# ***Homeless Provider Grant and Per Diem Program Per Diem Only Application Section A - Instructions***

VA Form  
JAN 2003

**10-0361 PDO**

## SECTION A – GENERAL INFORMATION AND INSTRUCTIONS

**Paperwork Reduction Act (PRA) Notice:** This application has been approved by OMB (Office of Management and Budget) under PRA, 44 USC 3507, and assigned an OMB approval number. The requested information is needed and will be used by VA to determine eligibility for and award of grants/per diem under the VA Homeless Providers Grant/Per Diem Program (PL 107-95). Submission of the requested information is required to obtain a benefit.

**Respondent burden:** Public reporting burden for this collection of information is estimated to average 35 hours per response, including the time for reviewing instructions, searching existing data source, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimated or any other aspect of this collection of information, including suggestions for reducing this burden, to the Department of Veterans Affairs.

**Purpose and goals:** The purpose of the VA Homeless Providers Grant and Per Diem Program is to promote the development and provision of supportive housing and/or appropriated supportive services, including innovative approaches to assist homeless veterans in the transition from homelessness and to enable them to live as independently as possible. The goal of this program is to help homeless veterans, primarily those living in places not ordinarily meant for human habitation or in emergency shelters, to (1) achieve residential stability; (2) increase their levels and/or income; and (3) obtain greater self-determination. These goals are reflected in the application package and selection criteria for the program.

**Residential stability** refers to access to, and length of stay in, stable affordable housing. Achieving residential stability involves not only the availability of affordable, permanent housing, but also the success of the program in addressing the problems that led to the veteran becoming homeless. Those problems may involve mental illness, substance abuse, physical disabilities, unemployment, or other factors.

**Increased skill level and/or income** refers to the resources needed to enable persons to live as self-sufficiently as possible. For many homeless persons this involves actions to bridge the gap between current income and the cost of living. The gap could be closed through employment, a higher-paying job, or access to entitlement benefits. The likelihood of obtaining a job, or a higher-paying job, could be enhanced through job or skills training, or enrolling in General Equivalency Diploma (GED) or higher education courses. For homeless persons with mental or physical disabilities that are so severe as to rule out outside employment, the goal of increased skill level and/or income may involve actions to increase self-sufficiency in other ways (e.g., life skills training, increased income through employment within a project, or increased income through access to entitlement benefits).

**Greater self-determination** refers to increases in the influence that participants have on decisions that affect their lives. Those increases may result from such actions as involvement in the development of his or her individual housing and supportive services plan (including developing personal goals), participating in resident advisory council meetings or other involvement in the development of program rules and procedures, involvement in program implementation through such activities as employment and volunteer services, and choice in selecting service providers.

**Measurable objectives:** To apply these goals to their proposed program, applicants must establish and include in their applications measurable objectives for each of the three goals. Applicants must also describe how their proposed programs will help them achieve these goals.

The measurable objectives established by each applicant are expected to vary based on the specific needs and characteristics of the homeless veterans proposed to be served as well as the specific program chosen. Where the population proposed to be selected has multiple or particularly difficult problems that need to be addressed, objectives should reflect realistic expectations.

The highest ratings under the quality of project plan criterion of the application will be awarded to applications containing project plans that describe specific measurable objectives for each of the common goals specified above, how the proposed housing and services will help residents reach these goals, how the program's success will be evaluated, and how program modifications will be made, if necessary, as a result of this evaluation.

VA will not consider the level of expectations described in the objective in rating applications. That is, an application that contains realistic objectives that reflect the very dysfunctional nature of the population to be served will be treated the same as an application that contains more optimistic objectives that reflect a less dysfunctional population. VA specifically does not want the process of establishing measurable objectives to lead applicants away from serving homeless persons with the most serious problems. VA does want applicants for each program to adopt the three goals, carefully consider how they can achieve them through their proposed projects, establish measurable objectives to gauge whether they are achieving the goals and, if funded, periodically measure project results and, as necessary make program adjustments.

**Eligible activities:** Funds may be used to provide operational costs as outlined in governing regulations for programs that furnish supportive services and supportive housing for homeless veterans, including:

1. Transitional housing (up to 24 months) with supportive services designed to enable homeless veterans to become as independent as possible;
2. Supportive services in a service center facility for homeless veterans not in conjunction with supportive housing.

**Life Safety Code Compliance:** All entities receiving grants and or per diem under PL 107-95 must meet the fire and safety requirements applicable under the Life Safety Code of the National Fire Protection Association as well as any local or state codes as required.

**Eligible applicants:** Public or nonprofit private entities are eligible to apply for per diem payments, including states, metropolitan cities, urban counties, or other governmental entities, Indian tribal governments, and private nonprofit organizations.

**Per diem award process:** VA will notify applicants within grouped categories according to the funding priorities set forth in the NOFA, if any. Applicants will then be ranked, within their respective

## Department of Veterans Affairs Homeless Providers Grant & Per Diem Program

funding category if applicable. The highest-ranked applications for which funding is available, within highest priority funding category if applicable, will be selected to receive a special needs grant in accordance with their ranked order. If funding priorities have been established and funds are still available after selection of those applicants in the highest priority group VA will continue to conditionally select applicants in lower priority categories in accordance with the selection method set forth in the regulations subject to available funding.

VA expects to announce these selections within 120 days of the application submission deadline. Such applicants will be subsequently notified of any additional project information necessary for grant award and the date of the deadline for submission of such information. If an applicant is unable to meet any conditions for grant award within the specified timeframe, VA reserves the right to not award funds and to use the funds available for other components of the Grant and Per Diem Program.

**Technical deficiencies:** VA will notify an applicant in of any curable technical deficiencies in the application and the date by which these deficiencies must be corrected. VA must receive corrections in accordance with the information specified in the letter. If the applicant fails to submit the corrections with in this period, VA will disqualify the application.

Curable technical deficiencies are items that are not necessary for VA review under the selection criteria (e.g., failure to submit a required certification). Applicants may not submit items that would improve the substantive quality of the application after the application deadline.

**Documentation and public access requirements:** VA will ensure that documentation and other information regarding each application submitted are sufficient to indicate the basis upon which assistance was provided or denied. This material, including any letters of support, will be made available for public inspection for a five-year period beginning not less than 30 days after the award of the assistance. Material will be made available in accordance with the Freedom of Information Act (5 U.S.C. 552) and VA's implementing regulation at 38 CFR § 1.553.

## GENERAL INSTRUCTIONS FOR APPLICATION COMPLETION

**Components:** Funds are available for assistance in the form of per diem to:

Provide operational costs as outlined in governing regulations for programs that furnish supportive services and supportive housing for homeless veterans.

A more detailed description of these components, including program requirements, is contained in the rule published in the *Federal Register*, 38 CFR part 61.0. A copy of these regulations is provided in the appendix of this application. Applicants must review the regulations before completing this application.

**Application deadline:** Only complete and timely applications will be considered for funding. To be considered timely, the application must be received at the address and by the time and date specified in the Notice of Fund Availability (NOFA) published in the Federal Register. Applications received after

## Department of Veterans Affairs Homeless Providers Grant & Per Diem Program

the date and time published in the NOFA will not be accepted even if postmarked by the deadline date. Following the application deadline, applicants will be notified that their application has been received. To be considered complete all items requested in the grant application must arrive as a single application package. Materials arriving separately will not be included in the application package for consideration and may result in the application being rejected or not funded.

**Organization of the Application:** The application is composed of sequentially numbered single, print on one-side pages. This allows for easy removal of each individual page for copying and insertion into typewriters or printers. Not all pages are to be completed by all applicants. Applicants should pay close attention to the specific instructions in each section.

The application is divided into the following sections: (A) General Instructions, (B) Per Diem Only Submission, (C) Not Applicable for this award, (D) Forms, and (E) Appendices. The majority of the application has been formatted in a manner allowing all information and responses to be placed directly on the form. There will be a wide variety of response types.

Generally, a combination of “Fill in the Blank” and “Narrative or Essay” have been used. Many questions have specific text box spaces for responses. Responses should be typed, by using a typewriter, computer, or word processor in the appropriate space provided unless otherwise indicated. **Font size should be 10 point or larger. Do not use the backs of the pages.** Applicants may duplicate on white paper and distribute these materials as needed.

**Specific instructions:** Specific Instructions are located at the beginning of each area with most areas being self-explanatory.

**Responses to questions:** Please do not read “into” the questions. Simply, answer the questions in a direct manner. Be sure to answer all parts of the question. The questions are designed to provide an accurate view of the proposal to a review panel. The space that is provided is sufficient to complete an accurate response. If applicants find they are having trouble answering a question in the space provided, they should look at the response and eliminate what may be unnecessary information. Chances are that a following question will provide an opportunity to use the eliminated information.

**Information other than requested:** The application is designed to provide VA with sufficient information to determine eligibility and to assign rating points for each section criterion. **Applicants must not include information other than that requested.** Moreover, applicants are asked to be concise in presenting requested information and must not exceed the designated spaces provided for response or add additional pages unless the application specifically instructs the applicant to respond on additional pages.

**Definitions and References:** Definitions and references can be found in the Rules and Regulations provided in the appendices. Generally, subjects are self-explanatory or a reference is given as to where to obtain a specific topic explanation.

**Final application assembly:** An assembly checklist has been provided. The application must be assembled in the order shown on the assembly checklist. After the entire application is assembled:

The certification or explanation will be considered in connection with the determination of the Department of Veterans Affairs (VA) whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participating in this transaction.
2. The certification in this clause is a material representation of fact upon which reliance was placed when VA determined to enter into this transaction. If it is later determined that the prospective participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, VA may terminate this transaction for cause of default.

### 13. CERTIFICATION REGARDING DRUG-FREE WORKPLACE

#### A. INSTRUCTIONS FOR CERTIFICATION DRUG-FREE WORKPLACE

By signing and/or submitting this, application or grant agreement, the grantee is providing the certification set out below.

1. The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
2. For grantees other than individuals, Alternate I applies.
3. For grantees who are individuals, Alternate II applies.
4. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
5. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
6. If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).
7. Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:
  - Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308-11 through 1308.15);
  - Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes;
  - Criminal drug statute means a federal or non-federal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;
  - Employee means the employee of a grantee directly engaged in the performance of work under a grant, including:
    - (i) All direct charge employees;
    - (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and
    - (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

**THIS CERTIFICATION IS REQUIRED BY 38 CFR PART 44, VA'S REGULATIONS  
IMPLEMENTING THE DRUG-FREE WORKPLACE ACT OF 1988.**

- B. The grantee certifies that it will or will continue to provide a drug-free workplace by:
- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibitions:
  - (b) Establishing an ongoing drug-free awareness program to inform employees about--
    - (1) The dangers of drug abuse in the workplace;
    - (2) The grantee's policy of maintaining a drug-free workplace;
    - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
    - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
  - (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
  - (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will--
    - (1) Abide by the terms of the statement; and
    - (2) Notify the employer in writing of any conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
  - (e) Notifying the Agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
  - (f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted--
    - (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
    - (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a federal, state or local health, law enforcement, or other appropriate agency;
  - (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

### General Instructions

This form is designed so that application can be made for funds from one or more grant programs. In preparing the budget, adhere to any existing Federal grantor agency guidelines which prescribe how and whether budgeted amounts should be separately shown for different functions or activities within the program. For some programs, grantor agencies may require budgets to be separately shown by function or activity. For other programs, grantor agencies may require a breakdown by function or activity. Sections A, B, C, and D should include budget estimates for the whole project except when applying for assistance which requires Federal authorization in annual or other funding period increments. In the latter case, Sections A, B, C, and D should provide the budget for the first budget period (usually a year) and Section E should present the need for Federal assistance in the subsequent budget periods. All applications should contain a breakdown by the object class categories shown in Lines a-k of section B.

### Section A. Budget Summary Lines 1-4 Columns (a) and (b)

For applications pertaining to a *single* Federal grant program (Federal Domestic Assistance Catalog number) and *not requiring* a functional or activity breakdown, enter on Line 1 under Column (a) the Catalog program title and the Catalog number in Column (b).

For applications pertaining to a *single* program *requiring* budget amounts by multiple functions or activities, enter the name of each activity or function on each line in Column (a), and enter the Catalog number in Column (b). For applications pertaining to multiple programs where none of the programs require a breakdown by function or activity, enter the Catalog program title on each line in Column (a) and the respective Catalog number on each line in Column (b).

For applications pertaining to *multiple* programs where one or more programs *require* a breakdown by function or activity, prepare a separate sheet for each program requiring the breakdown. Additional sheets should be used when one form does not provide adequate space for all breakdown of data required. However, when more than one sheet is used, the first page should provide the summary totals by programs.

### Lines 1-4, Columns (c) through (g)

For *new applications*, leave Column (c) and (d) blank. For each line entry in Columns (a) and (b), enter in Columns (e), (f), and (g) the appropriate amounts of funds needed to support the project for the first funding period (usually a year).

For *continuing grant program applications*, submit these forms before the end of each funding period as required by the grantor agency. Enter in Columns (c) and (d) the estimated amounts of funds which will remain unobligated at the end of the grant funding period only if the Federal grantor agency instructions provide for this. Otherwise, leave these columns blank. Enter in columns (e) and (f) the amounts of funds needed for the upcoming period. The amount(s) in Column (g) should be the sum of amounts in (e) and (f).

For *supplemental grants and changes to existing grants*, do not use Columns (c) and (d). Enter in Column (e) the amount of the increase or decrease of Federal funds and enter in Column (f) the amount of increase or decrease of non-Federal funds. In Column (g) enter the new total budgeted amount (Federal and non-Federal) which includes the total previous authorized budgeted amounts plus or minus, as appropriate, the amounts shown in Columns (e) and (f). The amount(s) in Column (g) should not equal the sum of amounts in Columns (e) and (f).

**Line 5** - Show the totals for all columns used.

### Section B Budget Categories

In the column headings (1) through (4), enter the titles of the same programs, functions, and activities shown on Lines 1-4, Column (a), Section A. When additional sheets are prepared for Section A, provide similar column headings on each sheet. For each program, function or activity, fill in the total requirements for funds (both Federal and non-Federal) by object class categories.

**Line 6a-i** - Show the totals of Lines 6a to 6h in each column.

**Line 6j** - Show the amount of indirect cost.

**Line 6k** - Enter the total of amounts on Lines 6i and 6j. For all applications for new grants and continuation grants the total amount in column (5), Line 6k, should be the same as the total amount shown in section A, Column (g), Line 5. For supplemental grants and changes to grants, the total amount of the increase or decrease shown in columns (1)-(4), Line 6k should be the same as the sum of the amounts in section A, Columns (e) and (f) on Line 5.

**Line 7** - Enter the estimated amount of income, if any, expected to be generated from this project. Do not add or subtract this amount from the total project amount, show under the program

For new applications and continuation grant applications, enter in the proper columns amounts of Federal funds which will be needed to complete the program or project over the succeeding funding periods (usually in years). This section need not be completed for revisions (amendments, changes, or supplements) to funds for the current year of existing grants.

If more than four lines are needed to list the program titles, submit additional schedules as necessary.

**Line 20** - Enter the total for each of Columns (b)-(e). When additional schedules are prepared for this Section, annotate accordingly and show the overall totals on this line.
