Re: 83-c for the NCVS-2
OMB Approval Number 1121-0111

This memo explains adjustments reflected in the 83-c form for the above data collection. The current instrument has several questions about disabilities. The existing questions are being replaced with the questions below that are currently used in the American Community Survey (ACS). There is no expected change in overall burden.

Current questions	New questions
<p>167. Does a mental health condition currently keep you from participating fully in work, school, or other activities?</p> <p>168. Do you have any of the following:</p> <ul style="list-style-type: none"> a. An intellectual disability such as mental retardation or Down Syndrome? b. Autism? c. Cerebral Palsy? <p>169.
