

3500. GENERAL

The Paperwork Reduction Act of 1995 requires that the private sector be informed as to why information is collected and what the information is used for by the government. In accordance with §§1815(a) and 1861(v)(1)(A)(ii) of the Act, providers of service participating in the Medicare program are required to submit annual information to achieve settlement of costs for health care services rendered to Medicare beneficiaries. Also, 42 CFR 413.20 requires cost reports from providers on an annual basis. In accordance with these provisions, Form CMS 2540-96 must be completed by all skilled nursing facilities (SNFs) and SNF health care complexes in determining program reimbursement. Besides determining program reimbursement, the data submitted on the cost report supports management of the Federal programs, e.g., data extraction in developing cost limits. In completing Form CMS 2540-96, the information reported must conform to the requirements and principles set forth in the Provider Reimbursement Manual, Part I (CMS Pub. 15-1). **The filing of the cost report is mandatory and failure to do so results in all payments to be deemed overpayment, and 100 percent of these payments are withheld until the cost report is received. See chapter 1 of CMS PRM 15-2. The instructions contained in this chapter are effective for cost reporting periods ending on or after June 30, 1996.** However, changes implemented by Transmittals 4, 5, 6, 7, 8, 9, 10 and 11 have various effective dates, listed as follows:

Home Health Agencies must make per visit limitation comparisons based on the applicable Metropolitan Standard Area (MSA) for cost reporting periods beginning on and after October 1, 1997. Effective for services rendered on or after October 1, 2000, all home health agencies, including SNF-based HHA's will be reimbursed on a Prospective Payment System (PPS).

Outpatient physical therapy services require a 10% reasonable cost reduction for services rendered on and after January 1, 1998.

All SNF's will be reimbursed under the Prospective Payment System (PPS) for cost reporting periods beginning on and after July 1, 1998.

Worksheet S-8, and Worksheets K through K-6 are effective for cost reporting periods beginning on and after April 1, 1999.

42 CFR §413.321 allows a SNF to use the "simplified" method of reimbursement. SNF's with less than 1500 Medicare days, who have no subproviders attached, and filed their previous year's cost report using the "simplified" method (originally developed on Form HCFA 2540S), will now file their cost reports on Form CMS 2540-96, completing ONLY the worksheets identified in §3504.2

Effective for cost reporting periods ending on and after March 31, 2000, the electronic cost report (ECR) file will be considered the official means of cost report submissions. The submission of the hard copy cost report will no longer be required, except for providers that use the Centers for Medicare & Medicaid (formerly Health Care Financing Administration) supplied free software. Those providers must continue to submit the manually completed hard copy cost report to their fiscal intermediary (along with the corresponding ECR file) due to an inability of the free software to create a print image file. The free software generated ECR file will, however, be considered the official copy.

NOTE: This form is not used by SNFs that are hospital-based. Instead, they continue to use Form CMS 2552.

You may submit computer prepared forms in lieu of the forms provided by CMS. These computer prepared forms are acceptable if the forms are reviewed and accepted for provider use by CMS before being placed into use. (See §108 for the use of computer prepared cost reporting forms.)

If computer prepared cost reporting forms have been reviewed and accepted for provider use, they must be revised and resubmitted for review and acceptance whenever changes in the law, regulations, or program instructions are adopted which have an impact on Medicare cost reporting.

In addition to Medicare reimbursement, these forms also provide for the computation of reimbursable costs applicable to titles V and XIX. Complete the worksheets and portions of worksheets applicable to titles V and XIX only when reimbursement is being claimed from these respective programs and only to the extent these forms are required by the State program.

Public reporting burden for this collection of information is estimated to average 187 hours per response, and record keeping burden is estimated to average 132 hours per response. This includes time for reviewing instructions, searching existing data sources, gathering and maintaining data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to:

3500.1 Rounding Standards For Fractional Computations.--Throughout the Medicare cost report, required computations result in the use of fractions. The following rounding standards must be employed for such computation.

1. Round to 2 decimal places:
 - a. Percentages (e.g., capital reduction, outpatient cost reduction)
 - b. Averages, standard work week, payment rates, and cost limits
 - c. Full time equivalent employees
 - d. Per diem
 - e. Hourly rates
2. Round to 3 decimal places:
 - a. PCR Rates
3. Round to 5 decimal places:
 - a. Sequestration (e.g., 2.092 percent is expressed as .02092)
 - b. Payment reduction
4. Round to 6 decimal places:
 - a. Ratios (e.g., unit cost multipliers, cost/charge ratios)

If a residual exists as a result of computing costs using a fraction, adjust the residual in the largest amount resulting from the computation. For example, in cost finding, a unit cost multiplier is applied to the statistics in determining costs. After rounding each computation, the sum of the allocation may be more or less than the total cost allocated. This residual is adjusted to the largest amount resulting from the allocation so that the sum of the allocated amounts equals the amount allocated.

Line 43.--Indicate whether the provider is licensed in a state that certifies the provider as an SNF as described on line 4 above, regardless of the level of care given for Titles V and XIX patients.

Line 44.--This line is not used for cost reporting periods beginning on and after July 1, 1998. Indicate whether the provider participated in the NHCMQ demonstration during the cost reporting period. All NHCMQ demonstration participants must file Form CMS 2540-96, including facilities reporting less than 1,500 program days which would otherwise be allowed to utilize the Form CMS 2540S-97. Only facilities in Kansas, Maine, Mississippi, New York, South Dakota, and Texas are eligible to participate in the NHCMQ demonstration. This demonstration will not be applicable for cost reporting periods beginning on and after July 1, 1998. At that time all SNFs will be reimbursed under PPS.

Section 222 (a)(1) of P.L. 92-603 (42 U.S.C. Section 1395b-1, note) authorizes the Secretary of the Department of Health and Human Services to engage in experiments and demonstrations regarding alternative methods of making payment on a prospective basis to SNFs and other providers. Section 222 (a)(3) authorizes the Secretary to grant waivers of certain Title XVIII requirements insofar as such requirements relate to methods of payment for services provided. Additional forms have been added to the SNF cost report to accommodate the NHCMQ demonstration project. Worksheet D-1 must be completed by a provider participating in the demonstration.

A provider participating in the NHCMQ demonstration, which otherwise is reimbursed by other than the Prospective Payment System and which indicates either an "O" or "N" on line 4, must complete Worksheet E, Part V in place of Worksheet E, Part I or Worksheet E, Part II.

Line 45.--List the total amount of malpractice premiums paid, (column 1) the total amount of paid losses, (column 2), and the total amount of self insurance, (column 3) allocated in this fiscal year.

Line 46.--Indicate if malpractice premiums and paid losses are reported in other than the Administrative and General cost center. If yes, provide a supporting schedule and list the amounts applicable to each cost center.

Line 47.--Are you claiming ambulance costs? Enter in column 1, "Y" for yes or "N" for no. If this is your first year of providing and reporting ambulance services, you are not subject to the payment limit. Enter in column 2, Y if this is your first year of providing ambulance service, or N if it is not.

Line 48—*Use Worksheet S-2, line 48 columns 1 and 2 for the Limit and Fee amount respectively, and subscript line 48 for the time periods.* If line 47 column 1 is Y, and column 2 is N, enter on line 48 column 1 the payment limit provided from your fiscal intermediary. If your fiscal year is OTHER than a year beginning on October 1st, enter in column 1 the payment limit for the period prior to October 1, and enter in column 2 the payment limit for the period beginning October 1st. The per trip rate is updated October 1st of each year. Subscript this line as needed.

Report your ambulance trip limits chronologically, in accordance with your fiscal year. Applicable chronological dates are 01/01/2001, 07/01/2001, 01/01/2002, 04/01/2002 (effective date of the blend), 01/01/2003, 01/01/2004, 01/01/2005, and 01/01/2006.

Line 48.01—For services rendered on or after 04/01/2002, enter if applicable, the fee schedule amount for the period. Ambulance services will be based on a blend until 100% fee schedule is transitioned on 01/01/2006. The blend is effective for services on 04/01/2002 through 12/31/2005

Line 49.--Did you operate an ICF/MR facility for the purposes of title XIX? Enter "Y" for yes and "N" for no.

Line 50.-- Did this facility report less than 1500 Medicare days in its previous year's cost report? Enter "Y" for yes or "N" for no. If a new provider is filing a first year cost report, and qualifies to file a "simplified" SNF cost report, do not enter "Y" or "N".

Line 51.--If line 50 is yes, did you file your previous year's cost report using the "simplified" step-down method of cost finding? (See §3500.) Enter "Y" for yes or "N" for no. If a new provider is filing a first year cost report, and qualifies to file a "simplified" SNF cost report, do not enter "Y" or "N".

Line 52.--Is this cost report being filed under 42 CFR 413.321, (the "simplified" cost report)? Enter "Y" for yes, or "N" for no.

3509. WORKSHEET S-3 - SKILLED NURSING FACILITY AND SKILLED NURSING FACILITY HEALTH CARE COMPLEX STATISTICAL DATA

In accordance with 42 CFR 413.60(a), 42 CFR 413.24(a), and 42 CFR 413.40(c), you are required to maintain statistical records for proper determination of costs payable under the Medicare program. The statistics reported on this worksheet pertain to SNF, nursing facility, ICF/MR, other long term care services, HHA, CORF, CMHC, and hospice. The data to be maintained, depending on the services provided by the component, include the number of beds available, the number of admissions, the number of discharges, the average length of stay, the number of inpatient days, the bed days available, and full time equivalents (FTEs).

Column Descriptions

Column 1.--Enter on the appropriate line the beds available for use by patients at the end of the cost reporting period (SNF on line 1, nursing facility on line 3, ICF/MR on line 3.1, SNF-based other long term care facility on line 4 or hospice on line 8). Do not enter any data on line 2.

Column 2.--Enter the total bed days available. Bed days are computed by multiplying the number of beds available throughout the period by the number of days in the reporting period. If there is an increase or decrease in the number of beds available during the period, multiply the number of beds available for each part of the cost reporting period by the number of days for which that number of beds was available.

Columns 3 through 6.--Enter the number of inpatient days for each component by program

Column 4.--For fiscal years beginning on October 1st, enter on line 10 the number of ambulance trips, as defined by §4531(a)(1) of the BBA, provided for Medicare patients. If your fiscal year begins on a date other than October 1st, subscript line 10, to line 10.01. For cost reporting periods that overlap the October 1 date, enter on line 10 the trips prior to October 1 and enter on line 10.01 the number of trips after October 1. Subscript line 10 to line 10.02 if you entered amounts on Worksheet S-2, line 48.02. If you further subscripted line 48.02 to account for more than one limit on Worksheet S-2, you must subscript line 10 further to account for the trips applicable to each set of rates.

Column 7.--Enter the total number of inpatient days to include all classes of patients for each component.

Columns 8 through 11.--Enter the number of discharges, including deaths (excluding newborn and DOAs), for each component by program. A patient discharge, including death, is a formal release of a patient. (See 42 CFR 412.4.)

Column 12.--Enter the total number of discharges (including deaths) for all classes of patients for each component.

Columns 13 through 16.--The average length of stay is calculated as follows:

- | | | |
|----|-------------------------------|-------------------------------|
| a. | Column 13, lines 1 & 3 | Column 3 divided by column 8 |
| b. | Column 14, line 1 | Column 4 divided by column 9 |
| c. | Column 15, lines 1 & 3 | Column 5 divided by column 10 |
| d. | Column 16, lines 1, 3, 4, & 9 | Column 7 divided by column 12 |

EXCEPTION: Where the skilled nursing facility is located in a State that certifies the provider as an SNF regardless of the level of care given for Titles V and XIX patients, combine the statistics on lines 1 and 3.

Columns 17 through 21.--Enter the number of admissions (from your records) for each component by program.

Columns 22 and 23.--The average number of employees (full-time equivalent) for the period may be determined either on a quarterly or semiannual basis. When quarterly data are used, add the total number of hours worked by all employees on the first payroll at the beginning of each quarter and divide the sum by four times the number of hours in the standard work period. When semiannual data are used, add the total number of hours worked by all employees on the first payroll of the first and seventh months of the period, and divide this sum by two times the number of hours in the standard work period. Enter the average number of paid employees in column 22 and the average number of non-paid worker's in column 23 for each component, an applicable.

3509.1 Part II - SNF Wage Index Information.--This part provides for the collection of skilled nursing facility and nursing facility data to develop an SNF wage index that is applied to the labor related portion of the SNF cost limits. The Social Security Act Amendments of 1994 (P.L. 103-432) requested the Secretary to begin collecting data on employee compensation and hours of employment specific to skilled nursing facilities for the purposes of constructing an SNF wage index. In order to collect the data necessary to develop an SNF wage index, CMS has developed an SNF wage index form, as part of the cost report, to be completed by all SNFs.

NOTE: Any line reference for Worksheets A and A-6 includes all subscripts of that line.

Line 1.--Enter the wages and salaries paid to employees from Worksheet A, column 1, line 75.

Line 2.--Enter physician salaries paid to employees which are included on Worksheet A, column 1, line 75.

Line 3.--Enter the total physician and physician assistant salaries and wage related costs that are related to patient care and are included on line 1. Under Medicare, these services are billed separately under Part B.

Line 4.--Enter from Worksheet A the sum of salaries reported in column 1 of line 14 for interns and residents. Base the hours reported in column 4 on 2080 hours per each full time intern and resident employee.

Line 5.--If you are a member of a chain or other related organization, as defined in CMS Pub 15-I, 2150, enter the allowable wages and salaries and wage related costs for home office personnel from your records that are included in line 1.

Line 6.--Enter the sum of lines 2 through 5.

Line 7.--Subtract line 6 from line 1 and enter the result.

Line 8.--Enter the total of Worksheet A, column 1, line 19. This amount represents other long term care.

Line 9.- For cost reports ending on and after 11/30/1999, do not use this line.

Line 10.--Enter the amount from Worksheet A, column 1, line 49. Line 11.--Enter the total of Worksheet A, column 1, lines 37 through 47. If these lines are subscripted to accommodate more than one HHA, also enter the total of the subscripted lines.

Line 12.--Enter the amount from Worksheet A, column 1, line 50.

Line 13.--Enter the amount from Worksheet A, column 1, line 55.

Line 14.--Enter the amount from Worksheet A, column 1, lines 58 through 63.

Line 15.--Enter the sum of lines 8 through 14.

Line 16.--Subtract line 15 from line 7 and enter the result.

Line 17.--Enter the amount paid (include only those costs attributable to services rendered in the SNF and/or NF), rounded to the nearest dollar, for contracted direct patient care services, i.e., nursing, therapeutic, rehabilitative, or diagnostic services furnished under contract rather than by employees and management contract services as defined below. Report only those personnel costs associated with these contracts. Eliminate all supplies and other miscellaneous items. Do not apply the guidelines for contracted therapy services under §1861(v)(5) of the Act and 42 CFR 413.106. For example, you have a contract with a nursing service to supply nurses for the general routine service area on weekends. Contracted labor for purposes of this worksheet does **NOT** include the following services: consultant contracts, billing services, legal and accounting services, Part A CRNA services, clinical psychologists and clinical social worker services, housekeeping services, planning contracts, independent financial audits, or any other service not directly related to patient care.

Include the amount paid (rounded to the nearest dollar) for contract management services, as defined below, furnished under contract rather than by employees. Report only those personnel costs associated with the contract. Eliminate all supplies, travel expenses, and other miscellaneous items. Contract management is limited to the personnel costs for those individuals who are working at the facility in the capacity of chief executive, chief operating officer, chief financial officer, or nursing administrator. The titles given to these individuals may vary from the titles indicated above. However, the individual should be performing those duties customarily given these positions.

For purposes of this worksheet, contract labor does **NOT** include the following services: other management or administrative services, consultative services, unmet physician guarantees, physician services, clinical personnel, security personnel, housekeeping services, planning contracts, independent financial audits, or any other services not related to the overall management and operation of the facility.

Per instructions on Form CMS-339, details, including the type of service, wages, and hours associated with each direct patient care related contract must be submitted to your intermediary as well as the aggregate total wages and hours for management contracts.

In addition, if you have no contracted labor as defined above or management contract services, enter a zero in column 1. If you are unable to accurately determine the number of hours associated with contracted labor, enter a zero in column 1.

Line 18.--Enter the salaries and wage related costs (as defined on line 19 below) paid to personnel who are affiliated with a home office, provide services to the SNF and/or NF, and whose salaries are not included on Worksheet A, column 1. In addition, add the home office salaries excluded on line 5. This figure is based on recognized methods of allocating an individual's home office salary to the SNF and/or NF. If no home office exists or if you cannot accurately determine the hours associated with the home office salaries that are allocated to the SNF and/or NF, then enter a zero in column 1. All costs for any related organization must be shown as the cost to the related organization.

NOTE: Do not include any Part A physician service cost included in the home office allocation.

Amounts related to excluded units should be included on lines 19 and 20.

Line 19.--Enter the total core wage related costs as described in Exhibit 7 of Form HCFA-339. Only the total cost of the wage related costs that are considered fringe benefits may be directly charged to each cost center provided the costs are reported in column 2 and not column 1 of Worksheet A. For purposes of determining the wage related costs for the wage index, a facility must use generally accepted accounting principles (GAAP). Continue to use Medicare payment principles on all other areas to determine allowable fringe benefits.

Line 20.--Enter the total of all wage related costs that are considered an exception to the core list. A detailed list of each additional wage related core must be shown on Exhibit 7, Part II of Form HCFA-339. In order for a wage related cost to be considered an exception, it must meet the following tests:

- a. The costs are not listed on Part I of Form HCFA-339,
- b. The cost is reasonable and prudent,
- c. The individual wage related cost exceeds 1 percent of total salaries after the direct excluded salaries are removed,
- d. The wage related cost is a fringe benefit and has not been furnished for the convenience of the provider, and
- e. The wage related costs that are fringe benefits, where required, have been reported as wages to Internal Revenue Service, (e.g., the unrecovered cost of employee meals, education costs, auto allowances).

Wage related cost exceptions are not to include those wage related costs that are required to be reported to the Internal Revenue Service, since they are considered as salary or wages, i.e., loan forgiveness, sick pay accruals. Include these costs in total salaries reported on line 1 of this worksheet. The total wage related costs listed on this line must agree with the total of all other wage related costs listed in Part II of Form HCFA-339. Form HCFA-339, Exhibit 7, Part III must be completed by all facilities reconciling wage related costs reported on lines 19 through 21 to the fringe benefits reported using Medicare principles.

Line 21.--Enter the total wage related costs applicable to the excluded areas reported on lines 8 through 14.

Line 22.--Enter the total adjusted wage related costs, line 19 plus line 20, minus line 21.

Line 23.--Enter the sum of lines 16 through 18 and 22.

Line 24.--Enter from your records the amount paid under contract for physician services for Part A only related directly to the SNF and/or NF. This includes Part A physician services from the home office allocation and/or from related organizations.

Column 2.--Enter on each line, as appropriate, the **salary** portion of any reclassification made on Worksheet A-6. Submit a reconciliation identifying the amount of salary relating to each reclassification.

Column 3.--Enter the result of column 1 plus or minus column 2.

Column 4.--Enter on each line the number of **paid** hours corresponding to the amount reported in column 3.

NOTE: The hours must reflect any change reported in column 2. On call hours are not included in the total paid hours. Overtime hours are calculated as one hour when an employee is paid time and a half. The intern and resident hours associated with the salaries reported on line 4 must be based on 2080 hours per full time intern and resident employee.

Column 5.--Enter on line 1 through line 18 and lines 23 and 24 the average hourly wage resulting from dividing column 3 by column 4. Enter on line 22 the wage related cost percentage computed by dividing column 3, line 22 by column 3, line 16. Round the result to 4 decimal places.

Column 6.--Enter in the appropriate lines the source used to determine the data entered in columns 1, 2, and 4, as applicable. If necessary, attach appropriate explanations. This column is used to provide information for future reference regarding the data sources and to assist intermediaries in verifying the data and method used to determine the data. In addition, this column is used when you can identify the wages but cannot identify the hours.

3509.2 Part III - Overhead Cost - Direct Salaries.--This part provides for the collection of SNF and/or NF wage data for overhead costs to properly allocate the salary portion of the overhead costs to the appropriate service areas for excluded units. This form is completed by all SNFs and/or NFs.

NOTE: Any line reference for Worksheets A and A-6 includes all subscripts of that line.

Column 1.--Enter the direct wages and salaries paid from Worksheet A, column 1 for the appropriate cost center identified on lines 1 through 13, respectively.

Column 2.--Enter on the line, as appropriate, the salary portion of any reclassification made on Worksheet A-6. Submit a reconciliation identifying the amount of the salary relating to each reclassification on the worksheet.

Column 3.--Enter the result of column 1 plus or minus column 2.

Column 4.--Enter on each line the number of paid hours corresponding to the amount reported in column 3.

Column 5.--Enter on each line the average hourly wage resulting from dividing column 3 by column 4.

3511. WORKSHEET S-4 - SNF-BASED HOME HEALTH AGENCY STATISTICAL DATA

In accordance with 42 CFR 413.413(a), 42 CFR 413.24(a), and 42 CFR 413.24(c), you are required to maintain statistical records for proper determination of costs payable under the Medicare program. The statistics required to be reported on this worksheet pertain to an SNF-based home health agency. The data needed to be maintained, depending on the services provided by the agency, include number of program visits, total number of agency visits, number of program home health aide hours, total agency home health aide hours, program unduplicated census count and total unduplicated census count, program patient count, and total agency patient count. In addition, FTE data is required by employee staff, contracted staff, and total staff. Complete a separate Worksheet S-4 for each SNF-based home health agency.

All data required on this worksheet, as well as in the entire HHA cost report for a given fiscal year must only be associated with services rendered during episodes of care that conclude during that fiscal year. (See §3511.3 for a further discussion of episodes.)

Home Health Agency Visits.--Use lines 1 through 8 to identify the number of service visits and corresponding number of patients. The patient count in columns 2, 5, and 8 includes each individual who received each type of service. The sum of the patient count in columns 3 and 6 may not equal the amount in column 9 for each line. Also, the total of all of the lines does not equal line 9, unduplicated census count, since many patients receive more than one service.

Columns 1, 2, and 3.--Enter data pertaining to title XVIII patients only. Enter in column 2 the title XVIII visits for each discipline for services rendered through September 30, 2000 for reporting periods which overlap October 1, 2000. For reporting periods which begin on or after October 1, 2000 enter in column 2 all visits rendered during entire cost reporting period. Enter in column 3 the patient count applicable to the title XVIII visits in column 2 for each line description. See Home Health Agency Manual (CMS Pub. 11), §322 for patient count determination. Enter the sum of lines 1 through 6 in column 2 on line 8 (total visits). The sum of lines 1 through 6 in column 3 does not equal the unduplicated census count on line 9 because a beneficiary could be receiving more than one type of service.

Columns 4, 5, and 6.--Enter data pertaining to all other patients. Enter in column 5 the count of all the agency visits except title XVIII visits for each discipline. Enter in column 6 the total agency patient count, except title XVIII, applicable to the agency visits entered in column 5. Enter the sum of lines 1 through 7 in column 5 on line 8 (total visits). The sum of lines 1 through 7 in column 6 does not equal the unduplicated census count on line 9 because a patient could be receiving more than one type of service.

Columns 7, 8, and 9.--The amounts entered in column 8 are the sum of columns 2 and 5 for each discipline for cost reporting periods ending on or before September 30, 2000. For cost reporting periods which overlap October 1, 2000, enter in column 8 the total visits rendered during the entire reporting period. For cost reporting periods which overlap October 1, 2000 the amounts entered in column 8 may not equal the sums of columns 2 and 5 for each discipline. For cost reporting periods beginning on or after October 1, 2000, column 8 will again equal the sum of columns 2 and 5. The amounts entered in column 9 may not be the sum of columns 3 and 6 for each discipline. The unduplicated census count on line 9, column 9, does not necessarily equal the sum of title XVIII unduplicated census count (line 9, column 3) plus the "Other" unduplicated census count (line 9, column 6). For example, if a patient receives both covered services and non-covered services, he or she is counted once as title XVIII (for covered services), once as other (for non-covered services), and only once as total. (See Mr. Washington example below.)

3511.1 Part I - Home Health Agency Visits.--

Lines 1 through 6.--These lines identify the type of home health services which are reimbursable by title XVIII. These lines reflect the number of visits furnished and the number of patients receiving a particular type of service.

EXAMPLE: Mr. Washington become a patient of First Home Health Agency on March 21, 1996. While he is a patient, he received skilled nursing and physical therapy services which are covered under title XVIII and home delivered meals service which are not covered under title XVIII. Mr. Washington is discharged June 22, 1996. Mr. Washington is readmitted to the First Home Health Agency on October 25, 1996, and received only skilled nursing services covered under title XVIII. The First Home Health Agency is a calendar year provider. Count Mr. Washington twice as a patient for skilled nursing services in column 3, line 1, once as a physical therapy patient in column 3, line 2, and once on the "All Other Services" line in column 6, line 7, for the home delivered meals service. In addition, count Mr. Washington once on the unduplicated census count for title XVIII (column 3, line 9), once on the unduplicated census count for "Other" (column 6, line 9), and once on the unduplicated census count for "Total" (column 9, line 9).

Line 6.--Enter the number of hours applicable to home health aide services in columns 1, 4, and 7.

Line 7.--Enter in columns 5 and 8 the total of all other visits. Enter in columns 6 and 9 the patient count applicable to visits furnished by the agency but which are not reimbursable by title XVIII.

Line 8.--Enter in column 2, line 8 the sum of lines 1 through 6. Enter in column 5, line 8 the sum of lines 1 through 7. Enter in column 8, line 8 the sum of columns 2 and 5.

Line 9.--Enter on line 9 in the appropriate column the unduplicated count of all patients receiving home visits or the care provided by employees of the agency or under contracted services for the entire reporting period. Enter on line 9.01 in the appropriate column the unduplicated count of all patients receiving home visits or other care provided prior to October 1, 2000, by employees of the agency or under contracted services during the reporting period. Enter on line 9.02 in the appropriate column the unduplicated count of all patients receiving home visits or other care provided on or after October 1, 2000, by employees of the agency or under contracted services during the reporting period. (Beneficiaries who receive services before and after October 1, 2000, must be included in both unduplicated census counts before and after October 1, 2000. The sum of lines 9.01 and 9.02 may not necessarily equal line 9.) For cost reporting periods beginning on or after October 1, 2000, do not subscript line 9 as all unduplicated census count data is entered online 9. Count each individual only once. However, because a patient may be covered under more than one health insurance program, the total census count may not be equal the sum of the Title XVIII and all other census counts. For the purpose of calculating the unduplicated census count, if a beneficiary has received health care in more than one Metropolitan Statistical Area (MSA), you must prorate the unduplicated census count based on the ratio of visits provided in an MSA to the total visits furnished to the beneficiary so as to not exceed a total of (1). For example, if an HHA furnishes 100 visits to an individual beneficiary in one MSA during the cost reporting period, and the same individual received a total of 400 visits (the other 300 visits were furnished in other MSAs during the cost reporting period), the reporting HHA would count the beneficiary as a .25 (100 divided by 400) in the unduplicated census count for Medicare patients for the cost reporting period. Round the result to two decimal places, e.g., .2543 is rounded to .25. **A provider is also to query the beneficiary to determine if he or she has received health care from another provider during the year, e.g., Maryland versus Florida for beneficiaries with seasonal residence.**

3511.2 Part II - Employment Data.--

Lines 1 through 15 --Lines 1 through 15 provide statistical data related to the human resources of the HHA. The human resources statistics are required for each of the job categories specified in lines 1 through 15. Enter any additional categories needed on lines 13 to 15.

Enter the number of hours in your normal work week in the space provided.

Report in column 1 the full time equivalent (FTE) employees on the HHA's payroll. These are staff for which an IRS Form W-2 is issued.

35.22
02-03

FORM CMS 2540-96

Rev. 11
3511.3

Report in column 2 the FTE contracted and consultant staff of the HHA.

Compute staff FTEs for column 1 as follows. Divide the sum of all hours for which employees were paid by 2080 hours. Round to two decimal places, e.g., round .62244 to .62. Compute contract FTEs for column 2 as follows. Divide the sum of all hours for which contracted and consultant staff worked by 2080 hours.

If employees are paid for unused vacation, unused sick leave, etc., exclude the hours so paid from the numerator in the calculations.

Lines 16 and 17. - Enter the total number of Metropolitan Statistical Areas (MSAs) served by this provider for this cost reporting period. List each MSA code on line 17.

3511.3 Part III – Compilation of PPS Activity Data.--

In accordance with 42 CFR §413.20 and §1895 of the Social Security Act, home health agencies are mandated to transition from a cost based reimbursement system to a prospective payment system (PPS) effective for home health services rendered on or after October 1, 2000.

The statistics required on this worksheet pertain to home health services furnished on or after October 1, 2000. The data to be maintained, depending on the services provided by the agency, includes the number of aggregate program visits furnished in each episode of care payment category for each covered discipline, the corresponding aggregate program charges imposed in each episode of care payment category for each covered discipline, total visits and total charges for each episode of care payment category, total number of episodes and total number of outlier episodes for each episode of care payment category, and total medical supply charges for each episode of care payment category.

All data captured in Part III of this worksheet must be associated only with episodes of care which terminate during the current fiscal year for payment purposes. Similarly, when an episode of care is initiated in one fiscal year and concludes in the subsequent fiscal year, all data required in Part III of this worksheet associated with that episode will appear in the fiscal year on the PS&R in which the episode of care terminates.

HHA Visits--See Part I of this section for the definition of an HHA visit.

Episode of Care--Under home health PPS, the 60 day episode is the basic unit of payment where the episode payment is specific to one individual beneficiary. Beneficiaries are covered for an unlimited number of non-overlapping episodes. The duration of a full length episode is 60 days. An episode begins with the start of care date and must end by the 60th day from the start of care.

Less than a full Episode of Care--

When 4 or fewer visits are provided by the HHA in a 60 day episode period, the result is a Low Utilization Payment Adjustment (LUPA). In this instance, the HHA is reimbursed based on a standardized per visit payment.

An episode may end before the 60th day in the case of a beneficiary elected transfer, or a discharge and readmission to the same HHA (including for an intervening inpatient stay). This type of situation results in a Partial Episode Payment (PEP) adjustment.

When a beneficiary experiences a Significant Change in Condition (SCIC) and subsequently, but within the same 60 day episode, elects to transfer to another provider, a SCIC within a PEP occurs.

A SCIC adjustment occurs when a beneficiary experiences a significant change in condition, either improving or deteriorating, during the 60 day episode that was not envisioned in the original plan of care. The SCIC adjustment reflects the proportional payment adjustment for the time both before and after the beneficiary experienced the significant change in condition during the 60 day episode.

Use lines 1 through 12 to identify the number of visits and the corresponding visit charges for each discipline for each episode payment category. Lines 13 and 14 identify the total number of visits and the total corresponding charges, respectively, for each episode payment category. Line 15 identifies the total number of episodes completed for each episode payment category. Line 16 identifies the total number of outlier episodes completed for each episode payment category. Outlier episodes do not apply to 1) Full Episodes without Outliers 2) LUPA Episodes. Line 17 identifies the total medical supply charges incurred for each episode payment category. Column 7 displays the sum total of data for columns 1 through 6. The statistics and data required on this worksheet are obtained from the provider statistical and reimbursement (PS&R) report and pertain only to services rendered on or after October 1, 2000.

Columns 1 through 6--Enter data pertaining to Title XVIII patients only for services furnished on or after October 1, 2000. Enter, as applicable, in the appropriate columns 1 through 6, lines 1 through 12, the number of aggregate program visits furnished in each episode of care payment category for each covered discipline and the corresponding aggregate program visit charges imposed for each covered discipline for each episode of care payment category. The visit counts and corresponding charge data are mutually exclusive for all episode of care payment categories. For example, visit counts and the corresponding charges that appear in column 4 (PEP only episodes) will not include any visit counts or corresponding charges that appear in column 5 (SCIC within a PEP) and vice versa. This is true for all episode of care payment categories in columns 1 through 6.

Line 13--Enter in columns 1 through 6 for each episode of care payment category, respectively, the sum total of visits from lines 1, 3, 5, 7, 9, and 11.

Line 14--Enter in columns 1 through 6 for each episode of care payment category, respectively, the sum total other of charges for all unspecified services reimbursed under PPS.

Line 15--Enter in columns 1 through 6 for each episode of care payment category, respectively, the sum total of visit charges from lines 2, 4, 6, 8, 10, 12, and 14.

Line 16--Enter in columns 1 through 6 for each episode of care payment category, respectively, the total number of episodes of care rendered and concluded in the provider's fiscal year.

Line 17--Enter in columns 2 and 4 through 6 for each episode of care payment category identified, respectively, the total number of episodes of care rendered and concluded in the provider's fiscal year. Outlier episodes do not apply to columns 1 and 3 (Full Episodes without Outliers and LUPA Episodes, respectively).

Line 18-- Enter in columns 1 through 6 for each episode of care payment category, respectively, the total **non-routine medical supply** charges for services **relating to episodes of care** rendered and concluded in the provider's fiscal year.

Column 7-- Enter on lines 1 through 18, respectively, the sum total of amounts from columns 1 through 6.

Lines 1 and 2.--Enter the full address of the RHC/FQHC.

Line 3.--For FQHCs only, enter your appropriate designation (U = urban or R =rural). See §505.2 of the RHC/FQHC Manual, CMS Pub. 27, for information regarding urban and rural designations. If you are uncertain of your designation, contact your intermediary. RHCs do not complete this line.

Lines 4 through 9.--In column 1, enter the applicable grant award number(s). In column 2, enter the date(s) awarded.

Line 10.--Subscript line 10 as needed to list all physicians furnishing services at the RHC/FQHC. Enter the physician's name in column 1, and the physician's Medicare billing number in column 2.

Line 13.--Enter the starting and ending hours for each applicable day(s) in the columns for the clinic services provided. If the facility provides other than RHC or FQHC services (e.g., laboratory or physician services), subscript line 13 and enter the type of operation on each of the subscripted lines. Enter in each column the starting and ending hours for the applicable day(s) that a facility is available to provide other than RHC/FQHC services.

NOTE: Line 13 must still be completed even if the facility answers NO to the question on line 12.

Line 15. --Is this a consolidated cost report? If yes, enter the provider names, addresses and provider numbers for all providers included in this cost report. (See CMS Pub.27 §508.D.)
