ASSISTED LIVING PROGRAM -

- Any group residential program that is not licensed as a nursing home and that provides personal care and support services to people who need help with the activities of daily living (ADL)* as a result of physical or cognitive disability.

-- Assisted living communities are designed for individuals who cannot function in an independent living environment but do not need nursing care on a daily basis. Many assisted living facilities also have professional nurses and other health care professionals on staff or available on call should a resident require special care.

-- These communities go by a variety of names: adult homes, personal care homes, retirement residences, and sheltered housing. Local jurisdictions vary in their definitions and requirements. Assisted living communities are often affiliated with independent living communities or nursing care facilities offering residents a continuum of care for changing needs.

***ACTIVITIES OF DAILY LIVING (ADL)-**

ADL's are considered to be everyday activities, such as walking, getting in and out of bed, dressing, bathing, eating, and using the bathroom.

Ready to transmit TRANSMIT HOLD

WARNING!!! [X]

 The final edit check has found one, or more, missing answers to the Rent questions (Rent Amount, Rent Period, Rent Subsidy, Work Reduction).
Use the Jump Button to view the screen(s) with missing answers or proceed to the Rent Screen now.
If necessary, place the schedule(s) on HOLD and attempt to collect the missing data at a later time.
If the schedule is transmitted with missing rent data, it is considered non-productive, and will not be used in this month's Index calculations.
