INSTRUCTIONS FOR DD FORM 2807-2, MEDICAL PRESCREEN OF MEDICAL HISTORY REPORT

1. This form is to be completed by each individual who requires medical processing in accordance with Army Regulation 40-501 Chapter 2 standards, or Department of Defense Directive 6130.3, "Physical Standards for Appointment, enlistment, or Induction." The form should be completed by the applicant with the assistance of the recruiter, parent(s), or guardian, as needed (see page 2).

2. This form replaces the existing medical prescreening form (DD Form 2246). The revisions are designed to ensure that medical prescreening questions "used by recruiters and by U.S. Military Entrance Processing Command are specific, unambiguous and tied directly to the types of medical separations most common for recruits during basic training and follow-on training" (per P.L. 105-85, Div. A, Title V, S 532).

3. Use of this form will also facilitate efficient, timely, and accurate medical processing of individuals applying for service in the United States Armed Forces or Coast Guard. The form is designed to assist recruiters in the medical pre-screening of applicants.

4. The individual completing the DD Form 2807-2 will submit the form, at a minimum, 1 processing day in advance to the MEPS projected to process the individual. A minimum of 2 processing days in advance is required if support documentation (e.g., private physicians paperwork, treatment records, etc.) is required to augment the MEPS CMO review.

EXPLANATION OF CODES.

a. If the applicant was evaluated and/or treated on an out-patient basis, obtain a copy of actual treatment records of the private medical doctor (PMD) or health care provider (HCP), to include (if any):

b. If the applicant was hospitalized, then obtain a copy of the hospital record, to include (if any): ER report, admission history and physical, study reports, procedure reports, operative report (especially necessary for surgery to bone or joint), pathology report, specialty consultation reports, and discharge summary.

(2) If an applicant has been diagnosed or treated since age 12 for any attention disorder (Attention Deficit Disorder (ADD) or Attention Deficit Hyperactivity Disorder (ADHD), etc.), academic skills or perceptual defect, or has had an Individual Education Plan (IEP), call the MEPS for additional instructions.

(3) Condition to be discussed with the examining Medical Officer at time of the medical examination.

(4) Call MEPS Medical Section to discuss examinee's medical history BEFORE sending the individual in for physical examination.
