fed reg doc 06 18 new info collection for office of  
community services

i think the collection of this information is a waste  
of taxpayer dollars. it is clear the bush  
administration has done nothing about the fifteen  
million illegal criminal immigrants in this country  
who are taking the low paying jobs. for this reason,  
how can any american citizen willing to take those  
jobs ever get such a job, since they will be undercut  
by the illegal criminals?

this is a waste of money until the bush administration  
decides to throw out of this country the criminals who  
sneak across our borders and flout our laws. they are  
NOT an asset to this country since they are  
lawbreakers.
