

**SUPPORTING STATEMENT  
REG-209682-94**

**1. CIRCUMSTANCES NECESSITATING COLLECTION OF INFORMATION**

Section 754 of the Code allows partnerships to make an election which requires adjustments to the basis of partnership property following certain transfers of partnership interests under §743.

Section 743(b) places the responsibility for making the basis adjustments on the partnerships. Nonetheless, while the partnerships are required to make and allocate the basis adjustments, under the regulations the transferee partners are required to report the basis adjustments. Transferee partners accomplish this by attaching statements to their returns that show how the § 743(b) adjustment was determined and how the adjustment was allocated among the various partnership properties.

The regulations clarify that partnerships are required to make the basis adjustments. In addition, the regulations shift the responsibility for reporting the basis adjustments from the transferee partners to the partnerships. Partnerships will report basis adjustments by attaching statements to their partnership returns when they acquire knowledge of transfers subject to § 743. In addition, partnerships are required to adjust specific partnership items in light of the basis adjustments. Consequently, amounts reported on the transferee partner's Schedule K-1 will be adjusted amounts.

**2. USE OF DATA**

The information collection enables the Internal Revenue Service to determine whether the amount of a partner's income tax liability has been correctly computed.

**3. USE OF IMPROVED INFORMATION TECHNOLOGY TO REDUCE BURDEN**

We have no plans to offer electronic filing. IRS publication, regulations, notices and letters are to be electronically enabled on an as practicable basis in accordance with the IRS Reform and Restructuring Act of 1998.

**4. EFFORTS TO IDENTIFY DUPLICATION**

We have attempted to eliminate duplication within the agency wherever possible.

**12. ESTIMATED BURDEN OF INFORMATION COLLECTION**

Section 1.732-1(c)(5) of the final regulations requires partnerships to provide transferees of partnership interests with such information as is necessary for the transferees properly to compute basis adjustments made under section 732(d). This information must be provided if a transferee notifies a partnership that it plans to make the election under section 732(d), or if a partnership makes a distribution subject to the mandatory application of section 732(d). We estimate that 1000 partnerships will be required to provide the information each year, and that it will take each partnership approximately 4 hours, on average to comply with the reporting requirement. The total burden for this reporting requirement is 4,000 hours.

Section 1.743-1(b) provides that a partnership must adjust the transferee partner's interest in the basis of partnership property. Because these basis adjustments will affect the partner's share of depreciation or amortization deductions and amounts of gain or loss on the disposition of certain items of partnership property, the partnership must prepare and maintain special entries on its books. However, in many cases, partnership books are maintained using computer software that can prepare and maintain these special entries after the initial year. We estimate that 150,000 partnerships will maintain the adjustments, and it will take each partnership approximately 4 hours, on average, to comply with the recordkeeping requirement. The total burden for this recordkeeping requirement is 600,000 hours.

Section 1.743-1(k)(1) provides that a partnership that must adjust the bases of partnership properties under section 743 must attach a statement to the partnership return for the year of the transfer setting forth the name and taxpayer identification number of the transferee as well as the computation of the adjustment and the partnership properties to which the adjustment has been allocated. We estimate 75,000 partnerships will be required to adjust the basis of partnership property each year and that it will take each partnership approximately 3 hours, on average to comply with the reporting requirement. The total burden for this reporting requirement is 225,000 hours.

Section 1.743-1(k)(2)(i) provides that a transferee that acquires, by sale or exchange, an interest in a partnership with an election under section 754 in effect must notify the partnership, in writing, within 30 days of the sale or exchange (or, if earlier, by January 15 of the calendar year following the calendar year in which the sale or exchange occurred). The written notice to the partnership must include the names and addresses of both parties to the sale or exchange, the taxpayer identification numbers of the transferee and (if known) of the transferor, the date of the transfer, and the amount of any money and the fair market value of any other property delivered for the transferred

interest in the partnership. We estimate 37,500 partners will be required to provide the notice each year and that it will take each partner approximately 1 hour, on average to comply with the reporting requirement. The total burden for this reporting requirement is 37,500 hours.

Section 1.743-1(k)(2)(i) provides that a transferee that acquires, on the death of a partner, an interest in a partnership with an election under section 754 in effect must notify the partnership, in writing, within one year of the death of the deceased partner. The written notice to the partnership must include the names and addresses of the deceased partner and the transferee, the taxpayer identification numbers of the deceased partner and the transferee, the date on which the transferee became the owner of the partnership interest, the fair market value of the partnership interest on the applicable date of valuation set forth in section 1014, and the manner in which the fair market value of the partnership interest was determined. We estimate 37,500 partners will be required to provide the notice each year and that it will take each partner approximately 1 hour, on average to comply with the reporting requirement. The total burden for this reporting requirement is 37,500 hours.

Section 1.751-1(a)(3) provides that a partner selling or exchanging any part of an interest in a partnership that has any section 751 property at the time of sale or exchange must submit with its income tax return for the taxable year in which the sale or exchange occurs a statement setting forth separately the: (i) The date of the sale or exchange; (ii) The amount of any gain or loss attributable to the section 751 property; and (iii) The amount of any gain or loss attributable to capital gain or loss on the sale of the partnership interest. This reporting requirement is approved under OMB #1545-0941.

We estimate the total annual burden to be 904,000 hours.

Estimates of the annualized cost to taxpayers for the hour burdens shown are not available at this time.

### **13. ESTIMATED TOTAL ANNUAL COST BURDEN TO RESPONDENTS**

As suggested by OMB, our **Federal Register** notice dated December 28, 2006 (71 FR 78273), requested public comments on estimates of cost burden that are not captured in the estimates of burden hours, i.e., estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. However, we did not receive any response from taxpayers on this subject. As a result, estimates of the cost burdens are not available at

this time.

**14. ESTIMATED ANNUALIZED COST TO THE FEDERAL GOVERNMENT**

Not applicable.

**15. REASONS FOR CHANGE IN BURDEN**

There is no change in the paperwork burden previously approved by OMB. We are making this submission to renew the OMB approval.

**16. PLANS FOR TABULATION, STATISTICAL ANALYSIS, AND PUBLICATION**

Not applicable.

**17. REASONS WHY DISPLAYING THE OMB EXPIRATION DATE IS INAPPROPRIATE**

We believe that displaying the OMB expiration date is inappropriate because it could cause confusion leading taxpayers to believe that the regulation sunsets on the expiration date. Taxpayers are not likely to be aware that the Service intends to request renewal of the OMB approval and obtain a new expiration date before the old one expires.

**18. EXCEPTIONS TO THE CERTIFICATION STATEMENT ON OMB FORM 83-I**

Not applicable.

Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law.
