According to our records, you are not qualified for benefits under the Railroad Unemployment Insurance Act based on your railroad earnings.

To be qualified for benefits in the general benefit year July 1, 200 through June 30, 200, you must have had railroad earnings of at least \$ in , counting no more than \$ for any month. If you think our records are wrong and you believe you are qualified, complete and return the enclosed Form UI-9.

To be eligible for these benefits you must have at least 10 years of railroad service and you must not have voluntarily retired or reached age 65. If you believe that you meet these requirements, please answer the questions below, sign your name in the space provided, and return this letter to the address shown above.
