**OMB SUPPORTING STATEMENT FOR
AUTOMATED UNDERREPORTER (AUR) – CY07
TO MEASURE CUSTOMER SATISFACTION
IRS, WAGE AND INVESTMENT DIVISION
TIRNO-05-Z-00014**

Introduction

IRS has replaced its traditional measures of accomplishment with a balanced measurement system consisting of business results, customer satisfaction, and employee satisfaction. The Automated Underreporter (AUR) section within the Compliance Operating Unit (OU) of the Wage and Investment (W&I) Division will be responsible for notifying taxpayers of discrepancies between the income information reported on their tax returns and the income information supplied by their employers and other organizations. As an important customer interface for Wage & Investment, Automated Underreporter will need feedback from customers (i.e., taxpayers) to continuously improve its operations. This initiative is part of the Service-wide effort to establish a system of balanced organizational performance measures mandated by the IRS Restructuring and Reform Act of 1998. This is also a result of Executive Order 12862, which requires all government agencies to survey their customers and incorporate customer preferences in their process improvement efforts.

The key goals of the survey are to track customer satisfaction at the three Wage and Investment Automated Underreporter sites and nationwide and to identify operational improvements.

Customer Satisfaction Survey

The customer satisfaction survey questionnaire is attached. Completion of the survey is expected to take approximately three minutes. The survey will be administered between January and December 2007

The objective of the survey will be to gauge customer expectations and perceptions about the AUR process. The questionnaire is based on the vendor's Net Impression methodology, which asks respondents to evaluate various aspects of their experience and to provide an overall summary evaluation. The questionnaire was developed based on inputs from a focus group with customers who had received a notice from the IRS notifying them of a discrepancy between their W2 or 1099 Forms and the earnings information reported on their tax returns. The results should facilitate more effective management of W&I Automated Underreporting by:

- Providing insight from the customer's perspective about possible improvements.
- Providing useful input for program evaluation and execution at the programmatic and field office level of service delivery.

The survey will include several ratings questions evaluating service delivery during the AUR process as well as several demographic items. In addition, ample space will be provided for suggestions for improvement. Survey scoring for this contract will be based on the Customer Satisfaction Survey Score response average to the keystone question – "How would you rate your overall experience with the way your discrepancy

Deleted: ¶

was handled?" Questions will utilize a 5-point rating scale, with 1 being very dissatisfied and 5 being very satisfied. All survey responses generated will be confidential. The vendor shall ensure that taxpayers responding to the survey are guaranteed anonymity.

Design and Methodology

The sample universe will consist of taxpayers with closed AUR cases beginning in January 2007. The vendor will select 670 taxpayers per quarter (stratifying by the three W&I AUR sites), resulting in a total of 400 completed questionnaires each quarter (133 per site) and 1,600 completed questionnaires per year (400 per site).

The vendor will administer the survey by mail on a monthly basis. Standard procedures will be used in order to obtain the highest response rate possible for the mail survey. These will include: 1) an advance letter about the survey; 2) the initial survey with a cover letter; 3) a postcard reminder; and, 4) a second letter and survey to non-respondents.

The vendor will, on a quarterly basis, summarize the quantitative ratings and produce a national report showing customer satisfaction scores on all AUR survey items and overall improvement priorities for the function. The vendor will deliver two versions of each national report, one with any appropriate site-level data and one without site references. On an annual basis, the vendor will prepare three site reports containing individual site scores on each of the survey items and improvement priorities for the individual sites. The vendor will include any relevant database variables in the analysis and will weight the survey responses as necessary to reflect accurately the entire customer base.

Reports of survey findings will be distributed to the IRS each quarter. Each report will be delivered approximately seven weeks after the survey cut-off date for the quarter.

Evaluation

For the quarterly reports, the vendor will use basic and advanced statistical techniques including, but not limited to, analysis of variance and the prioritization of improvement priorities using vendor's established technique.

- Survey counts and overall response rates for the local partners.
- The overall level of customer satisfaction with services provided by AUR.
- The averages and frequencies for all rating questions.
- The differences in satisfaction ratings and attitudes across customer segments.
- Which areas of service, in priority order, AUR should focus its resources to improve overall satisfaction.
- Cross tabulations of variables for the customer surveys.
- Analysis of the relationship between survey responses.
- Analysis of the one open-ended question for improvement suggestions. The vendor shall transcribe and code the responses to the open-ended question and will conduct content analysis in order to provide AUR with the top ten categories of concern.

Estimates of the Burden of Data Collection

The AUR survey has been designed to minimize burden on the taxpayer. The time that a respondent takes to complete the survey has been carefully considered and only the most important areas are being surveyed. The average time of survey completion is expected to be 3 minutes, plus 2 minutes to read the pre-notification letter. This is based on the questionnaire consisting of 16 satisfaction questions and 4 demographic questions, plus one open-ended question on suggestions for improvement. The questions are generally one sentence in structure and on an elementary concept level.

We have made every attempt in designing this survey to maximize response rate.

Using the response rate of 60 percent, then the total burden in hours is estimated to be 133 hours (1,600 surveys x 3 minutes / 60 minutes + 1,600 pre-notification letters x 2 minutes / 60 minutes).

For non-respondents, the total number of burden hours is estimated to be 89 hours (2,680 pre-notification letters x 2 minutes/ 60 minutes).

The grand total burden is estimated to be 222 hours for the year.

Other Information

The estimated cost associated with this study is \$89,000

Privacy, Security, Disclosure and Confidentiality

All participants will be subject to the provisions of the Taxpayer Bill of Rights II during this study and the contractor will ensure that all participants are treated fairly and appropriately.

Formatted: Font: (Default) Arial

Formatted: Left

The security of the data used in this project and the privacy of taxpayers will be carefully safeguarded at all times. Security requirements are based on the Computer Security Act of 1987 and Office of Management and Budget Circular A-130, Appendices A & B. Physical security measures include a locked, secure office. Notes are stored in locked cabinets or shredded. Data security at the C-2 level is accomplished via the Windows NT operating system. Systems are password protected, users profiled for authorized use, and individual audit trails generated and reviewed periodically.

The IRS will apply and meet fair information and record-keeping practices to ensure privacy protection of all taxpayers. This includes criteria for disclosure—laid out in the Privacy Act of 1974, the Freedom of Information Act, and Section 6103 of the Internal Revenue Code—all of which provide for the protection of taxpayer information as well as its release to authorized recipients.

The survey will not contain tax return or taxpayer information. Survey participants will not be identified in any of the documents or files used for this project. We will limit and control the amount of information we collect to those items that are necessary to

Formatted: Default Paragraph Font

Formatted: Normal

accomplish the research questions. We will carefully safeguard the security of data utilized as well as the privacy of the survey respondents. We will apply the fair information and record-keeping practices to ensure protection of all survey respondents. The criterion for disclosure laid out in the Privacy Act, the Freedom of Information Act, and section 6103 of the Internal Revenue Code provides for the protection of information as well as its releases to authorized recipients.

IRS WAGE AND INVESTMENT CUSTOMER SATISFACTION SURVEY AUTOMATED UNDERREPORTER (AUR)

The IRS is trying to improve its service to the public. You can help in this important mission by answering the questions below. This voluntary survey should take less than five minutes to complete. When completing this survey, please mark your responses with an 'x' using a blue or black pen like this example . Do not mark outside of the response area like this example . Your responses will be kept completely confidential. If you have any questions about this survey, you may call The Survey Processing Center at 1-866-377-8208.

1 The questions that follow ask your opinion regarding the discrepancy that was highlighted on your tax return. For each question, regardless of whether you agree or disagree with the final outcome, please indicate your opinion by choosing a number from 1 to 5, where 1 means "Very Dissatisfied" and 5 means "Very Satisfied."

1. Length of time it took to hear from the IRS that you had a discrepancy 1 2 3 4 5 Not applicable

2. Length of time it took to hear from the IRS that you had a discrepancy 1 2 3 4 5 Not applicable

3. Ease of understanding the form notifying you of the discrepancy 1 2 3 4 5 Not applicable

4. Accuracy of the discrepancy amount 1 2 3 4 5 Not applicable

5. Completeness of information about the discrepancy 1 2 3 4 5 Not applicable

6. Flexibility in resolving the discrepancy 1 2 3 4 5 Not applicable

7. Ease of understanding documents explaining the action taken on your account 1 2 3 4 5 Not applicable

8. Ease of using the automated telephone system 1 2 3 4 5 Not applicable

9. Length of time it took you to get through to an IRS employee 1 2 3 4 5 Not applicable

10. Completeness of information you received during this call 1 2 3 4 5 Not applicable

11. Did you call the IRS toll-free number? Yes No

12. What is the primary reason that you called the IRS toll-free number? (Check one response only)

The notice was too complicated

I needed general information (i.e. mailing address, check amount information, etc.)

I had additional questions about my case and wanted to speak with an IRS employee

SAMPLE ADDRESS 1

SAMPLE ADDRESS 2

SAMPLE ADDRESS 3

SAMPLE ADDRESS 4

SAMPLE ADDRESS 5

ANYTOWN, US 12345-6789

Dear JOHN Q & MARY Q SAMPLE:

I need your help with an important initiative I am undertaking to improve our service to America's taxpayers. I want to get feedback from taxpayers like you who have received a notice from the IRS pointing out a discrepancy between the earnings information reported on their tax return and the information provided to us by organizations such as banks and employers.

In a few days, you will receive a questionnaire asking your opinions about the process of resolving such discrepancies with the IRS. Please direct it to the person in your household who had the most contact with the IRS on this matter. The questionnaire should take less than 5 minutes to complete. Your answers will be combined with others to give us an evaluation on customer satisfaction with IRS service.

To keep all replies confidential, we have asked an independent research company to administer the survey. The survey processing center employees will process the questionnaires and report only statistical totals to us.

I am committed to improving IRS service to every taxpayer. Please help me in this effort by completing and returning the questionnaire as soon as possible. If you do not receive a questionnaire, please contact our Survey Processing Center at 1-866-377-8208.

Sincerely yours,

Jim Grimes
Director, Compliance
Wage and Investment Division

Survey Processing Center

Do We Have Your Input Yet?

Recently, you received a questionnaire asking your opinions about the service you received from the IRS in a recent contact. If you have already completed and returned the questionnaire, please accept our sincere thanks. If not, please take a few minutes to complete it and return it today. We want to be sure we have your opinions and suggestions.

If you did not receive the questionnaire, or it got misplaced, please call 1-866-377-8208.

Dear JOHN Q & MARY Q SAMPLE:

A few days ago you received a letter from Jim Grimes, Director, Compliance, Wage and Investment Division, asking for your help with an important research project.

We are administering a nationwide survey among people who have had contact with the Internal Revenue Service (IRS). We want to know your opinions about the process of resolving a discrepancy between the earnings information reported on your tax return and information provided to the IRS by organizations such as banks and employers. Your responses are critical to the accuracy of this research.

We are sending questionnaires to a random sample of taxpayers who have had such discrepancies. All responses are confidential, and your participation is voluntary. We will group your responses with others, so that no individual reply can be traced back to any one person.

The questionnaire is quite brief and should take less than five minutes to complete. Please use the postage-paid reply envelope to return your completed questionnaire. If you have any questions or concerns, please feel free to call the Survey Helpline at 1-866-377-8208.

The IRS is committed to improving its performance and service to the American public. A first step in this process is to gather reliable information from those who have had contact with IRS services and employees. Your honest opinions will help bring about this improvement.

Sincerely,

A handwritten signature in cursive script that reads "Peter Webb".
