SECTION A: FAMILY HISTORY

In this section we are interested to learn more about the health history of some of your female family members. Please include only relatives who are related to you by blood, including half-siblings. Do not include adopted or step-relatives.

- How many blood-related sisters (full and half) do you have, including any who have died?
 NUMBER
- How many biological daughters do you have, including any who have died?
 NUMBER

3. Please complete the chart below for any of your first-degree female relatives (mother, sisters, or daughters) who have been diagnosed with breast or ovarian cancer. Use a separate row for each person.

0 None of my female relatives have been diagnosed with breast or ovarian cancer. [GO TO SECTION B, PAGE 2.]
