Gun Control Act of 1968, Title VII of the Omnibus Crime Control and Safe Streets Act of 1968, as amended (82 Stat. 236; 18 U.S.C. Appendix), or of any State law or local ordinance at the place of the member's residence.
2. A person not meeting the above criteria may engage the services of a Federal firearms licensee to effect the importation, provided that the firearm is importable.
3. A permit is not required for a firearm or ammunition brought into the United States or any possession thereof by any person who can establish to the satisfaction of Customs that such firearm or ammunition was previously taken out of the United States or any possession thereof by such person.
4. No permit will be issued to import a surplus military firearm, a firearm or ammunition which is not generally recognized as particularly suitable for sporting purposes, or a firearm as defined in 26 U.S.C. 5845 (a) (e.g., *machinегun, silencer, destructive device, short-barreled rifle or short-barreled shotgun, etc.*).
5. Before filing an application to import an ammunition feeding device **with a capacity of more than 10 rounds of ammunition**, prospective applicants should first call the Firearms and Explosives Imports Branch to determine the import status of the device and confirm the documentation necessary. An ammunition feeding device is a magazine, belt, drum, feed strip, or similar device for a firearm that has a capacity of, or that can be readily restored or converted to accept, more than 10 rounds of ammunition.
6. Application for permission to import firearms and ammunition by military members of the United States Armed Forces must be filed on ATF Form 6 -Part II (5330.3B). Commercial firms (*i.e., firearms importers, dealers, DOD civilians, military dependents, etc.*) must use ATF Form 6 - Part I (5330.3A) to apply for permission to import firearms and ammunition.
7. The use or sale of firearms (*including antique firearms*) or ammunition is taxable in certain situations. This tax will probably apply to the sale or use of firearms or ammunition in any business that you conduct. This Federal tax is in addition to any Customs duties. This tax does NOT apply to:
 - (a) The personal use of firearms or ammunition which you had in the U.S. before.
 - (b) Firearms or ammunition (*domestic or foreign*) that were sold and used in the U.S. anytime after 1918.
 - (c) Firearms or ammunition which an individual acquired for use (*for example, shooting or protection*) during a stay outside the U.S. AND used during the stay.
 - (d) Parts for firearms or ammunition. However, tax does apply to a complete firearm or to ammunition in knockdown condition (*for example, kits*).

(e) Firearms or ammunition of a nonresident that are temporarily imported for use in a specific event or action (*for example, any lawful sporting purpose, official law enforcement, or repair*).

8. If firearms or ammunition are brought into the U.S. that do not meet these conditions, this tax may apply to their use or sale. Contact Revenue Operations Branch, Bureau of Alcohol, Tobacco, Firearms and Explosives, Washington, DC 20226, telephone 202-927-8210, or any local ATF Regulatory Enforcement office for help and forms.
