	Total		100			50		\$750	\$0	

\*No. of Respondents x Responses per Respondent x Hourly Burden per Response= Total Hourly Burden

<sup>1</sup> For the purposes of this part, we have estimated that 100 Federally-approved tribes each year will submit either a new tribal probate code or an amendment to an existing tribal probate code.

<sup>2</sup> Because tribes prepare tribal probate codes in the course of their usual and customary business, this time includes only the amount of time it takes to submit the code to the Secretary, and does not include preparation time.

<sup>3</sup> Total responses= sum of number of responses required (i.e., no. of respondents x responses per respondent) under each section.

<sup>4</sup> The cost of reporting and recordkeeping by the public is estimated to be approximately \$15/hour on average based on an average annual salary of \$30,000. We have used this figure as a medium figure that would indicate the cost of having a cover letter typed, the cost of taking an hour's time off work or the cost of time at work where providing the information is within the scope of employment, the cost of using one's vehicle, plus time spent on the activity, and other miscellaneous costs that may be associated with obtaining the information needed to fulfill this part's information collection requirements.
