Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this

opportunity to comment on a proposed revised information collection. In accordance with the Paperwork Reduction Act of 1995, this notice seeks comments concerning the National Flood Insurance Program (NFIP) Community Rating System (CRS) Coordinator's Manual, accompanying worksheets and application form. The CRS Coordinator's Manual is the primary document used by CRS participating communities that describes the CRS program and the community-based floodplain management activities performed by participating communities.

SUPPLEMENTARY INFORMATION: The NFIP CRS was established by Congress in section 541, Community Rating System and Incentives for Community Floodplain Management, of the National Flood Insurance Reform Act of 1994. The CRS was established to (1) Reduce flood losses; (2) facilitate accurate insurance rating, and; (3) promote the awareness of flood insurance. The CRS encourages these goals by providing flood insurance premium discounts to policy holders in those communities that implement activities and programs that directly support the goals stated above. Communities are only eligible to participate in the CRS if they have been found to be compliant with the

floodplain management requirements of the NFIP, as determined by the applicable FEMA Regional Office. The data collected from CRS communities, as described in the CRS Coordinator's Manual and by using the worksheets, is used and is necessary to evaluate if the community is implementing the activities to which it has agreed.
