Housing Study

A few weeks ago we sent you this short questionnaire and thus far we have not heard from you. Could you please take a moment and complete the questions below? It is important that your area be represented in the study or it may result in an inaccurate estimate of how many people own or rent their homes. As we mentioned, all answers are voluntary, will be held in confidence to the full extent permitted by law, and will be used only for statistical purposes. Your help would really be appreciated.

Would you please complete the questions below and return the survey in the postage paid return envelope.
