BRS CLOSEOUT REPORT

Introduction

This report is the last of a series that you have completed throughout the life of your ATP project. These reports provide crucial information for ATP program officials to use in assessing the value of the ATP program, and reporting to policymakers and stakeholders. Thus it is important that you read the questions carefully and provide your best answer.

The purpose of these reports is to gather information about your project and company. Because the information requested is quite diverse, the person completing this report may need to gather information from various company sources and personnel. These sources should include individuals with detailed knowledge of the technical and business aspects of the ATP-funded project, and general knowledge about your company as a whole.

Please respond to the questions on this report with regard to the following project:

Project title: []

Period of performance: []

Section 8: Research Outputs

The following section concerns the research output that may have been generated from your company's ATP-funded technology. The section is divided into five parts: presentations, publications, patent applications, issued patents, and project awards. You will be asked to provide the following information for each subsection:

Presentations:

Date of presentation
Title of presentation
Name of meeting or conference
Location of meeting or conference (city, state, country)
Approximate attendance
Author names

Publications:

Date of paper
Title of paper
Status of paper (unpublished, submitted for publication, accepted for publication)
Name of journal of publication where paper was submitted or published (if applicable)
Volume, issue, page numbers (if published)
Author names

Patent applications:

Application number
Application date
Application title
Status of application (pending, issued, abandoned, denied)
Assignee name
Type of application
Inventor names

Patents issued:

Patent number
Issue date
Patent title
Assignee name
Inventor names

Project awards:

Title of award
Year of award
Awarding organization
Type of award (scientific/technical, business/industry)

Presentations

We are interested in conference or meeting presentations where your company has publicly disseminated information about your ATP-funded project.

Please review the information provided for each presentation identified in earlier BRS reports. If the date, title, conference name or author list of the presentation is incorrect, click on the “Edit button” to correct that information. You will have the opportunity to add new presentations in a separate table.
