Part 1A. Establishment Information

Using your completed Calendar Year 2004 *Summary of Work-Related Injuries and Illnesses (OSHA Form 300A)*, copy the establishment information into the boxes below. If more than one establishment is noted on the front cover under **Reporting Site**, add together the total lines from each specified establishment's OSHA Form 300A to complete the 2004 totals for all establishments. Then copy those totals into the corresponding spaces below. If these numbers are not available on your OSHA Form 300A, or if your establishment does not keep records needed to answer (1) and (2) below, you can estimate using the steps that follow.

1. For the reporting site identified on the cover:
Enter the annual average employment for 2004.
 (You can copy this from your OSHA Form 300A.)

*Annual average number
of employees for 2004*

If needed: Steps to estimate employment

STEP 1: Add the number of employees your establishment paid in every pay period during 2004. **Include all employees:** full-time, part-time, temporary, seasonal, salaried, and hourly.

Acme Construction pays its employees 26 times each year. During 2004,

In this pay period	Acme paid this many employees
1	10
2	0
3	15
↓	↓
25.....	15
26.....	10
	830 (sum)

STEP 2: Divide the sum by the number of pay periods your establishment had in 2004. **Include** any pay periods when you had **no** employees.

Because Acme has 26 pay periods, it would divide its sum by 26. 830 divided by 26 = 31.92

STEP 3: Round the answer to the next highest whole number. Write the rounded number in the box marked Annual average number of employees.

Acme would round 31.92 to 32 and write that number in the box marked *Annual average number of employees*.

2. For the reporting site identified on the cover:
Enter the total hours worked for 2004.
 (You can copy this from your OSHA Form 300A.)

*Total hours worked
by all employees in 2004*

Note: Total Hours Worked should exclude vacation, sick leave, holidays, and other non-work time.

If needed: Steps to estimate total hours worked

STEP 1: Find the number of full-time employees in your establishment for 2004.

ABC Company had 15 full-time employees during 2004.

STEP 2: Multiply this number by the number of hours worked for a full-time employee in a year. This is equal to the number of full-time hours worked:

ABC Company's 15 full-time employees worked an average of about 1,760 hours each per year after excluding vacation, sick leave, holidays, and other non-work time. (*The hours worked for a full-time employee in a year may be different at your reporting site.*)

15 (full-time employees) times 1,760 (hours worked by a full-time employee in a year) equals 26,400 full-time hours.

STEP 3: Add the number of any overtime hours and the number of hours worked by other employees (part-time, temporary, seasonal) to the amount in Step 2:

ABC Company's full-time employees worked a total of 1,500 hours of overtime. In addition, 3 part-time employees worked a total of 2,715 hours during 2004. Adding these hours to those from Step 2:

Full-time hours from Step 2	26,400
Overtime hours	+ 1,500
<u>Part-time hours</u>	+ 2,715
Total hours worked by all employees in 2004	= 30,615

3. Check any conditions that might have affected your annual average number of employees or total hours worked during 2004:

- | | |
|--|--|
| <input type="checkbox"/> Strike or lockout
<input type="checkbox"/> Shutdown or layoff
<input type="checkbox"/> Seasonal work
<input type="checkbox"/> Natural disaster or adverse weather conditions | <input type="checkbox"/> Shorter work schedules or fewer pay periods than usual
<input type="checkbox"/> Longer work schedules or more pay periods than usual
<input type="checkbox"/> Other reason: _____
<input type="checkbox"/> Nothing unusual happened to affect our employment or hours figures. |
|--|--|

Did you have ANY occupational injuries or illnesses during 2004?

- Yes. Go to **Part 1B: Summary of Work-Related Injuries and Illnesses, 2004** directly below.
- No. Go to **Contact Information** on the back cover.

Part 1B: Summary of Work-Related Injuries and Illnesses, 2004

Using your completed Calendar Year 2004 *Summary of Work-Related Injuries and Illnesses (OSHA Form 300A)*:

- 1 Copy the establishment summary information into the spaces below. If more than one establishment is noted on the front cover under **Reporting Site**, add together the total lines from each specified establishment's OSHA Form 300A to complete the 2004 totals for all establishments. Then copy those totals into the corresponding spaces below.
- 2 If you prefer, you may enclose a photocopy of your *Summary of Work-Related Injuries and Illnesses (OSHA Form 300A)*. If more than one establishment is noted on the front cover under **Reporting Site**, be sure to include the OSHA Form 300A for all of the specified establishments.
- 3 If any total is zero on your OSHA Form 300A, write "0" in that total's space below.

- ▶ **If you had any work-related deaths in 2004**, please tell us where you assigned/classified each death within the list of items (M1) through (M6) provided under section **Injury and Illness Type** above (e.g., "fatal case was due to injury resulting from fall" or "death resulted from respiratory conditions").

Before you continue...

Look at the total **Number of Cases** you entered in Column H above.

- If you had **NO** cases in Column H, you are finished with the survey. Go to **Contact Information** on the Back Cover.
- If you had cases in Column H, go to **Part 2: Reporting Cases with Days Away from Work**.

Part 2: Reporting Cases with Days Away from Work

This part of the survey asks you about individual injuries and illnesses that resulted in an employee being away from work. Several copies of the form *Case with Days Away from Work* are included. To answer the questions on this form, you'll need:

- ▶ your completed copy of the 2004 *Log* (OSHA Form 300)

Part 2 asks about injuries or illnesses with a check in Column H of your *Log*.

- ▶ your completed copies of supplementary documents about the case, such as a workers' compensation report, an accident report, an insurance form, or the *Injury and Illness Incident Report* (OSHA Form 301).

Which cases should you report?

To identify the individual cases to report, follow these steps:

- 1 Go to your completed 2004 OSHA Form 300. If more than one establishment is noted on the front cover under Reporting Site, be sure to look at all your OSHA Form 300's to find which cases to report.
- 2 Mark each case that has a check in **column (H) on the Log** (OSHA Form 300). These are the **only** cases you should report.
- 3 We have designed this survey to ensure that you do not have to report more than approximately 30 cases. If you have significantly more than 30 cases, please go to *If You Need Help . . .* at the back of this booklet and call the phone number listed for your State for assistance.
- 4 Fill out one *Case with Days Away from Work* form for each case that you identified in Step 2. You can find most of the information on a supplementary document such as a workers' compensation report, an accident report, an insurance form, or the *Injury and Illness Incident Report* (OSHA Form 301).

(If you need more *Case with Days Away from Work* forms, you may either photocopy a blank one or go to *If You Need Help . . .* at the back of this booklet and call the phone number listed for your State).

- 5 When you have finished, proceed to **Contact Information** on the back cover of this booklet.
