**Privacy Act and Public Burden Statements**

Public Law 104-50 allows the Federal Aviation Administration (FAA) to rate applicants for employment. We need the information on this application questionnaire to see how well your education and work skills qualify you for employment with the FAA. We also need information on matters such as citizenship and military service to see whether you are affected by laws we must follow in deciding whom the Federal government may employ.

Executive Order 9397 authorizes the solicitation of your Social Security Number (SSN) for use as an identifier in personnel records management to assure proper identification of applicants throughout the selection and employment process. The information we collect on this questionnaire, including your SSN, will be used for employment purposes, and it may also be used for statistical studies or computer matching with other government files. Furnishing your SSN or any of the other information requested in the vacancy announcement is voluntary; however, failure to provide this information will prevent the processing of your application and will prevent your consideration for employment. The nature of the information received is confidential, and authorized officials will handle it appropriately. This information becomes part of a Privacy Act System of Records as identified in 5CFR 552a, under OPM/GOVT-1: General Personnel Records.

We estimate it will take you 60 minutes to complete this form, including the time required to read the instructions, provide the requested information, and review your responses. Send comments regarding this estimate or any other aspect of the collection of information, including suggestions for reducing the burden, to the Federal Aviation Administration, Office of Human Resource Management, 800 Independence Avenue, SW, Washington D.C. 20591.
