

Summary

No. of Active Collection	414
No. of Packages Pending at OMB	41
No. Of Pre-OMB Submission Packages	190
# of Files Migrated to Pre-OMB Submissions	30

This is the list of all collections that were migrated into ICRAS as pending at OMB (on December 12th). These packages should be compared in ICRAS and ROCIS to ensure that all the packages were migrated and that the data from ROCIS migrated into the correct fields in ICRAS. Search on each package in both systems and compare the data. Associated files will NOT be included.

This list provides all packages migrated from PRAMS into ICRAS which are pending OMB submission. The packages appear as they did on December 5th. The number of files associated with each package is listed and were migrated as well. An additional spreadsheet provides the mapping of PRAMS fields into ICRAS. These fields should be verified to ensure the correct information was migrated to the correct location in ICRAS.

This is the active inventory migrated from ROCIS on December 12th. The collections in ICRAS should be compared to the active inventory on OMB's website to ensure that the titles, burden information, and expiration dates are all correct. The ICRAS active inventory report can be used to show all the information needed and compared against OMB's website.
