Title 18 U.S.C. 1001 makes it a crime for any person who knowingly and willingly makes to any Agency or Department of the United States any false, fictitious or fraudulent statement or misrepresentation as to any matter within its jurisdiction.

- I. PURPOSE** This survey collects coal distribution data from U.S. coal mining companies and wholesale and retail coal dealers, including brokers. Information on coal production and stocks is collected to provide Congress with basic statistics concerning the origin, method of transportation, consumer use, and destination of U.S. coal, as required by the Federal Energy Administration Act of 1974 (FEAA) (P.L. 93-275) as amended.
- These data appear in the *Quarterly Coal Report*, the *Monthly Energy Review*, and the *State Energy Data Report*. In addition, the Energy Information Administration uses the data for coal transportation related analysis and in short and mid-term models (i.e., the Short-Term Integrated Forecasting System (STIFS), the Intermediate Future Forecasting System (IFFS)). The forecast data appear quarterly in the *Short-Term Energy Outlook* and the *Annual Energy Outlook* publications.
- II. WHO SHALL SUBMIT** Form EIA-6 Schedule Q shall be submitted by all companies in the 50 United States and the District of Columbia that produced 30,000 or more short tons of coal during the year defined by the current reporting quarter and the previous three reporting quarters. In addition, a form shall be submitted by all non-producing coal companies (distributors) that average 10,000 or more short tons of coal stocks per quarter. These companies include wholesale coal dealers (including brokers), and retail coal dealers. Companies that take custody (physical possession) of the coal and transport but never own the coal need not report.
- III. WHERE TO SUBMIT** Companies shall return completed EIA-6 Schedule Q forms to:
Energy Information Administration, EI-52
Mail Station: BG-076, FORSTL
U.S. Department of Energy
Washington, D.C. 20077-5651
Attn: EIA-6 Schedule Q
- IV. WHEN TO SUBMIT** Form EIA-6 Schedule Q shall be submitted no later than one month after the close of each reporting quarter. The reporting quarters are January - March 31, April 1 - June 30, July 1 - September 30, and October 1 - December 31. The respective due dates are **May 1, August 1, November 1, and February 1**.
- 5. SANCTIONS** The timely submission of Form EIA-6 Schedule Q data by those required to report is mandatory under Section 13(b) of the Federal Energy Administration Act of 1974 (FEAA) (Public Law 93-275) as amended. Failure to respond may result in a civil penalty of not more than \$2,750 per day for each violation, or a fine of not more than \$5,000 per day for each willful violation. The government may bring a civil action to prohibit reporting violations which may result in a temporary restraining order or a preliminary or permanent injunction without bond. In such a civil action, the court may also issue mandatory injunctions commanding any person to comply with these reporting requirements.
- VI. GENERAL INSTRUCTIONS** Report coal production and stocks for each state your company has produced coal during the reporting quarter and has stocks of coal originating in that state. Complete all data items on the form applicable to your operation. All figures should be rounded to the nearest whole number. Report all tonnage in short tons (2,000 pounds). Blanks will be interpreted as zeros; therefore it is not necessary to enter Anot applicable@ (NA) or dashes or zeroes where you have no data to report.
