

## **Appendix A: Authorizing Legislation**

Public Law 108-154  
108th Congress

An Act

To revise and extend the Birth Defects Prevention Act of 1998.

Dec. 3, 2003

[S. 286]

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,*

Birth Defects and Developmental Disabilities Prevention Act of 2003.  
42 USC 201 note.

**SECTION 1. SHORT TITLE.**

This Act may be cited as the “Birth Defects and Developmental Disabilities Prevention Act of 2003”.

**SEC. 2. NATIONAL CENTER ON BIRTH DEFECTS AND DEVELOPMENTAL DISABILITIES.**

Section 317C of the Public Health Service Act (42 U.S.C. 247b-4) is amended—

(1) in subsection (a)(2)—

(A) in subparagraph (A)—

(i) by striking “and developmental disabilities” and inserting “, developmental disabilities, and disabilities and health”; and

(ii) by striking “subsection (d)(2)” and inserting “subsection (c)(2)”;

(B) in subparagraph (B), by striking “and” at the end;

(C) in subparagraph (C), by striking the period and inserting a semicolon; and

(D) by adding at the end the following:

“(D) to conduct research on and to promote the prevention of such defects and disabilities, and secondary health conditions among individuals with disabilities; and

“(E) to support a National Spina Bifida Program to prevent and reduce suffering from the Nation’s most common permanently disabling birth defect.”;

(2) by striking subsection (b);

(3) in subsection (d)—

(A) by striking paragraph (1) and inserting the following:

“(1) contains information regarding the incidence and prevalence of birth defects, developmental disabilities, and the health status of individuals with disabilities and the extent to which these conditions have contributed to the incidence and prevalence of infant mortality and affected quality of life;”;

(B) in paragraph (3), by inserting “, developmental disabilities, and secondary health conditions among individuals with disabilities” after “defects”;

(C) in paragraph (4), by striking “and” at the end;

(D) by redesignating paragraph (5) as paragraph (7); and

(E) by inserting after paragraph (4) the following:

“(5) contains information on the incidence and prevalence of individuals living with birth defects and disabilities or developmental disabilities, information on the health status of individuals with disabilities, information on any health disparities experienced by such individuals, and recommendations for improving the health and wellness and quality of life of such individuals;

“(6) contains a summary of recommendations from all birth defects research conferences sponsored by the Centers for Disease Control and Prevention, including conferences related to spina bifida; and”;

(4) by redesignating subsections (c), (d), and (e) as subsections (b), (c), and (d), respectively;

(5) by inserting after subsection (d) (as so redesignated), the following:

“(e) ADVISORY COMMITTEE.—Notwithstanding any other provision of law, the members of the advisory committee appointed by the Director of the National Center for Environmental Health that have expertise in birth defects, developmental disabilities, and disabilities and health shall be transferred to and shall advise the National Center on Birth Defects and Developmental Disabilities effective on the date of enactment of the Birth Defects and Developmental Disabilities Prevention Act of 2003.”; and

(6) in subsection (f), by striking “\$30,000,000” and all that follows and inserting “such sums as may be necessary for each of fiscal years 2003 through 2007.”.

### **SEC. 3. TECHNICAL CORRECTIONS FOR STATE COUNCILS ON DEVELOPMENTAL DISABILITIES.**

(a) IN GENERAL.—Section 122(a) of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15022(a)) is amended—

(1) in paragraph (3)(A)(ii), by inserting before the period the following: “, the amount received by the State for the previous year, or the amount of Federal appropriations received in fiscal year 2000, 2001, or 2002, whichever is greater”; and

(2) in paragraph (4)(A)(ii), by inserting before the period the following: “, the amount received by the State for the previous year, or the amount of Federal appropriations received in fiscal year 2000, 2001, or 2002, whichever is greater”.

(b) EFFECTIVE DATE.—The amendments made by subsection (a) shall take effect on October 1, 2003 and apply to allotments beginning in fiscal year 2004.

### **SEC. 4. REPORT ON SURVEILLANCE ACTIVITIES.**

Not later than 18 months after the date of enactment of this Act, the Secretary of Health and Human Services jointly with the Secretary of Education shall submit to the Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce and Committee on Education and the Workforce of the House of Representatives a report concerning surveillance activities under section 102 of the Children’s Health Act of 2000 (Public Law 106-310), specifically including—

(1) a description of the current grantees under the National Autism and Pervasive Developmental Disabilities Surveillance Program and the Centers of Excellence in Autism and Pervasive Developmental Disabilities, the data collected, analyzed, and

note.

reported under such grants, the sources of such data, and whether such data was obtained with parental consent as required under the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. 1232g);

(2) a description of current sources of data for the surveillance of autism and developmental disabilities and the methods for obtaining such data, including whether such data was obtained with parental or patient consent for disclosure;

(3) an analysis of research on autism and developmental disabilities with respect to the methods of collection and reporting, including whether such research was obtained with parental or patient consent for disclosure;

(4) an analysis of the need to add education records in the surveillance of autism and other developmental disabilities, including the methodological and medical necessity for such records and the rights of parents and patients in the use of education records (in accordance with the Family Educational Rights and Privacy Act of 1974);

(5) a description of the efforts taken by the Centers for Disease Control and Prevention to utilize education records in conducting the surveillance program while obtaining parental or patient consent for such education records, including the outcomes of such efforts;

(6) a description of the challenges provided to obtaining education records (in the absence of parental or patient consent) for the purpose of obtaining additional surveillance data for autism and other developmental disabilities; and

(7) a description of the manner in which such challenges can be overcome, including efforts to educate parents, increase confidence in the privacy of the surveillance program, and increase the rate of parental or patient consent, and including specific quantitative and qualitative justifications for any recommendations for changes to existing statutory authority, including the Family Educational Rights and Privacy Act of 1974.

(8) adopt, upon recommendations of the advisory councils to the appropriate entities of the Department or, with respect to mental health, the National Advisory Mental Health Council, such additional means as the Secretary considers necessary or appropriate to carry out the purposes of this section. The Secretary may make available to individuals and entities, for biomedical and behavioral research, substances and living organisms. Such substances and organisms shall be made available under such terms and conditions (including payment for them) as the Secretary determines appropriate.

(b)(1) The Secretary shall conduct and may support through grants and contracts studies and testing of substances for carcinogenicity, teratogenicity, mutagenicity, and other harmful biological effects. In carrying out this paragraph, the Secretary shall consult with entities of the Federal Government, outside of the Department of Health, Education, and Welfare, engaged in comparable activities. The Secretary, upon request of such an entity and under appropriate arrangements for the payment of expenses, may conduct for such entity studies and testing of substances for carcinogenicity, teratogenicity, mutagenicity, and other harmful biological effects.

(2)(A) The Secretary shall establish a comprehensive program of research into the biological effects of low-level ionizing radiation under which program the Secretary shall conduct such research and may support such research by others through grants and contracts.

(B) The Secretary shall conduct a comprehensive review of Federal programs of research on the biological effects of ionizing radiation.

(3) The Secretary shall conduct and may support through grants and contracts research and studies on human nutrition, with particular emphasis on the role of nutrition in the prevention and treatment of disease and on the maintenance and promotion of health, and programs for the dissemination of information respecting human nutrition to health professionals and the public. In carrying out activities under this paragraph, the Secretary shall provide for the coordination of such of these activities as are performed by the different divisions within the Department of Health, Education, and Welfare and shall consult with entities of the Federal Government, outside of the Department of Health, Education, and Welfare, engaged in comparable activities. The Secretary, upon request of such an entity and under appropriate arrangements for the payment of expenses, may conduct and support such activities for such entity.

(4) The Secretary shall publish a biennial report which contains—

(A) a list of all substances (i) which either are known to be carcinogens or may reasonably be anticipated to be carcinogens and (ii) to which a significant number of persons residing in the United States are exposed;

(B) information concerning the nature of such exposure and the estimated number of persons exposed to such substances;

(C) a statement identifying (i) each substance contained in the list under subparagraph (A) for which no effluent, ambient,

ary shall conduct in the Service, and render assistance to other appropriate institutions, and scientists in coordination of research, investigations, and studies relating to the control, and prevention of physical agents of man, including water pollution of lakes and streams. In

etary is authorized to—

lable through publications and information as to, and the practical and other activities;

h facilities of the Service to appropriate institutions and sci-

and to health officials and scientists, universities, hospitals, laboratories, private institutions, and to individuals as are recommended by the appropriate institutions of the Department supporting such recommendation of the advisory council of the Department, grants-in-aid of institutions, hospitals, laboratories, and general support of their research; time and for such periods as he deems and advice of experts, scholars, United States or abroad;

Service, persons not otherwise eligible and treat at institutions, health officials, scientists, and appropriate institutions and organizations on the application of statistics, studies, and surveys in health

including contracts for research in the provisions of law applicable to the military departments under sections 2353 and 2354, except and certification required thereof of Health, Education, and Welfare;

established by a Federal agent, or exposure standard established with respect to a substance contained in paragraph (A), the extent to which, scientific, or other data, such as the standard by the public health from exposure to request received during the request outside the Department of Health, or in the Department of Health, or any other entity within the Department for the Secretary, or

ing for, the carcinogenicity of the described in clause (ii) of the Secretary and each such request to each such request for entry into any contract for program, research, or review, or shall be effective for any fiscal amounts as are provided in biomedical research, directly or identification, control, treatment (including tropical diseases) persons engaged in biomedical research (including research on the use and effect of alcohol) to protect the privacy of individuals by withholding from all of such research the names of such individuals. Persons so such individuals may not be civil, criminal, administrative to identify such individuals.

put the purposes of section 301 issue of which might result in investigations author and investigations shall further include leaves, and their salts, derived drugs subject to control under Controlled Substances Import thereof, necessary to supply and scientific requirements of studies and investigations of the drugs subject to control under such drugs, that are necessary

to supply the normal and emergency medicinal and scientific requirements of the United States, shall be reported not later than the first day of April of each year to the Attorney General, to be used at his discretion in determining manufacturing quotas or importation requirements under such Acts.

(b) The Surgeon General shall cooperate with States for the purpose of aiding them to solve their narcotic drug problems and shall give authorized representatives of the States the benefit of his experience in the care, treatment, and rehabilitation of narcotic addicts to the end that each State may be encouraged to provide adequate facilities and methods for the care and treatment of its narcotic addicts.

GENERAL AUTHORITY RESPECTING RESEARCH, EVALUATIONS, AND DEMONSTRATIONS IN HEALTH STATISTICS, HEALTH SERVICES, AND HEALTH CARE TECHNOLOGY ASSESSMENT

SEC. 304.<sup>1</sup> [242b] (a) The Secretary may, through the Agency for Health Care Policy and Research or the National Center for Health Statistics or using National Research Service Awards or other appropriate authorities, undertake and support training programs to provide for an expanded and continuing supply of individuals qualified to perform the research, evaluation, and demonstration projects set forth in section 306 and in title IX.

(b) To implement subsection (a) and section 306, the Secretary may, in addition to any other authority which under other provisions of this Act or any other law may be used by him to implement such subsection, do the following:

- (1) Utilize personnel and equipment, facilities, and other physical resources of the Department of Health and Human Services, permit appropriate (as determined by the Secretary) entities and individuals to utilize the physical resources of such Department, provide technical assistance and advice, make grants to public and nonprofit private entities and individuals, and, when appropriate, enter into contracts with public and private entities and individuals.
- (2) Admit and treat at hospitals and other facilities of the Service persons not otherwise eligible for admission and treatment at such facilities.
- (3) Secure, from time to time and for such periods as the Secretary deems advisable but in accordance with section 3109 of title 5, United States Code, the assistance and advice of consultants from the United States or abroad. The Secretary may for the purpose of carrying out the functions set forth in sections 305,<sup>2</sup> 306, and 309, obtain (in accordance with section 3109 of title 5 of the United States Code, but without regard to the limitation in such section on the number of days or the period of service) for each of the centers the services of not more than fifteen experts who have appropriate scientific or professional qualifications.

<sup>1</sup>Former section 303 was repealed by section 3201(b)(1) of Public Law 106-310 (114 Stat. 1190).

e is established within the  
Prevention a center to be  
Birth Defects and Develop-  
this section as the "Center")

which shall be headed by a director appointed by the Director of the Centers for Disease Control and Prevention.

**(2) GENERAL DUTIES.**—The Secretary shall carry out

**programs—**  
(A) to collect, analyze, and make available data on birth defects and developmental disabilities (in a manner that facilitates compliance with subsection (d)(2)), including data on the causes of such defects and disabilities and on the incidence and prevalence of such defects and disabilities;

(B) to operate regional centers for the conduct of applied epidemiological research on the prevention of such defects and disabilities; and

(C) to provide information and education to the public on the prevention of such defects and disabilities.

**(3) FOLIC ACID.**—The Secretary shall carry out section 317J through the Center.

**(4) CERTAIN PROGRAMS.**—

**(A) TRANSFERS.**—All programs and functions described in subparagraph (B) are transferred to the Center, effective upon the expiration of the 180-day period beginning on the date of the enactment of the Children's Health Act of 2000.<sup>1</sup>

**(B) RELEVANT PROGRAMS.**—The programs and functions described in this subparagraph are all programs and functions that—

(i) relate to birth defects; folic acid; cerebral palsy; mental retardation; child development; newborn screening; autism; fragile X syndrome; fetal alcohol syndrome; pediatric genetic disorders; disability pre-vention; or other relevant diseases, disorders, or condi-tions as determined the Secretary; and

(ii) were carried out through the National Center for Environmental Health as of the day before the date of the enactment of the Act referred to in sub-paragraph (A).

**(C) RELATED TRANSFERS.**—Personnel employed in connection with the programs and functions specified in sub-paragraph (B), and amounts available for carrying out the programs and functions, are transferred to the Center, ef-fective upon the expiration of the 180-day period beginning on the date of the enactment of the Act referred to in sub-paragraph (A). Such transfer of amounts does not affect the period of availability of the amounts, or the avail-ability of the amounts with respect to the purposes for which the amounts may be expended.

**(b) ADDITIONAL PROVISIONS REGARDING COLLECTION OF DATA.**—

**(1) IN GENERAL.**—In carrying out subsection (a)(2)(A), the Secretary—

(A) shall collect and analyze data by gender and by ra-  
cial and ethnic group, including Hispanics, non-Hispanic

Americans, Asian Americans, and under subparagraph (A) from records, hospital records, and determines to be appropriate to establish or improve epidemiological analysis of such data available.

In carrying out subsection [E].—In carrying out subsection [F].—In carrying out subsection [G].—In carrying out subsection (a), the Secretary enters into contracts with public

non-Hispanic whites, Blacks, Native Americans, and Asian Americans;

(3) contains an assessment of the extent to which various approaches of preventing birth defects have been effective;

(4) describes the activities carried out under this section; and

(5) contains any recommendations of the Secretary regarding this section.

(e) APPLICABILITY OF PRIVACY LAWS.—The provisions of this section shall be subject to the requirements of section 552a of title 5, United States Code. All Federal laws relating to the privacy of information shall apply to the data and information that is collected under this section.

(f) AUTHORIZATION OF APPROPRIATIONS.—For the purpose of carrying out this section, there are authorized to be appropriated \$30,000,000 for fiscal year 1999, \$40,000,000 for fiscal year 2000, and such sums as may be necessary for each of the fiscal years 2001 and 2002.

#### LIEU OF AWARD FUNDS.—

If a recipient of an award of a paragraph (1), the Secretary may, provide supplies, equipment, or aiding the recipient in carrying out the award is made and, which the award is made and, fail to the recipient any officer of Health and Human request described in subparagraph (1), all reduce the amount of pay- provided by the or services provided by the shall, for the payment of ex- request, expend ing with such request, expend

#### PREVENTIVE HEALTH MEASURES WITH RESPECT TO PROSTATE CANCER

SEC. 317D. [247b-5] (a) IN GENERAL.—The Secretary, acting through the Director of the Centers for Disease Control and Prevention, may make grants to States and local health departments for the purpose of enabling such States and departments to carry out programs that may include the following:

(1) To identify factors that influence the attitudes or levels of awareness of men and health care practitioners regarding screening for prostate cancer.

(2) To evaluate, in consultation with the Agency for Health Care Policy and Research and the National Institutes of Health, the effectiveness of screening strategies for prostate cancer.

(3) To identify, in consultation with the Agency for Health Care Policy and Research, issues related to the quality of life for men after prostate cancer screening and followup.

(4) To develop and disseminate public information and education programs for prostate cancer, including appropriate messages about the risks and benefits of prostate cancer screening for the general public, health care providers, policy makers and other appropriate individuals.

(5) To improve surveillance for prostate cancer.

(6) To address the needs of underserved and minority populations regarding prostate cancer.

(7) Upon a determination by the Secretary, who shall take into consideration recommendations by the United States Preventive Services Task Force and shall seek input, where appropriate, from professional societies and other private and public entities, that there is sufficient consensus on the effectiveness of prostate cancer screening—

- (A) to screen men for prostate cancer as a preventive health measure;
- (B) to provide appropriate referrals for the medical treatment of men who have been screened under subparagraph (A) and to ensure, to the extent practicable, the non-
