Date Printed: 02/06/2021

Participant Name: «PrismCust.FullName»
Applicant Name / SSN:

INSTRUCTIONS: Use this form to tell PBGC you want to receive a monthly, rather than annual, payment. If you want to keep receiving annual payments, do not return this form.

1. About your benefit

Annual payments - While most people receive annuity benefits monthly, PBGC makes annual payments to anyone who would receive \$50 or less each month. Each year, we pay the full amount in the first month you should start receiving payments. So, if your monthly benefit is \$20 a month, you will receive \$240, which covers all your payments for the next 12 months.

Monthly payments - If you are entitled to receive annual payments but want monthly payments instead, complete this form provided your monthly payment is \$20 or more. You will start receiving your monthly payments a year after you received your last annual payment. For example, if your last annual payment was in June, you would receive your first monthly payment the following June.

2. Annuity election

My monthly payment amount is \$20 or more. I want this payment each month, not all at once each year.
