1-800-543-0661

Public reporting burden for this voluntary collection of information is estimated to average 15 MINUTES per response. A Federal agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. Comments regarding this collection of information should be directed to: U.S. Geological Survey, Statistics and Information Systems Section, 988 National Center, Reston, VA 20192. **Please do not mail survey forms to this address.**

Collection of nonfuel minerals information is authorized by Public Law 96-479 and the Defense Production Act. This information is used to support executive policy decisions pertaining to emergency preparedness, national defense, and analyses for minerals legislation and industrial trends. The USGS relies on your voluntary and timely response to assure that its information is complete and accurate.

The U.S. Geological Survey is collecting and preparing mineral production information for publication in our reports after the close of the calendar year.

Please complete and return a separate form within 15 days for each operation that was active during the calendar year. Please use the enclosed envelope or fax to the above toll-free number. Use zero (0) when appropriate. Additional forms are available upon request. If you do not have the exact data requested, please enter your best estimates possible and mark "estimated".

If you have any questions concerning this form, please contact the U.S. Geological Survey, Mineral Commodities Data Unit, 985 National Center, Reston, VA 20192, Telephone (703) 648-7960.

Complete the following only if different from information shown in the mailing imprint above.
