PRIVACY ACT STATEMENT **GSFC FORM 24-27** **"LOCATOR AND INFORMATION SERVICES TRACKING** **SYSTEM" (LISTS) FORM**

In the U.S. Code, Title 5, Section 301, Title 42, Section 2473, and Title 44, Section 3101, authorize collection of this information. Executive Order 9397 authorizes collection of your Social Security Number when that number will be used as a unique employee identification number. Privacy information requested on GSFC Form 24-27 is collected and maintained pursuant to the NASA System of Records published as "NASA 51LISTS." Providing privacy information is a voluntary action, although failure to do so may result in being denied a GSFC identification badge or access to printed materials in the Library.

The intended official uses of the privacy and personal information are: to assist the Security Office in issuing identification badges and coordinating clearance requests; to establish for the Library an authorization for use of its printed materials; to identify the listed emergency contact in case of an emergency to a Center employee or guest worker; and to provide a home address in case an employee or guest worker must be contacted during off hours or for official mailings to a home address.

The official uses of the general (non-privacy/personal) records are: to locate individuals working for or at the Goddard Space Flight Center; to improve services provided to the Center including mailroom operations, space utilization, identification of potentially hazardous work environments, scheduling of annual physical examinations, and maintenance of Center's mainframe user identification names; and as a tool for performing short- and long-term institutional planning.

Additional routine uses of the LISTS information, uses which are standard for many NASA Systems of Records, include law enforcement, disclosure when requesting information, disclosure of requested information, and court proceedings. These uses are cited in full text in the "NASA 51LISTS" System of Records notice.
